

## Orangemen Crowd St. Paul's Church For Special Service on Sunday

Rev. A. E. Baker Delivers  
Thought-Provoking Sermon  
— Special Music By Choir

The Stirling Band under Bandmaster Maurice Bell led the annual church parade of the Stirling Orange Lodges to St. Paul's United Church last Sunday. So great was the attendance that every sitting in the church was used.

Fred Bateman, Deputy Grand Master Ontario East, brought greetings to all present and expressed the thanks of the order to the officials of the church and the choir and youthful singers Janet and Charles Reynolds and to Archie Sinclair, County Chaplain, who read the New Testament Lesson.

Rev. A. E. Baker based his message on Rom. 1-17 "The just shall live by faith." He exhorted the erection and maintenance by Orangemen of the altars of loyalty and liberty and urged them to press on to the achievement of their ideals one school — one flag — a united Canada. Mr. Baker said the order might add one church and observed that Protestants would do well to pick the beam out of their own eyes (allusion to demonism and ecstasism) before picking the mote out of Roman Catholic eyes. We have learned to eat, play, work and fight together when necessary. We can gather in our lodges and homes happily. Let us learn to worship together and answer the Master's prayer that "they may be one."

Mr. Baker declared that in lodge and church regalia or vestments were secondary to the things of the spirit. They were helpful only as vehicles.

He commended the fraternal and benevolent work of the order and urged its support by all loyal liberty-loving men and women. He warned however against those excesses which sometimes discredited the order counselling the discipline of honour and self respect.

A small crucifix which was sent to Mr. Baker by a Roman Catholic society promising indulgences was given as a souvenir to the Deputy Grand Master. Mr. Baker urged a more correct use for the word Catholic declaring that it was the property of all Christendom and should be used in conjunction with such designations as Holy, Roman or Greek.

The lady members were most beautiful with their orange sashes, though greatly outnumbered by the brethren. Pedestal vases were attractive with seasonal flowers tastefully arranged by Mrs. R. B. Duffin. Other floral tributes came from Mrs. Arthur Rodgers and Mrs. E. Reynolds, while gorgeous crimson and pink roses were the thoughtful gift of Mrs. J. H. Beatty, who also gave the lovely white pulpit rose. The Union Jack was laid upon the altar.

Glorious congregational singing, "The Lost Chord," ably interpreted by a full choir and the presence of many visitors all went to make Dominion Day Sunday in Silver Jubilee year a memorable one at St. Paul's.

## Bulldozer At Work

A bulldozer operated by A. Ray and K. Belcour was at work in Rawdon Creek on Tuesday, clearing a channel west of the upper bridge and filling in a hole at the foot of the dam.

The ditch running from Victoria St. to the rear of McGee's Hardware property was also brushed and cleaned out on Monday.

## Bowling Notes

Two pairs of local bowlers, Mr. and Mrs. Walter Elliott and Dr. E. A. Carleton and daughter, Grace, participated in the mixed Doubles Tournament sponsored by the Belleville Club on Saturday. Neither pair got into the prize money.

In a challenge game Monday night, Bob Hulin and Alf Livingstone, skip, defeated Rev. A. J. Anderson and Earl Fox, skip, to gain possession of the Club's Doubles Trophy. This competition is open to any bowler in the club, providing he has a beginner as a partner. Lets go fellows!

Yesterday Mr. and Mrs. C. A. Wells and Mr. and Mrs. Walter Elliott; Mrs. E. Green, Mrs. E. Fox, A. Livingstone and F. R. Mallory attended a mixed rinks tournament at Campbellford.

## Fell In Barn Has Broken Hip

Arnold Wannamaker, proprietor of the Stirling Dairy, is a patient in the Belleville Hospital, suffering from a broken left hip, sustained in a fall on Tuesday afternoon. At the time of the accident the injured man was assisting his son-in-law, Ernest Lake, in hay operations when he slipped and fell from a beam to the barn floor, a distance of some twelve feet. He was taken to hospital by ambulance and at time of going to press is said to be resting as comfortably as could be expected.

## Teachers' Course

Miss Doris Pollock, of Harold, and Miss Thyra Rose, of Frankford, left Saturday for North Bay, where they will take a five weeks' Department of Education Course for teachers. They were accompanied by Mr. and Mrs. Lindsay Pollock, who spent the weekend in North Bay.

## Buys Home Site

A real estate deal of interest was completed recently when Jas. V. Holt, of town, purchased two lots from Harry Potter on the corner of James and Elizabeth Streets, and one and a third lots from Roscoe Wright, on Elizabeth St. Mr. Holt plans to erect a modern home on the site.

## Passes Music Exams

Congratulations to Barbara Melkile, daughter of Mr. and Mrs. Granville Melkile, Springbrook, who passed her Grade II Theory in music with first class honours, having a percentage of 93. Barbara is a pupil of Miss Grace Pitman, A.T.C.M., of Stirling.

## Sells Grocery

James Cranston has disposed of his grocery business on Mill St. to Mr. E. G. Curry, of Markham. Mr. and Mrs. Curry, who formerly lived in Tweed before going to Markham, moved into one of the Cranston apartments this week and expects to open his grocery next week.

## Engagement

Mr. Harold Johnson, Stirling, wishes to announce the engagement of his daughter, Eleanor Doris, to Gerald Robert Morrison, son of Mr. and Mrs. Arthur Morrison, Stirling. The marriage will take place quietly the latter part of July.

## Midget Softball

West Huntingdon maintained their position at the head of the district Midget Softball League on Saturday night when they defeated Minto by a score of 15 to 8 at the local Recreational Centre.

The winners took the lead in the first inning with a three-run rally and were never headed. They added two each in the second and third, seven in the fourth and one in the fifth innings. Minto scored one in the first, two in the second, three in the third and two in the fourth.

Cooke and Twiddy formed the battery for the winners, with the former giving up 12 hits, while Colden and Ray were the battery for the losers. Sixteen hits were given up by the former.

**Tie Game**  
Stirling Rotary and Glen Ross battled to a 14-14 tie in the second game of the doubleheader.

**Frankford Wins**  
Frankford overwhelmed the Stirling Merchants at Frankford on the same night by a score of 47 to 8. Burkitt was on the mound for the winners while Eggleton and Phillips divided the pitching chores for the locals.

**League Standing**

	Won	Lost	Tied
West Huntingdon	4	1	0
Frankford	3	2	0
Minto	3	2	0
Stirling Merchants	3	2	0
Stirling Rotary	1	3	1
Glen Ross	0	4	1

## SPRINGBROOK W.A. LAWN SOCIAL

On Wednesday, June 28th, on the grounds of the Rawdon Recreation Centre, the Springbrook Women's Association held a very successful lawn social.

### Ball Diamond Officially Opened

The ball diamond of the Rawdon Recreation Centre was officially opened by the executive. Reeve Wilfred Spencer pitched the first ball, Granville Melkile, the treasurer, took first place at bat, and Frank Cosbey, secretary, acted as catcher, while George E. Thompson made a few remarks suitable for the occasion.

Immediately following this, a lively game of softball was played by the Minto and Rylstone teams, the latter winning by a slight margin.

The grounds were decorated and well lighted for the occasion. The chief attraction of the evening was the Stirling Citizens' Band under the able leadership of Maurice Bell. They provided a well-balanced evening's entertainment. There were many attractions for youngsters including pony rides and a fish pond. The ice cream parlour enclosed by evergreens and under the management of the Junior Adult Class, did a thriving business during the evening in all kinds of ice cream sundaes, including the strawberry.

Lunch was served to all during the evening and, in addition, the home cooking found ready sale. The committee in charge were very well pleased with the evening's receipts.

## Hand Badly Lacerated On Saw

Victor Taylor, Rawdon Township farmer, had his right hand badly lacerated when it came in contact with a saw he was operating at his farm home, near Wellman's, on Monday morning. The injured man was attended by Dr. W. Cornett, of Stirling, and later taken to Belleville Hospital, where he is still a patient.

## Local Happenings of Interest About Town

Miss Jean McIntosh spent the week-end with Miss Joan Hoard, at Hoard's.

Miss Jeandot Villetorte is visiting friends in Bala, Muskoka.

Week-end visitors of Mr. and Mrs. Frank Saries were Mrs. Harry Roberts and son, James, of Detroit, Mich.

Mr. and Mrs. X. P. Mayhew and family spent several days this week with relatives at Renfrew.

Mr. Robert Kerr, of Montreal, spent the week-end with his mother, Mrs. R. Kerr.

Mr. and Mrs. A. Abernethy and Mr. and Mrs. Douglas Patterson are camping this week at Glen Ross.

Mrs. N. E. Eggleton spent several days this week with Mr. and Mrs. Ed McKeown, at Papineau Lake.

Mr. Carl Cooke, of Toronto, was a week-end guest of his mother, Mrs. Henry Cooke.

Miss Shirley Heckman, Peterboro, was a week-end guest of Mr. and Mrs. Earl Dufoe.

Mrs. W. A. Holbert, of Thomasburg, spent the past week with her sister, Mrs. A. Setverson.

Mr. and Mrs. Geo. Dunham, Toronto, are guests of Mr. and Mrs. C. R. Bastedo.

Miss Lillian Matthews, of Cobourg, spent the tea hour on Thursday last with Mr. and Mrs. Clifford Cain.

Mr. and Mrs. John Svoboda and family and Miss Vera Stapley, of Penetang, are spending their holidays with Mrs. R. Stapley.

Rev. Wm. McGee, of Kingston, is spending three weeks' vacation with his parents, Mr. and Mrs. J. C. McGee.

Mr. and Mrs. Donald Cinnamon and family, Messrs. Ray and Keith Guy, of Winchester, spent Sunday with Mr. and Mrs. C. Davidson and family.

Misses Mildred Morton, Nancy Chumbley, and Shirley Dunham, of Wellmans, are attending Joy Bible Camp, near Bancroft, this week.

Mr. and Mrs. E. T. Ward left Saturday to spend two weeks' vacation with Mr. and Mrs. G. C. Crampton, at Innisville, Ont.

Mr. and Mrs. E. A. Carleton and daughter, Grace, left Monday to holiday at Papineau Lake, North Hastings, and North Bay.

Mr. and Mrs. Orval Casement, of

## RYLSTONE VICTORS OVER GLEN ROSS

Rylstone scored a 13 to 4 victory over Glen Ross in a District Softball League fixture on Tuesday night. The game was part of a doubleheader, (Minto and Stirling Juniors hooking up in the second game), and was witnessed by a very slim crowd of fans.

C. Anderson was on the mound for the winners, while R. Pyear and Jack Armstrong divided the pitching chores for Glen Ross. In addition to pitching an excellent game, Anderson had three hits, one a triple, for the winners and scored three runs.

Rylstone opened the scoring with two in the first and added six in a big second inning when all hands wet to bat, to take a commanding lead. They added two in the third, one in the fourth and two in the fifth. Glen Ross took a temporary lead in the first with three runs and added one in the second to complete their scoring.

J. Wilson and M. Heath, with homers, Anderson and D. Reid, with triples, were the heavy hitters for the winners, while Doug Pyear with a pair of doubles and Paul Stewart, with a triple, were the leading swatsmiths for Glen Ross.

The fielding feature was provided by Reid, the Rylstone shortstop, who went far back into short left field in the third inning to make a great catch on a fly ball by Zufeit.

Rylstone — D. Reid, s.s.; J. Reid, 3b; C. Anderson, p; C. Petherick, rf; M. Heath, cf; J. Wilson, 1b; W. Finch, 2b; Reid, lf; G. Morton, c; Glen Ross — R. Pyear, p and 2b; D. Pyear, s.s.; C. Phillips, c; G. Pyear, 1b; J. Armstrong, p; Zufeit, 3b; Loshaw, lf; Stewart, cf; Ray, rf.

Rylstone	2	6	2	1	2	—13
Glen Ross	3	1	0	0	0	—4

## Marking Papers

Principal J. L. Good and Mrs. Gordon Bailey, of the Stirling High School Staff, are marking Departmental Examination papers in Toronto.

Oshawa, visited Mr. and Mrs. Clifford Cain and other friends in town on Saturday, July 1st.

Mr. and Mrs. Gerald Sprentall, of Toronto, are spending their vacation at the "Rainbow" Fishing Camp, Glen Ross.

Wayne Calver, of Nananee, is holidaying with his grandparents, Mr. and Mrs. A. Stevenson and Mr. and Mrs. Clarke Rodgers and Heather.

Mr. and Mrs. C. Conrad Clark, of Victoria, B.C., are spending this week at "Hillsholme," guests of Mrs. J. H. Beatty.

Mr. and Mrs. Roy Eggleton and family left this (Thursday) morning on a month's motor trip through Western Canada and United States.

Mrs. Frank Saries and Bobby Taylor, of Stirling, left Sunday on a 9,000-mile bus trip through Western Canada and the United States. The trip is for school teachers only and is sponsored by the Alberta Recreational Society, with headquarters at Unionville, Ont.

Some of the main points of interest to be visited on the trip, which lasts for 52 days, are the Calgary Stampede, Banff National Park, Vancouver, Victoria, Crater Lake, the Redwoods, San Francisco, Los Angeles, Grand Canyon, Salt Lake City and Yellowstone Park.

Recent callers on Mr. and Mrs. Frank Saries were Mr. Melville Dickens, Mrs. Gertie Dickens and Mrs. Art Dickens and daughter, of Belleville; Mr. Will Stapley and Mr. Murney Stapley, of Madoc Junction.

Petty Officer 2/c — John A. Hermiston, of H.M.C.S. "Shearwater," Dartmouth, N.S., is on leave at his home here. P.O. 2/c Bert Williamson travelled with him and spent the holiday here before going to his home in Sarnia.

Recent callers at the home of Mr. and Mrs. C. M. Sine and Mrs. Rebecca Sine were Mr. and Mrs. Frank Heagle, Gerald and Muriel, of Hoards; Mr. and Mrs. Lorne Badgley, Mr. and Mrs. Milton Seward, of Sidney; Mr. and Mrs. Hugh Badgley, of Frankford; Mr. Garth Sine, of Foxboro; Miss June Coulter, of Belleville; Mr. and Mrs. Douglas Harris, of Rochester, N.Y.; Mrs. Flossie Laycock, of Sine, and Rev. and Mrs. H. C. Vacilavik, of Stirling.

## Council Gives Contract For Erection of Street Signs In The Village

### Grave of Missing Son Located

Mr. and Mrs. Frank Wood, Ridge Road, have received word from the R. C.A.F. Casualties Officer that the grave of their son, WO2 John K. Wood, is located in the Bergen-op-Zoom British Military Cemetery in Holland.

WO2 Wood was reported "missing" in air operations over Germany on June 22nd, 1943, and it is through the efforts of the R.A.F. and Dominion Missing Research and Enquiry Service that his grave, together with the other four members of the crew, has been located.

### Engagement

Mr. and Mrs. Clarence Dunham, of Harold, Ontario, announce the engagement of their eldest daughter, June Lorraine, to Hubert Warren, only son of Mr. and Mrs. W. Warren, of Glace Bay, Nova Scotia. The marriage will take place the latter part of July.

### Assisted At Induction Service

Rev. W. H. V. Walker attended the Induction Service in St. Andrew's Church, Picton, last Tuesday evening, when Rev. Wallace McClean, of Victoria Harbour, was inducted as the minister.

Rev. Walker gave the address to the congregation. Mrs. Walker also attended.

### Taking Course

Mrs. Chas. Vance is in Guelph this week attending a course at the Department of Horticulture, Ontario Agricultural College. The course is devoted to mass design work which includes funeral work, wedding arrangements, corsages, baskets, hospital novelties, etc.

### Birthday Party

A surprise birthday party was given Mrs. Frank Saries Wednesday evening, the occasion being her 65th birthday. Those present were Mrs. Harry Roberts and son, James, of Detroit, Mich.; Mr. and Mrs. T. A. Eggleton; Mrs. Henry Bell, and Mr. and Mrs. Henry Burrell, all of Stirling.

### On 9,000 Mile Bus Trip

Miss Lillian Matthews, daughter of Mr. and Mrs. Vernon Matthews, Ridge Road, left Sunday on a 9,000-mile bus trip through Western Canada and the United States. The trip is for school teachers only and is sponsored by the Alberta Recreational Society, with headquarters at Unionville, Ont.

Some of the main points of interest to be visited on the trip, which lasts for 52 days, are the Calgary Stampede, Banff National Park, Vancouver, Victoria, Crater Lake, the Redwoods, San Francisco, Los Angeles, Grand Canyon, Salt Lake City and Yellowstone Park.

### Tweed Man Injured In Car Accident Here

Archie Sinclair, of Tweed, sustained a double fracture of his left leg in an auto accident at Green's Corner on the Stirling-Campbellford road just west of this village last night.

According to the police, the driver lost control of the car when it hit some loose gravel on the curve and took the ditch. When the car door flew open Sinclair fell out and was dragged several feet.

Dr. W. Cornett gave the injured man attention and later had him removed to Belleville Hospital.

Lieut. Heron of the Salvation Army, Mrs. Heron and Mrs. Sinclair were the other occupants of the car. Provincial Constable Jack Hatch and Chief S. Eggleton investigated the accident.

### To Ask Engineer For Survey of Drainage System on South Side of Front St. W.

Street signs are to be erected in the village according to a decision reached by Council at its regular meeting on Monday night. The contract was awarded to Stirling Lumber Co., which agreed to purchase the signs and erect them for the sum of \$375.00.

Reeve H. J. Wells presided and all members of Council were in attendance.

A communication was tabled from the Ontario Municipal Board re Council's request for permission to issue debentures for a new public school, advising that the matter was being discussed with the Ontario Department of Education.

J. V. Holt advised Council that he had purchased several lots on Elizabeth and Henry Sts., on which he planned building a home and requested some assistance in cutting down a grade on Elizabeth St. Council agreed to give him 2 hours time with a bulldozer to cut down the grade providing the operations didn't interfere with the water mains.

Mr. Holt also addressed Council relative to the drainage ditch crossing Front St. West and it was decided to write Harvey Small, District Engineer, relative to having a survey made.

Monday, August 7th, will be observed as Civic Holiday in Stirling, and Reeve Wells was authorized to issue a Proclamation for the same.

On motion of Councillors Montgomery and Bradshaw, the Reeve and Councillor Elliott were authorized to purchase fifty chairs for the Community Hall, at once.

On motion of Councillors Bailey and Elliott the Clerk was authorized to write letters of thanks to Hon. G. Doucet, Ontario Minister of Highways, and E. Sandbrook, M.P.P., for their co-operation in the connecting link between Highway No. 33 and the new Highway from Hoard's to Stirling.

On motion of Councillors Elliott and Montgomery the United Church was granted use of the Theatre on October 2nd, 3rd, 4th and 5th for a fee of \$30.00.

The following accounts were paid: Stirling Hydro, \$247.48; Hatton Hardware, \$12.14; A. Somberg, \$30.00; Ewart Bailey, grain and cultivating Cemetery, \$34.50; B. Reiner & Co., \$6.00; A. Hadley, \$40.25; F. R. Mallory, stamps, \$5.00; C. B. Rollins, \$6.25; Sidney Mason, \$9.00; J. R. Geen, \$12.00; McIntosh & Wells, \$2.78; Sam Bowen, \$96.86; F. R. Armstrong, \$15.00; Bell Telephone, \$6.00.

### Teacher Honoured

On Thursday evening of last week Mrs. Geo. Williams, teacher of S.S. No. 5, Rawdon, for the past seven years had a get-together party. All her pupils were present, some of her former pupils and the parents of a number of the children. There was a short programme of songs and recitations by the pupils after which Mrs. Gordon Webb read an address expressing the regret of all that Mrs. Williams finds it necessary, on account of her health, to give up the teaching profession.

It was noted that some of the children had completed their entire public school education under her instruction. On behalf of the pupils and parents Mrs. Wm. E. Neal presented Mrs. Williams with a large wall mirror. In thanking all for this kind remembrance, Mrs. Williams remarked that in this school she had received such wonderful co-operation from the parents and such good attendance by the pupils.

Lunch was served to all, Mrs. Williams' contribution being ice cream and fruit punch.

### COMING EVENTS

LAWN SOCIAL CARMEL UNITED Church, Thursday, July 13th, auspices W.A. Fish pond and attractions. Ball game. Lunch served. Admission 35c. 36-1

DANCING EVERY FRIDAY NIGHT to Jack Rose's Orchestra at the Riviera (formerly Elm Inn) at Glen Ross. Admission 50c — 9:30 to 1:00 31-1

## Cast For The "Gypsy Rover"

To meet a widespread interest in the forthcoming production of the "Gypsy Rover" the list of participants follows: Meg, Mrs. Harry Brown; Zara, Miss Helen Stapley; Marto, Russell Pyear; Sinfo, Harold Hagerman; Rob, Bill Reynolds; Lady Constance, Mrs. Walter Warren; Lord Craven, Bob Patterson; Sir George Martindale, Harry Brown; Nina, Joan Stapley; Capt. Jerome, Jack Bush; Sir Toby Lyon, Bryce Philip; Mr. McCorkle, Meighen Rodgers; Jackey, Roy Tucker.

Boys — Allen Wells, Peter Heasman, Ralph Carlisle.

Girls — June Sleeper, Janet Ann Good, Thelma Stewart.

Girl's Chorus — Mrs. Lenora West, Marabelle West, Verna Brown, Evelyn Lancaster, Marlene Carlisle, Janet Reynolds, Maureen Coulter, Mrs. Jessie Warren, Catherine Heasman.

Double Chorus — Marabelle West,

Ross Bradshaw, Mrs. Jessie Warren, Ted Reynolds, Verna Brown, W. Aylesworth, Mrs. Lenora West, Bert Jones, Janet Reynolds, Roy Tucker, Mrs. Wm. Wilkins, Douglas Pyear.

Full Chorus — All members of the choir including Mrs. Black, Irma Campbell, Mrs. Macklin, Mrs. Thain, Mrs. Heasman, Mrs. Stapley, Mrs. Bronson, Ruth Welburne, Joan Green and new and returning members of the choir.

The second night the following arrangement has been made: Meg, Mrs. Jessie Warren, Zara, Marabelle West; Marto, Ted Reynolds; Sinfo, Ross Bradshaw; Rob, Douglas Pyear; Lady Constance, Mrs. Wm. (Hildegarde) Wilkins; Lord Craven, Bert Jones; Sir George Martindale, Harry Brown; Nina, Verna Brown; Capt. Jerome, W. Aylesworth; Sir Toby Lyon, Bryce Philip; McCorkle, Meighen Rodgers; Jackey, Roy Tucker.

Boys — Charles Reynolds, Tommy Wells, Ross Carlisle.

Girl's — Donna Carlisle, Wendy

Warren, Sandra Wells, Jean Davidson, Girls — Donna Carlisle, Wendy Stapley, Joan Stapley, Evelyn Lancaster, Marlene Carlisle, Maureen Coulter, Edna Brown, Catherine Heasman, Janet Reynolds.

Double Chorus — Helen Stapley, Harold Hagerman, Mrs. Edna Brown, Russell Pyear, Mrs. W. Warren, Bill Reynolds, Joan Stapley, Jack Bush, Marlene Carlisle, Meighen Rodgers.

Full Chorus — All members of choir including Mrs. Bronson, Mrs. Macklin, Mrs. Stapley, Mrs. Black, Irma Campbell, Ruth Welburne, Mrs. Heasman, Mrs. Thain, Joan Green, and all new and returning choir members.

With different casts for each night it means many will covet tickets for both performances. All tickets without reservation are on advance sale. It is expected that a complete sell out will be effected early in July. Persons who do not secure their tickets now will have to "scalp" them as best they can later on.

Heath A; Gerald Danford A; Gretha Laybun A; Bernice Wood B; Marilyn Bailey B; Wayne Hadley C.

Beginner's Class — Hazel Thrasher, James Nobels.

Mrs. Kenneth Snider, Teacher

### S.S. No. 17 — RAWDON

To Grade 9 — Percy Finch.

To Grade 8 — Annie Dracup (H); Bruce Beckett (H).

To Grade 7 — Roy Finch (H); Clifford Finch.

To Grade 6 — Lulubelle Matthews (H); Margaret Dracup (H).

To Grade 5 — Ross Cotten (H); Arnett Matthews (H); Helen Finch; Marina Dewey.

To Grade 4 — Janet Tompkins (H); Bernard Beckett (H); Shirley Cotten (H); Malcolm Matthews (H).

To Grade 3 — Jean Tompkins (H); Jack Finch (H); Richard Dracup.

To Grade 2 — Joy Cotten (H); Brenda Matthews (H).

Miss Lois Weaver, Teacher

## Release Fall Fair Dates In Ontario

Although the first day of summer has only just passed, preparations are already underway for Ontario's Fall Fairs. J. A. Carroll, superintendent of the Agricultural Societies Branch, Ontario Department of Agriculture, has already started distribution of the printed Fairs List for 1950.

The Fall Fair frequently referred to as "The Show Window" of the community which it serves, is a big event in every area of the province. It is the meeting place for scores of farmers and city folk and many important purchases of farm machinery, equipment, and household necessities are made there.

Earliest fair in this district will be Belleville on August 14-17. Dates of other fall fairs in the district are as follows: Brighton, August 30; Wooler, Sept. 5-6; Kingston and Picton, Sept. 14-16; Stirling, Sept. 15-16; Tweed, Sept. 12-13; Napanee, Sept. 18-20; Coe Hill, Sept. 19-20; Deseronto (Mohawk Res.), Sept. 27; Campbellford, Sept. 28-30; Port Hope, Sept. 29-30; Madoc, Oct. 3-4; Warkworth, Oct. 5-6.

## District School Results

RESULTS OF HAROLD SCHOOL  
S.S. NO. 13, RAWDON

From Grade 7 to Grade 8 — Harry Danford 89; Marlene Hadley 88; Laverne Moore 72; Douglas Cranston 66.

From Grade 6 to Grade 7 — Douglas Thrasher.

From Grade 5 to Grade 6 — Ruth Cranston 87; Jean Sine 78; Barbara Hadley 71.

From Grade 4 to Grade 5 — Joy Colden 83; Carol Sine 83; Doreen Thrasher 82.

From Grade 3 to Grade 4 — Kenneth Cranston 74; James Wood 67.

From Grade 2 to Grade 3 — Donald Heath A.

From Grade 1 to Grade 2 — Ronald

## W. T. Elliott Takes Course In Sales Management

Mr. W. T. Elliott, Stirling Motors, recently returned from Toronto, following completion of an intensive special course in sales management training sponsored by General Motors. The course which is the only one of its kind in the automotive field, is now being held in all sections of Canada. It is designed to provide GM dealerships with the best trained sales management in the industry.

Mr. Elliott said that the course dealt specifically with the latest merchandising methods and their application to customer relations.

## Boy Showing Off Shoots Self at Madoc

A 10-year-old boy trying to impress his sister shot and killed himself at Madoc Friday.

"I'm going to shoot myself," Clifford Gordon Casselman, told his sister Madeleine, 14. Pointing a .38 calibre revolver at his temple, he pulled the trigger. The gun fired, and the boy died almost immediately.

The gun belonged to a brother, William Carl Casselman, who was out picking berries at the time, according to Provincial Cpl. Jack Hatch. The weapon was a war souvenir brought from overseas, the brother told investigating police. It had been left in a suitcase where the victim apparently found it while playing.

## New Postmaster At Hillier Village

Everett Lloyd, son of Mr. and Mrs. A. H. Lloyd, has been appointed postmaster at Hillier. He succeeds his father who is retiring after having been postmaster for the past 24 years. The office will remain in the same building.

## What Others Say I

ANYTHING FOR PUBLICITY

(Almonte Gazette)

We are told that Prime Minister St. Laurent drove a locomotive into one of our great terminals the other day. He was dressed in overalls, peak cap and gauntlets. Mr. St. Laurent isn't the first prominent man to be inveigled into a farcical publicity stunt of this kind. All of us have seen pictures in newspapers of our governor general and other celebrities descending from the cab of a railway engine amid the plaudits of the crowd. Of course, none of them really drove the locomotive — the engineer stood beside him with his hands close to the throttle and the airbrake. If passengers on board the train really believed a statesman was running the engine they would jump off the coaches into the ditches as if they were pursued by germs of small-pox.

### FANTASTIC SPELLING

More profanity has been occasioned by the fantastic spelling of reporters, stenographers and clerks than by probably any other failing. One of the unsolved mysteries of modern education is the fact that all sorts of degrees, high and low, may be obtained without the slightest notion how to spell a vast number of ordinary English words in common usage. Scarborough (Ont.) Mail.

### FACTS NOT ENOUGH

Should our schools confine their business to reading, writing and arithmetic? The answer is obvious. Let us have information and facts by all means. But scientific knowledge is not enough. It has already given us

a world that we are afraid of. What we need to learn now, and learn quickly, is how to use our knowledge. — Armstrong (B.C.) Advertiser.

### CODDLED COWS

(Brockville Recorder and Times)

Apparently the limits of modern civilization knows no bounds. A district man who recently visited a dairy farm at Schenectady, N.Y., reports that the barn is equipped with masonite ceiling and elevator silos. Stainless steel appliances, including milk cans, were used throughout the dairy, which is also fitted with automatic conveyor belts and other electrical conveniences.

As if this wasn't comfortable enough for even the most particular animal, these cows are pampered still further. They have a heater installed in each individual stall, while "soothing music" — a rumba or a tango would probably produce buttermilk — is directed through the barn by loudspeakers. Vacuum cleaners are used for grooming and each Guernsey has its own special towel.

### INSPECTION OF CARS

(Peterborough Examiner)

New Jersey law demands that all motor vehicles in the state be inspected twice a year. Inspecting depots have been set up and staffed by state government inspectors. A truck or car owner sends his machine to the depot where in a few minutes its lights are tested, its braking system carefully examined, and the visibility from the driver's seat determined. The vehicle is jacked up and a complete check is made of the steering mechanism.

If the vehicle meets the standards — and they are high — a sticker is affixed to the windshield noting that it was approved in, say, June, and is due in December. If there are any defects, even small ones, the car owner is given a few days to have them remedied. He then returns for another inspection. If he does not return, his car license is straightway cancelled. Inspecting men are transferred from one depot to another periodically.

## Entered Into Rest

THOS. W. DONOHUE

The funeral of Thos. W. Donohue was held on Friday afternoon at St. Paul's United Church, Stirling, and was largely attended by relatives and friends from the River Valley district. The Rev. A. E. Baker conducted an impressive service and Mrs. Cecil Macklin rendered a vocal solo.

The bearers were Messrs. John Kane, James Park, Earl Morrow, Jack Sager, Morley Richardson and Harry Heasman.

Interment took place at Stirling Cemetery.

### JOHN CHESTER SILLS

Funeral service for John Chester Sills, West Huntingdon was held on Thursday last and was largely attended by friends and neighbours. The service was held in the United Church at West Huntingdon and was conducted by the Pastor, Rev. W. H. V. Walker, who was assisted by Rev. Morley Clarke and Mr. Kenneth Stewart, of Lakefield. St. Andrew's choir under the direction of Miss Bessie Fleming sang as an anthem "There's A Land That's Fairer Than Day."

Members of Stirling Lodge No. 69, A.F. & A.M. attended in a body and performed the last rites of the order at the graveside in Stirling Cemetery. The pall bearers were Samuel Donnan, Samuel Fargy, Clayton Wright, Barton Haggerty, Arthur Wood and Donald Haggerty.

The many beautiful floral tributes testified to high esteem in which Mr. Sills was held.

GEO. H. DOUCETT, Minister

## St. Paul's-Carmel Silver Jubilee Year Briefs

(By Rev. A. E. Baker, U.E.C.)

The annual Sunday School Picnic of the Carmel congregation was held at "Fordways" on Dominion Day. There was an excellent turn-out with visitors from Trenton, Campbellford, Hastings and Toronto.

The picnic luncheon was Carmel "full-fashion" style. A ball game, swimming, foot and novelty races were enjoyed by both spectators and participants. A refreshment booth did a land-office business.

Tickets for the "Gypsy Rover" are now on sale. It is expected that every available seat will be sold before the end of July in the advance sale. These tickets are fifty cents each for a programme that usually costs at least one dollar.

The help of every member of St. Paul's is sought by the choir to ensure the complete sell out of the program. The choir and congregation of St. Paul's have been divided into blue and red teams. The blue team is under the Captaincy of Miss Irma Campbell, assisted by Mrs. J. Black and Mrs. H. Brown with Robt. Patterson as temporary leader for the first week in July. The red team is under the Captaincy of Meighen Rodgers assisted by Wm. Wilkins.

One member sold 29 tickets alone on July 1st. The proceeds are to replace the present forty year old gowns of the senior choir. The whole congregation is challenged to embrace this opportunity to recognize the work of its choir for the past forty years and to give it a lift for many years to come.

Our sympathy is extended to Mr. John Kane recently bereaved by the death of his father in Scotland and to the loved ones of the late Thomas Donohoe who was buried from St. Paul's Church last Friday.

Pew Bibles are available to honour loved ones at any time. Arthur C. Hagerman acquired one for presentation at the seventy-fifth anniversary at Carmel in loving memory of his mother, Ethel (Mrs. Harry) Hagerman. H. C. Hagerman acquired one also to be presented shortly in loving memory of his parents, Mr. and Mrs. Albert Hagerman. Orders for pew Bibles may be left with R. A. Patterson.

A visitor at Carmel picnic sought the privilege of presenting two music copies of the Hymnary, to the Carmel Church at the 75th Anniversary. It will be a wonderful day in any church when every member has a music copy of the hymnary and sings by note.

It was good to see the Union Jack flying on our Community Hall on Dominion Day. It will help visitors, also new and young Canadians, to appreciate the British spirit through the display of our national emblems.

Foxboro is said to be the best painted village in these parts. Toronto's slogan is "make Toronto nifty in 1950," what is Stirling's slogan?

Plan to bring your visitors to church. Our July services are summer-timed one hour. Brief, reverent yet powerful. "Every life needs an altar and every home a church home."

Final Religious Education Examinations at Glen Ross (Carmel) results: Grade I — Keith Grills, 85; George Grills, 80. Grade II — Jean Grills, 85; Sheila Wood, 80; Bobby Neal, 75. Grade III — Dorothy Johnston, 90; Dawn Hubell, 85; Margaret Brooks, 83; Albert Howard, Harold Wood each 75; Tommy Grills, 70. Grade V — Doris Grills 95; Dale Hubell, 90; Maurice Wood 89. Grade VI — Jimmy Keating, 75; Merritt Wood, 60. Grade VII — Joyce Bailey, 95; Gerald Grills, 80. Grade VIII — Zora Hubell, 85; Jack Wood, 84; Jimmy Hagerman, 81; Danny Loshaw, Marlene Armstrong each 80.

Mrs. Maurice Bell is in charge of making the costumes for the "Gypsy Rover." These will include garments of George III period. Upwards of eighty garments will be required. Mrs. Irene Roberts will be in charge of make-up.

Parents are invited to return their enrolment slips for the Royal Stirling Junior Choir now. If you did not receive one telephone Mrs. Abernathy, (telephone 2030) and ask to have your boy or girl start continue choral training in September.

The Royal Stirling Junior Choir had a final practice last Thursday when Wayne Munro won the special musical quiz prize. A good time was enjoyed by all. Mrs. Abernathy, Mrs. Wilkins

and Mrs. Baker were in charge. The choir will take its place as usual each Sunday during the holiday months.

Attendance Cross and Crown pins were presented to Marjorie Ketcheson, Donna Carlisle, Ralph Carlisle and Tommy Wells for six months' unbroken attendance at church save for sickness or recognized cause on Sunday morning.

Attendance awards were presented at Carmel for attendance for the past six months as follows: James, Gerald, Anita and Joyce Bailey, Mrs. Louise Anderson, Ernest Carlisle, Mr. and Mrs. Arthur Pyear, Mr. and Mrs. Frank Bailey, Sandra Hagerman, Frank, Billy and Mr. and Mrs. Frank Bailey. The interest of adults is also most praiseworthy. Additional awards of the coveted third period enamel red, white and blue pin will be made next Sunday. Mrs. Everett Grills is the attendance secretary.

Any member of the congregation either at St. Paul's or Carmel may enrol at anytime and qualify to participate in this system of recording faithful attendance at church.

An unclaimed purse and other articles left at the church will be disposed of unless claimed shortly. The ladies are asked to recover dishes,

tins, plates and other articles awaiting their owners in the church kitchen. Thank you.

### Wellman's

Mr. and Mrs. Roy Thrasher, Mount Pleasant, took tea Sunday evening with Mrs. Paul Sharp and Jack and called on Mr. and Mrs. Fred Thrasher. Mrs. Paul Sharp and Mrs. Russell Johnson spent Thursday with Mrs. Blake Sharp, of Mount Pleasant.

Mrs. Edith Haggerty is spending a couple of weeks with relatives in the U.S.A.

Mr. Roy Sharp, of Kingston, visited over the week-end at the home of his father.

Mr. and Mrs. Tom Hinds visited over the week-end with relatives in Toronto.

Mr. Ross Fleming is spending his vacation at the home of Mr. and Mrs. Jack Dunham.

Mr. and Mrs. John Heagle visited over the week-end with Mr. and Mrs. Allan Heagle, of Smiths Falls.

Mr. and Mrs. Lindsay Pollock motored to North Bay over the week-end and Miss Doris Pollock accompanied them there to attend summer school.

Mr. and Mrs. Russell Rowe and family, of Hamilton; Mr. J. S. McKeown, of Bonarlaw, and Mr. and Mrs. Allan Watson, of Campbellford, were Sunday visitors with Mr. and Mrs. Reg

McGee.

Mrs. Paul Sharp and Jack were dinner guests on Saturday with Mr. and Mrs. Clarence Douglas and family of White Lake.

Mr. and Mrs. Walter Scott are visiting their daughter, Mr. and Mrs. Jack Hutchison and family in Toronto.

The Misses Shirley Dunham, Nancy Chumbley and Mildred Morton are spending ten days at camp.

Mr. and Mrs. Dave Cooper and Helen, of Concession, called on Mr. Geo. Haggerty and Marlene on Sunday and Marlene returned home with Helen for a holiday.

Miss Donna McGee, of Belleville, spent the week-end with her parents.

Mr. and Mrs. Burton Morton, Muriel and Lois took tea Sunday evening with Mr. and Mrs. John Rainie and James and Miss Emma Rainie.

Mr. and Mrs. Lorne Watson took tea Monday evening with Mrs. Paul Sharp and Jack.

### Hydro Users Get 10-yr.-old Bills

Brighton's low-cost brightly-lit past is catching up with it.

Some 150 of the 2,200 residents of Brighton have been billed by the local hydro commission for electricity used up to 10 years ago. The bills range

from \$30 to \$100.

A public meeting last week demanded settlement of the billing issue. Scotty Broughton, town councillor, said if the trouble is not ironed out "we will ask for the commission's resignation."

Manley Yerwood, newly appointed manager of the hydro commission, had the bills distributed after a check on meters showed discrepancies in meter readings over the years.

Brighton townsfolk contend faulty

meters or readings were not their fault and they should not now be asked to pay.

### Madoc To Proceed With Waterworks

At a special meeting of the Madoc Village Council it was decided to proceed with the installation of a waterworks project as soon as possible.

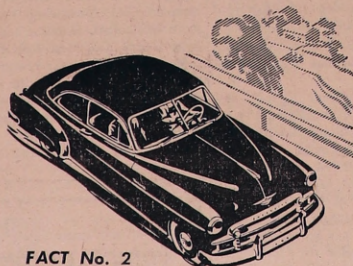

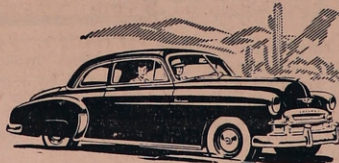

# Chevrolet drives home the facts!

#### FACT No. 1

### FIRST... and Finest... for ALL-ROUND SAFETY AT LOWEST COST

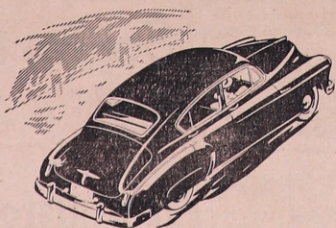

Chevrolet is the only low-priced car offering this five-fold safety protection: (1) Curved Windshield with Panoramic Visibility (2) Extra-strong Fisher Uni-steel Body (3) Safety Glass throughout (4) Super-Safe Unitized Knee-Action Ride, and (5) Proved Certi-Safe Hydraulic Brakes!

#### FACT No. 2

### FIRST... and Finest... for STYLING AND COMFORT AT LOWEST COST

Chevrolet's exclusive Style-Star Bodies by Fisher, with tasteful two-tone interiors, bring you extra-wide form-fitting seats — extra-generous head, leg and elbow room — extra value in every detail of styling and comfort in this longest and heaviest of all low-priced cars!

#### FACT No. 3

### FIRST... and Finest... for THRILLS AND THRIFT

Yes, Chevrolet brings you the finest combination of thrills and thrift... with its highly-improved World's Champion Valve-in-Head engine. You get more thrills — flashing action at the get-away and at highway speed. You get more thrift — thanks to a new carburetor and larger exhaust valves. And traditional Chevrolet dependability!

#### FACT No. 4

### FIRST... and Finest... for DRIVING AND RIDING EASE AT LOWEST COST

Of all low-priced cars only Chevrolet offers you the superlative riding smoothness, road-steadiness and driving ease of Centre-Point Design, Centre-Point Steering, Centre-Point Seating, Low Centre of Gravity and Centre-Point Rear Suspension all add up to a ride you'll call a dream!

Only Chevrolet brings you this brand of thrills and thrift. It's FIRST... and Finest... at Lowest Cost!

Step into our showroom and get the facts. Learn about motoring pleasures and thrills "stepped up" beyond anything you have ever before experienced in any low-priced car!

Here is a combination of driving and riding ease, road-action and economy, and all-round comfort and safety absolutely exclusive to Chevrolet in its price range.

It's easy driving — with the remarkable engineering advance of Centre-Point Steering. It's easy-riding — thanks to Centre-Point Seating, Centre-Point rear suspension and low centre of gravity. It's more powerful, more responsive, with a highly-improved Valve-in-Head engine that flashes you away from a standing start and hoards gas like a miser!

But why be content merely to read about these thrilling new motoring advantages? Come in — challenge us to offer you the proof of all Chevrolet's extra value. Then you'll want to drive home the facts for yourself — Chevrolet is the only car offering this brand of thrills and thrift — the car that's first and finest at lowest cost!

Come in... examine Chevrolet... and you'll know why it's CANADA'S BEST SELLER... CANADA'S BEST BUY!

### RIVER VALLEY WOMEN'S INSTITUTE

West Hastings District W.I. has  
eight branches, Wallbridge, Bay of  
Quinte, River Valley, Uniondale, Chat-  
terton, Pine Grove, Stirling and Sidney  
Juniors.

the week-end.  
Miss Wilma Telford, of Peterboro,  
spent the holiday week-end with Mr.  
and Mrs. Kenneth Weaver and Lois.  
The heavy electrical storm last  
week gave some of our people quite a  
scare, at one home it blew the stove  
lids from the stove and at a farmer's  
barn the lightning followed the milk-  
ing machine and gave both cows and  
people a real scare. Fortunately no  
one was seriously hurt.

The Carmel folk are busy preparing  
for their Anniversary Services on Sun-  
day, September 24th, when special  
pieces of Church furniture will be  
dedicated.

Several Mount Pleasant people at-  
tended the funeral of Mrs. Wallace  
Hoard on Wednesday, June 28th. The  
bearers were Messrs. Will Potts, Ross  
Hoard, Oscar Merrick, Ross Anderson,  
Archie Bailey and John Brown, while  
the floral tributes were carried by  
Messrs. Jack Bush, Gordon Snarr, Bob  
Merrick and Carman Gunning. Interment  
was made in the South Cemetery  
at Mount Pleasant beside her husband  
who predeceased her nineteen years  
ago.

The members of St. Paul's congrega-  
tion are busy this week distributing  
tickets for their comedy-opera "The  
Gypsy Rover," to be staged early in  
October, in order to buy new gowns  
for the Senior Choir. The present  
ones have served Sunday by Sunday  
for forty years.

A few Mount Pleasant people at-  
tended the union church service on  
Sunday morning at the Beckett farm,  
Wellmans.

Kenneth Smith, son of Mr. and Mrs.  
Herbert Smith is not as well as usual  
and will be going to Toronto for a  
check-up soon.

Mrs. Frank Jeffs spent a couple of  
days at Papineau Lake, camping.

Mr. and Mrs. Frank Smith, Mr. and  
Mrs. Edgar McKeown, Mr. and Mrs.  
Ross Hoard, and Mrs. N. E. Eggleton  
are camping at Lake Papineau for a  
few days.

### Ivanhoe

Mrs. Jas. Shaw, Miss May Shaw,  
Mr. and Mrs. Jas. Shaw, Robert and  
Arlene, of Greenville Centre, New  
York, are holidaying this week with  
Mr. and Mrs. Wm. Shaw and Mr. and  
Mrs. Milton Shaw.

Miss Mabel McKnight, of Toronto,  
spent the week-end with Mr. and Mrs.  
A. Duggan.

Mr. and Mrs. Milton Shaw and  
Wayne were Friday evening guests of  
Mr. and Mrs. Bonter Rollins.

Mrs. George Belford and Miss Edith  
Belford, of Buffalo, N.Y., are visiting  
Mr. and Mrs. T. E. Fleming.

Mr. and Mrs. Harold Carter, of  
Detroit, Mich., are visiting the form-  
er's sister, Mrs. Kathleen Douglas.

Hastings, were Sunday guests of Mr.  
and Mrs. Jim Campbell.

Mr. and Mrs. Harold Hamblin, of  
Peterboro, were week-end guests of  
Mrs. Grace Bartindale and Doreen.

River Valley School Picnic was held  
at the lake on Tuesday with a good  
attendance.

Mr. and Mrs. Wilbur Shorey and  
children and Miss Aleita Kingston, of  
Wallbridge, spent Sunday with Mrs.  
Fred Kingston and Leslie.

Mr. and Mrs. Fred Melburn, of  
Shannonville, spent Monday evening  
with Mr. and Mrs. M. F. Bird.

Mr. and Mrs. Arthur Duncan and  
family, of Batavia, are holidaying here  
for a couple of weeks.

### Carmel

On Saturday the Annual Sunday  
School Picnic was held at the "Ford-  
way" on the Trent River. Nearly  
sixty sat down to dinner and about  
forty more arrived for the afternoon.  
A ball game was enjoyed with sides  
chosen mixing ladies, men and boys.  
A programme of foot races was con-  
ducted for all ages, while many leis-  
urely sat and visited. The booth of  
refreshments was well patronized ad-  
ding to the coffers of the Sunday  
School.

The picnic which has been sponsor-  
ed by the Sunday School for as long  
as the oldest residents can remember  
on July 1st is a meeting place of old  
residents, friends and relatives and  
the day has been made one of re-  
union.

Visitors at the Sunday afternoon  
church services for May and June in-  
cluded Mr. and Mrs. Reg Parks, Mr.  
and Mrs. Arthur Brown, of Peterboro;  
Mrs. Jack Johnson, of Hastings; Mrs.  
Chas. Smith and Betty, of Belleville;  
Mrs. Bert Hagerman, of Eldorado;  
Mrs. Emmie Stephens, of Campbell-

ford; Mrs. Archie McMillan, of Belle-  
ville; Mrs. Clifford Mitz, of Ivanhoe;  
Mrs. Edward Robinson, of Marmora;  
Mr. and Mrs. Henry McCall and  
family, of Wooler; Mrs. Douglas Mar-  
tin, of Corbyville; Padre Sidney Lam-  
bert, Mrs. Lambert, George Lambert,  
Mrs. A. Cramp, Mr. and Mrs. Cruick-  
shank, Mr. and Mrs. J. H. May, all of  
Toronto; Mr. and Mrs. J. A. McBride,  
of Regina, Sask.; Mr. and Mrs. Geo.  
Carlisle and family, Estella Chisolm,  
Mrs. C. W. Thompson, Vivian and  
Ruth Welbourn, Stirling; Jack Bush,  
Joan Hoard, and Mrs. Ted Reynolds.

Mr. and Mrs. Arthur Hagerman and  
Brian, of Toronto, spent the week-end  
with Mr. and Mrs. Harry Hagerman  
and Mr. and Mrs. Everett Grills.

Mr. and Mrs. Fred Meyers, Trenton,  
spent Sunday with Mr. and Mrs. Ray

Hagerman.

Mr. and Mrs. Arthur Long and two  
daughters, of Toronto, spent the week-  
end at the home of Mr. and Mrs. Joe  
Grills and other relatives.

Mr. and Mrs. W. Phillips, Thurlow,  
were Sunday visitors of their niece,  
Mrs. Douglas Pyear and Mr. Douglas  
Pyear.

Mr. and Mrs. Ross Hart, Paul and  
Ronnie spent the week-end in  
Hepworth, with Mrs. Hart's parents,  
Dr. and Mrs. Helliwell.

Mr. and Mrs. Norman Walker, of  
Toronto, spent the week-end at the  
home of the latter's uncle, Mr. Wm.  
Carlisle and visited other relatives.

Deisel engines are on the increase  
on Canadian railroads.

Mr. and Mrs. Patterson, of Toronto, were week-end guests of Mr. and Mrs. Berson Mitts.

Mr. Gordon Demill, of Ottawa, spent the week-end at the home of his parents, Mr. and Mrs. Percy Demill.

Mr. and Mrs. C. H. Finkle and girls of Belleville, were supper guests on Sunday of Mr. and Mrs. E. B. Finkle.

## West Huntingdon

A number of the young people have been ill with the mumps.

Mr. Sam Donnan met with a painful accident on Friday while working in the hay field. A thorn pierced his eye. At present he is undergoing treatment at the Belleville General Hospital.

Mr. Clayton Wright's many friends will regret to learn that he is ill at present.

Mrs. Clifford Green, of Indian River, was a dinner guest on Monday of Mrs. Sandy McCurdy.

Miss Margaret Haggerty is attending the classes for teachers at Toronto.

Louis and Patsy Parr, of Toronto, are spending their vacation with Miss Sarah Wilson.

Mr. and Mrs. Elmer Post and family were guests on Sunday of Mr. and Mrs. E. G. Bailey, of Stirling.

STIRLING

Hello Homemakers! We're making no statements as to what is the traditional Strawberry Shortcake. The best one is the kind you like... Butter Cake or Tea Biscuit and with or without a spread or butter. Only, it is a must that you use plenty of sugared berries between layers and on top.

To present something new and most delicious, we give you a recipe for a sunshine cake with a tropical flavour which makes a luscious strawberry shortcake.

#### SUNSHINE SHORTCAKE

6 egg yolks  
2-3 cup sugar  
1 tsp. lemon juice  
1-2 cup pineapple juice  
1-2 cups cake flour  
1 tsp. baking powder  
6 egg whites  
1-4 tsp. salt  
3-4 cup sugar

1. Beat egg yolks until thick and lemon coloured. Gradually beat in 2-3 cup sugar.
2. Add fruit juices and beat until sugar is dissolved.
3. Stir in sifted dry ingredients. Beat egg whites with salt and the remaining 3-4 cup sugar to form moist, glossy peaks. Fold into egg-yolk mixture.
4. Turn into ungreased 10-inch tube pan.
5. Bake in preheated electric oven of 325 degrees for 1 hour.

#### Fruit Filling and Topping

1. Heat 1-2 cup pineapple juice and 1-2 cup other fruit juice. Stir in a paste of 1 tbsp. cornstarch and about 2 tbsps. water.
2. Add 1-2 tsp. silvered candied ginger and 1 tsp. butter.

3. Cook 10 minutes, then chill. Add 1 quart clean strawberries and 1-2 cup cubed pineapple.
4. Slice Sunshine Cake crosswise; add layer of fruit, then place on the top half and add remaining fruit.
5. Fill tube section with sweetened whipped cream, flavoured with pineapple flavouring.

#### HONEY BISCUIT CAKE

3 cups cleaned strawberries  
1 tsp. tapioca custard powder  
1 tsp. grated orange rind  
1-3 cup honey  
1 cup pastry flour  
2 tbsps. baking powder  
1-2 tsp. salt  
1-4 cup shortening  
1 beaten egg  
3 tbsps. milk  
2 tbsps. honey  
1 tsp. orange rind

1. Arrange strawberries in a greased 9 x 4 inch glass baking dish. Add custard powder, orange rind and honey.
2. Sift dry ingredients and cut in shortening until mixture resembles oatmeal.
3. Mix egg, milk, honey and orange rind together. Add to flour mixture; stir until moistened.
4. Spread dough over berries. Bake in preheated electric oven of 400 degrees for about 15 minutes. Serves 6.

#### TAKE A TIP

1. Spread picked-over berries (strawberries with stems on) in a shallow pan and store in the central part of refrigerator. Fruits keep fresh for a week this way.
2. Sprinkle a tablespoon of lemon juice over berries to bring out the

flavour before you add sugar.

3. When you make strawberry jam, prepare rhubarb to cook along with the berries in the proportions of 1-2 lb. (about 3 stalks) to a quart of ripe berries. Slice rhubarb fine and add to crushed berries, then measure out an equal quantity of sugar for the amount of fruit. Boil quickly and test frequently for jelly stage, that is, when two drops drip from side of spoon come together slowly.
4. Fresh sour cherries, pitted and stewed in a light syrup make a delicious compote dessert served with graham crackers.
5. To pit cherries quickly, invest in a cherry pitter and to remove stains, rub with a crushed stalk of rhubarb.
6. Fold mulberries and thimble berries into a Bavarian sponge. Each compliments the other.

#### THE QUESTION BOX

Mrs. J. R. asks: How to keep cookies crisp?

**Answer:** Store in wide mouthed glass jar or crock and remove cover once or twice a day, or keep a wad of tissue paper in a tin to collect excess moisture that develops due to humidity... Do not store bread or moist cakes with crunchy cookies.

Miss B. L. asks: How to keep marshmallows soft?

**Answer:** Store marshmallows in a covered quart jar, using rubber band, then adjust the glass top.

Mrs. M. M. asks: How to keep cress from turning soft and yellow after cut?

**Answer:** Store cress and parsley in pint jar. Add 1-2 inch water to jar and then tuck stems into water. Do not cover but if possible, keep in crisp-pan of electric refrigerator.

Anne Allan invites you to write to her in care of the Stirling News-Argus. Send in your suggestions on homemaking problems and watch this column for replies.

### Sunburn Cause of Absenteeism

The greatest of all causes of industrial absenteeism in July and August is sunburn, states an editorial in the magazine HEALTH, official publication of the Health League of Canada.

"It is said that during the war no less than 50,000 workers were unable to work on an average day because of illness, most of which was preventable, and sometimes the means of preventing absenteeism due to illness are amazingly simple," says Health.

"For example, although sunburn is a disagreeable thing for most people, it should be a particularly disturbing

thing to industry because it interferes with the employees' ability to work. The week-end fishing or relaxing at the beach may have disastrous effects resulting in the loss of several days' work during the next week owing to sunburn. As a matter of fact, a canvass of industrial physicians not long ago revealed the fact that, especially in the months of July and August, the greatest of all causes of absenteeism was no more nor less than just sunburn."

The editorial states that because this fact is not more generally known, not sufficient effort is made by individuals or by industry to prevent sunburn.

"Sunburn may be prevented," says Health, "by taking it in small doses until one's skin has developed its protective coat of tan. But there is a chemical means of preventing sunburn. There is at least one proprietary preparation which is virtually an absolute preventive of sunburn, if applied before exposure to the sun's rays. There may be more. In any case, sunburn should be a matter of concern to medical departments of industry, and the means of prevention should include more than merely advice as to the value of care in exposure to the sun. The virtue of chemical prevention deserves study."

### Tribute To Weeklies Paid by Windsor Star

The importance of the part played by weekly newspapers in these communities was stressed by the Windsor Daily Star recently on the occasion of the convention of the Ontario and Quebec Press Association held in that city. The paper states:

Weekly and daily newspapers are creative of public opinion in the towns, villages and countryside of these two major provinces. Close to the people, they know what people are thinking. And, by constructive, sound leadership, they themselves have no small part in shaping that opinion.

Weekly and daily newspapers are supplementary to each other. The weeklies provide that type of news local to their communities which could not be provided as well by other media. Yet it is important to their readers, because it deals with the events of their day-to-day lives.

Weekly editors are more than just editors of their newspapers though that, in itself, is a very busy life. Almost invariably they are community leaders, busy in all those activities which make for the sound, healthy and decent citizenship one finds in the towns and villages and rural parts.

Good weekly newspapers and good towns go together. One can pick up an Ontario or Quebec weekly newspaper and tell almost at a glance the kind of town in which it is published. A progressive town usually has a progressive newspaper, and vice-versa. This is not by chance. It is almost impossible to have one without the other.

Down through the years there has been a consistent improvement in the numbers. In earlier days there were often two or three in a town which could not support so many on a basis which allowed the production of good newspapers.

But mainly it has been because of the development of a fine type of editors, progressive and modern men determined to give their communities the best possible service and fitted so to do.

### Holiday House In Toronto

A spot near downtown Toronto which has all the atmosphere and facilities of a vacation resort. That is Holiday House operated by the Y.W.C.A., right on the Lakeshore at Centre Island.

Popular with young women visiting the city for either business or pleasure the 'Y' residence is easily accessible to downtown Toronto. Centre Island is just a ten minute ferry ride across Toronto Bay from the foot of busy Bay Street.

Holiday House has been a 'Y' summer residence for many, many years, for young working girls who are visiting in the city or working in the city but not having regular holiday period. Breakfast and dinner are served at Holiday House and since it is situated so close to the Lake, and all the summer recreations such as swimming, sunbathing, tennis, canoeing and bicycling are right to hand. Lake breezes normally keep the Island about ten degrees cooler than the city. No cars are allowed on the Island.

Rooms accommodate two or four, with the large upstairs verandah overlooking eight and much sought after by the girls.

Cool evenings there is a fire in the open fireplace in the Lounge and usual-

ly a group is gathered round the piano or round the table in the Sunporch for table games.

Any girl coming to Toronto for a week-end or longer wanting additional information, write Mrs. Jean Armstrong, 302 Lakeshore Avenue, Centre Island, Toronto, or phone Wa. 6211.

### Wage increases

A strike of workers in one skilled trade was recently averted when the employers granted concessions equivalent to a weekly increase of \$5.00.

A friend of one of the workmen, congratulating him on the outcome of negotiations, was surprised to receive the reply, "Baloney!" The workman then went on to explain that four of the five dollars gained in the dispute would go to a new pension fund, leaving only one dollar a week more to come to the workman in wages.

That wasn't the worst of it, from his point of view. The five-dollar increase put him into a higher tax bracket than he'd been in before, so most of that extra dollar, if not all of it, would be eaten up by deductions for taxes and unemployment insurance.

Sure, the workman said, he knew he was five dollars a week better off, but try to explain to his wife why she shouldn't have more money for her weekly shopping. To keep peace in the family, he was letting her have three dollars more a week from now on. That meant that he had to make out with three dollars less for himself. "Wage increase? Baloney!" he repeated.

### Campbellford Man Killed At Napanee

Floyd Drinkwater, 27, cab driver of Campbellford, was killed Monday afternoon when a car in which he was riding left the road on the Newburg

road just outside of Napanee.

According to provincial police, Drinkwater with two companions was headed towards Napanee on a county road when their old model roadster went out of control, left the road and turned over in the ditch.

Drinkwater was crushed under the wreckage. His companions, Milton and Kenneth Campbell, also of Campbellford, were taken to Kingston hospital suffering minor injuries.

### Police Chief Busy

Chief of Police H. S. Pratt, of Deseronto, laid seven charges under the Liquor Control Act during the past month, and 162 charges under the Highway Traffic Act.

There were 25 charges laid under the Criminal Code and there were 264 summonses issued. A total of \$1,478 was realized in fines.

## NEWS FOR THE BUSY FARMER

### CHEESE OUTPUT IN HASTINGS SHOWS SHARP DROP FOR MAY

Production of Cheddar Cheese in Hastings County showed a sharp drop in May compared to the same month in 1949, statistics just released by the Ontario Department of Agriculture show. This year's May production stood at 689,647 pounds as compared with 941,511 pounds in May, 1949. Creamery butter in the same month was also down from 1949. Comparative figures were 289,159 pounds for May, 1950 and 291,922 pounds in May, 1949. However, butter production for the first five months of the year was higher than the corresponding period last year.

Meanwhile, in Ottawa Monday, H. O. White, P.C. member of Parliament for Middlesex East, pressed the government in the Commons to increase the price paid for cheddar cheese produced for export.

He asked the government to reconsider its requisitioning order and increase the cheese price to that of concentrated milk.

Average wholesale price of both butter and cheese was lower than a year ago. At Toronto, butter averaged 52.3 cents a pound against 58.5 a year before, while cheddar was 28 cents against 31.6 in May last year.

### GRASS SILAGE FOR DAIRY CATTLE

A cow producing upwards of 30 pounds of milk per day can eat enough grass to supply all her needs, provided the grass is available. It is the long period of barn feeding that takes the joy out of dairying. If pasture could be transplanted into the barn for the winter a considerable saving in feed costs would result. But well made grass silage will give almost the same result states J. S. Leefe, Senior Agronomist, Experimental Station, Kentville Station, N.S.

Grass silage made from grass legume mixtures, cut from eight to twelve inches high, will be close to the original herbage in feeding value. It will be superior to the best field cured hay made from the same material.

Grass silage can be made in upright or trench silo and from long or chopped grass. The cost of harvesting and storing should not be greater than that of harvesting and storing the same amount of dry matter as hay. Every dairy farmer should make and feed some grass silage. Besides being excellent feed, it is a "must" in any sound grassland program. Grass for silage can be cut early while it is most nutritious. This allows taking a second crop for pasture, silage or hay.

Although expensive field choppers

are available for making large quantities of silage quickly, silage can be made with no more equipment than that required to harvest hay. For details the nearest Experimental Farm or the local agricultural representative should be consulted.

### W. J. Adams Pres. Life Insur. Institute

At the Annual Meeting of the Life Insurance Institute of Canada, W. J. Adams, F.S.A., Secretary of the Canada Life, was elected President for 1950-51. Other Officers elected were: P. McDonald, Assistant General Manager, Crown Life, as First Vice-President; H. L. Guy, C.B.E., Assistant General Manager, Mutual Life of Canada, Second Vice-President; and T. M. Sargent, Agency Auditor, North American Life, Secretary-Treasurer. J. L. McLachlin, Secretary of the Confederation Life, the retiring President, reported that membership in the Institute last year totalled 2,053, an all-time high since it was organized in 1936. As part of its service to the life insurance industry in Canada instructional courses and examinations were sponsored for those employees of the more than 35 companies who were interested in gaining a better knowledge of their business. More than 1,000 candidates wrote over 3,300 examination papers, a considerably greater number taking part in this endeavor than in any previous year.

### Fairness

Receiving an honorary degree from an American university, Prime Minister St. Laurent took the occasion to make some remarks about the public treatment of public men. After saying that one of the most important of democratic freedoms is the freedom to oppose the policies of the administration, Mr. St. Laurent went on to say: "But it is quite another thing to attack the good faith, the honesty of purpose and the loyalty to their country of public men, when there is no substantial evidence to support such attacks."

One may agree with the Prime Minister's feeling in this matter and yet feel that he was not addressing

the right audience. For the most part, those who are prone to impugn the loyalty and good faith of public men are themselves public men of other political faiths. The Prime Minister's sermon might fruitfully be delivered to his colleagues in the House of Commons.

If he should bring up the subject in that place, he might usefully put in a word for fairness to businessmen. It is perhaps a waste of time to suggest that members of the socialist or communist parties should observe a measure of fairness in their public statements about "big business," since the reason for the existence of those parties is rooted in a desire to confiscate successful enterprise. But some members of both Liberal and Conservative parties, particularly during election campaigns, have been known to indulge in the cheap demagoguery of attacking businessmen and misrepresenting their motives. Such tactics may gain a temporary advantage for the politician who stoops to use them, but in the long run they serve the ends of communists alone. —The Printed Word.

### Suggestions For A Happy Holiday

Avoid deep water and canoes if you are a non-swimmer. Learn about artificial respiration — you may save somebody's life. Take the sun in easy doses — sunburn is a real burn. Learn what poison ivy looks like — then avoid it. Be sure your summer water supply is pure. Make certain your vacation milk supply is pasteurized — if not, pasteurize it yourself. Avoid over-exertion, particularly if you are unaccustomed to strenuous exercise. In hot weather use more salt in your diet.

### Request Resorts To Use Pasteurized Milk

The Health League of Canada has issued its annual appeal to owners and operators of summer resort hotels, lodges, camps, etc., to serve their guests pasteurized milk.

"Pasteurized milk is the only safe milk, and to protect the health of their guests, vacation resorts should make sure the milk they serve is safe," says the Health League.

"Unnecessary illness, which can ruin a vacation, or even have more dire and lasting results, can result from consumption of raw, or un-

pasteurized milk. Raw milk, even if cleanly handled can carry germs which cause such diseases as bovine tuberculosis, undulant fever, septic sore throat, typhoid fever and dysentery."

The Health League says it realizes that the commercially pasteurized product is not available everywhere, particularly in remote and isolated spots, but emphasizes there are means of home pasteurization which are feasible and effective. This applies to independent cottagers and campers as well as to hotels and other-type resorts.

It is pointed out that pasteurization which in reality is a simple heating process, kills any bacteria which might be present in the milk. If properly carried out, it neither changes the taste of the milk nor destroys any of the nutrients of which milk has an abundant supply.

A diesel locomotive can work 94 per cent of the time and requires much less shop maintenance than steam locomotives.

### Stirling and District Midget Schedule

#### Second Half

July 8th — West Huntingdon vs Glen Ross; Minto vs Merchants; Rotary vs Frankford.  
July 15th — Glen Ross vs Merchants; West Huntingdon vs Rotary; Minto vs Frankford.  
July 22nd — Merchants vs Rotary; Glen Ross vs Minto; Frankford vs West Huntingdon.  
July 29th — Rotary vs Minto; Merchants vs West Huntingdon; Glen Ross vs Frankford.  
August 5th — Glen Ross vs Rotary; West Huntingdon vs Minto; Frankford vs Merchants.

Note: All Frankford home games will be played on their own diamond.

### Centre Hastings Rural Softball League

The following schedule of the Centre Hastings Rural Softball League for the coming season is as follows, with all games to be played on Tuesday evening. First game at 7.30 sharp, 2nd game at 8.45.

Tuesday, July 11th — Glen Ross vs Minto; Juniors, vs Rylstone.  
Tuesday, July 18th — Juniors vs Glen Ross; Rylstone vs Minto.  
Tuesday, July 25th — Minto vs Juniors; Glen Ross vs Rylstone.  
Tuesday, August 1st — Rylstone vs Juniors; Minto vs Glen Ross.  
Tuesday, August 8th — Minto vs

Rylstone; Glen Ross vs Juniors.  
Tuesday, August 15th — Rylstone vs Glen Ross; Juniors vs Minto.  
Tuesday, August 22nd — Glen Ross vs Minto; Juniors vs Rylstone.  
Tuesday, August 29th — Playoffs begin.

### Revised Legion Softball Schedule

July 6th — Tweed at Marmora.  
July 7th — Stirling at Madoc.  
July 10th — Marmora at Madoc.  
July 13th — Tweed at Stirling.  
July 14th — Stirling at Tweed.  
July 17th — Madoc at Marmora.  
July 20th — Madoc at Stirling.  
July 21st — Marmora at Tweed.  
July 24th — Tweed at Madoc; Stirling at Marmora.

The winner of this group will proceed into the provincial play-downs.

### Liquor Vote Lost In Bancroft

A proposal to introduce the sale of liquor in Bancroft was defeated on Wednesday, June 28th by a vote of ratepayers. Although the majority were in favor of having a liquor store in the village, the necessary 60 per cent vote in favor of the proposal was not reached.

The vote was 358 for and 299 against. Another 43 votes would have been required before a store could be opened.

Total number of eligible voters is around 700, of whom 657 cast votes.

# You can "FEEL THE DIFFERENCE" with New BLUE SUNOCO!

Sensational New High-Test Gasoline  
Designed for New High Compression Engines  
Gives New Life to All Cars

Mr. John Kennedy, Toronto, says: "I've been using Sunoco gasoline for years, and I've found by comparison that it gives me more power and longer mileage than other gasolines. NEW Blue Sunoco seems especially good for high compression engines like the one in my car."

Mr. Stanley Allen, Hamilton, says:

"A car dealer recommended Sunoco gasoline to me and I used it with complete satisfaction for several months, even before the recent improvement in the product. I'm convinced that NEW Blue Sunoco gives me better all-round performance than ordinary gasoline."

Mr. Rene St. Pierre, Montreal, says:

"I switched to Sunoco gasoline after testing it and comparing its performance. Since the recent introduction of NEW Blue Sunoco, I'm even more sold on its smoother engine performance, long mileage and freedom from knock and 'ping'."

Mr. F. G. Flower, London, says:

"I like NEW Blue Sunoco's bonus of smoothness... its extra power, long mileage, fast acceleration and quick starts. Ten years ago I began using Sunoco products and have enjoyed smooth engine performance at all times. NEW Blue Sunoco has made it imperative that I do not change."

NEW HIGH ANTI-KNOCK POWER  
NEW HIGH ALL 'ROUND PERFORMANCE  
NEW HIGH VALUE FOR YOUR MONEY

### MAKE THE 10 GALLON TEST!

For best results, don't dilute NEW BLUE SUNOCO with other gasoline. Wait until your tank is nearly empty—then put in 10 gallons of NEW BLUE SUNOCO.

Compare it! Feel the difference!  
We believe you'll never go back to ordinary gasoline!

PERFORMS DIFFERENTLY BECAUSE IT'S MADE DIFFERENTLY!

He:  
Come live with me and  
be my love  
And we will all the  
pleasures prove  
That valleys, groves and  
hills and fields,  
Woods or steeply mount-  
ains yield.

## Splendid Programme Enjoyed At July Meeting of Women's Institute

**"Resolved That A Business Woman Makes A Better Wife," Subject of Debate**

The members of Stirling W.I. held a very enjoyable meeting at the summer cottage of Mr. and Mrs. John Morrison, at Oak Lake, on Thursday evening, July 6th. Sixteen members and nine visitors, also a number of children were present.

The President, Mrs. Perry Bronson, opened the meeting with the W.I. Ode and The Maple Leaf. The roll call was answered with, "What I Learned At The District Annual." The reports of the different committees were given and the business part of the meeting was taken up in discussion of a sewing day to finish a quilt donated by Mrs. Louis Rodgers; also a number of other articles to be made. A work day was set with a pot luck dinner to be held the 17th of August at the Community Hall. There is also a scrap book to be made including the favourite recipes of each member.

Mrs. H. Rogers led in a round of community singing and Mrs. Everett Cooke gave an informative paper and demonstration on the preparation of fruit for canning and for freezing.

A debate, "Resolved that a business woman makes the better wife," was held with Mrs. P. Bronson taking the affirmative and Mrs. L. Rodgers the negative. Both ladies showed much careful thought in the preparation of their points and presented them very well indeed.

Here are a few of the highlights. Mrs. Bronson listed the affirmative in five points.

1. "Punctuality." — The business woman fully realizes the importance of being on time; the moving wheels of the world depend on the punctuality of time.

2. "Getting along with people" — She meets thousands of people in a year, therefore she must build up for herself a pleasing personality to be able to get along with the public.

3. "Contentment" — This is a half sister to companionship, and a wife has that in her husband if her marriage is a successful one because her husband is her pal; likes to do the same sort of things she likes doing in work and play; has more or less the same tastes and in short, they understand each other.

4. "Efficiency" — The business woman is efficient because she has learned to run her day on a strict schedule with a time and place for everything she has to do.

5. "Value to her community" — With this efficiency, will power and dependability she can be called upon by her community to carry out a 100 per cent job. Note the married women we have in Sidney, Rawdon and Stirling as teachers alone. The question is asked "Where would the education of our children be if it were not for these business women in our community?"

A slight misunderstanding is noted in Mrs. Rodgers' reply and her argument was based on "the better house wife," in place of the single word, wife. But, she points out to us that a business woman is usually a teacher, nurse or stenographer, and even though they do give up these professions when they marry they still bring a certain amount of strict schedule, discipline and superiority into the home.

1. The business woman tries to run her home on a schedule and as any housewife knows a schedule is always interrupted several times a week, thus the wife has to hurry to catch up and becomes tired and irritable to her husband and children.

2. She will practise discipline on Junior rather than give him the love and affection he needs, with the result he will slip over to the neighbours for the companionship and understanding he should get at home.

3. The business woman has been used to handling her own money, and making her own choices and she will want to do the same in her home without considering her husband's point of view and this is sure to cause friction between them, ending up in family quarrels and an unhappy household.

Then again, as we so often see, the wife continues with her profession after she marries. How can she keep up her home properly or have any time for her husband and children or

## Catches Large Channel Cat

Arthur Abernethy had a real thrill yesterday afternoon when he hooked a 16-lb. channel cat in the Trent River at Glen Ross. The big one, approximately 34 inches in length, put up a real battle and Art had to beach the boat before landing it.

## Local Lodges At Madoc

Stirling L.O.L. No. 110 and L.O.B.A. No. 655 celebrated the glorious Twelfth at Madoc yesterday. Some twenty-six lodges took part in the annual parade.

## School Debentures Are Approved

Approval for the issuance of debentures for \$130,000 for the erection of Stirling's new Public School was received from the Ontario Municipal Board by the Village Council on Tuesday. The S. R. McCrory Construction Co. plans getting operations under way at once.

## Engagement

Mr. and Mrs. H. W. Harrison, of Roslin, Ont., announce the engagement of their daughter, Reta Irene, to Russell Garnet, son of Mr. and Mrs. A. N. Pyear, Glen Ross, Ont. The marriage will take place the latter part of July.

## Pitches One-Hitter

Frankford Merchants handed Campbellford an 8-0 shellacking on the Frankford diamond before a large crowd. Frankford sent Rodgers, their newest pitching acquisition from the now defunct Stirling team, and he promptly turned in a one-hit shut-out. Frankford sprayed hits all over the place from the first pitch, and only a bit of sensational defensive play by Campbellford prevented the score from being much higher.

## Fans Witness Two Thrilling Games

Softball fans of Stirling and district witnessed two thrilling ball games at the local Recreational Centre diamond on Tuesday night, when Glen Ross and Minto played a 4-4 tie in the first game, and Stirling Juniors defeated Rylstone 5 to 3 in the second part of a doubleheader. The first game was limited to five innings owing to a time limit for starting the second game.

Russell Pyear and Arnold Ray were the opposing pitchers in the first game and both turned in a sound performance. In the second game, "Baldy" Faulkner was on the mound for the Juniors and pitched brilliant ball to handcuff the Rylstone batters throughout the game. C. Anderson, for the losers, pitched his usual steady brand of ball.

Fans who stay away from these games are missing some good entertainment and if the boys continue to show plenty of hustle the attendance which has been disappointing to date, will improve.

for community affairs or any thing else a normal wife and mother is entitled to have? No wonder these kind of marriages end up in the divorce courts, and the children turn out to be delinquents or suffer mental breakdowns.

All housewives have to be business women in their own right these days, but it is not necessary to have a business background to make an excellent wife.

Mrs. Alfred Lake thanked the ladies for these excellent papers and a quiz contest was put on between Mrs. E. Cooke and Mr. P. Bronson, and Mrs. L. Rodgers and Mr. Geo. Searles, the result being a tie.

The committee then served a very dainty lunch. Mrs. C. Wright thanked all who helped in any way and the meeting was dismissed with the Mizpah Benediction.

## KITCHEN SHOWER FOR BRIDE-TO-BE

The home of Mrs. Kenneth Ray, Church St., was the scene of a happy event on Tuesday evening, when Mrs. Ray was hostess and Mrs. Murney Scott and Mrs. Bob Merrick, co-hostesses, at a delightfully arranged kitchen shower in honor of Miss Eleanor Johnston, a bride-to-be.

A short programme was enjoyed and consisted of a sing-song; humorous reading, by Mrs. Maurice Clancy; two solos by Miss Ruth Mumby, with guitar accompaniment, and a humorous reading, Edgar Guest's, "Advice To A Bride," by Mrs. Bob Merrick.

Mrs. Murney Scott read an appropriate address and Mrs. K. Ray and Mrs. B. Merrick presented the bride-to-be with a large array of kitchen-ware.

A dainty lunch was served and a social hour enjoyed.

## Hooks Large Pike

Fishing in the village pond just above the dam on Sunday morning, John Eaton hooked a pike, weighing 34 lbs and measuring 33½ inches in length. A dare devil wobbler was used for bait.

## Auctioneer Dies

J. R. Battisby, 87, of Campbellford, well known auctioneer, died at his home at Campbellford, on Tuesday, July 11th.

## St. Paul's Woman's Association Featured Patriotic Programme

The July meeting of St. Paul's United Church Women's Association was held in the Church Parlours on Tuesday afternoon, July 4th. Mrs. George Carlisle was hostess.

The meeting opened with the singing of the theme hymn, followed by prayer by the President, Mrs. W. T. Elliott. The minutes of previous meeting were read and approved, and the Treasurer, Mrs. J. B. Thompson, reported bank balance of \$235.53. The routine reports were given, showing 13 cards sent to bereaved and convalescent members. A motion was passed instructing the Secretary to write Mrs. R. A. Patterson a letter conveying the sincere thanks of the W.A. for her untiring work as Secretary pro tem during the past months.

Moved by Mrs. R. B. Duffin, seconded by Mrs. P. Utman that the Association accept the invitation to attend the Silver Jubilee Tea of Bethel United Church on July 14th; also the W.A. accepted the invitation to attend Scott's Church Anniversary Union afternoon service and supper on Wednesday, September 13th. Moved by Mrs. Warren Preston, seconded by Mrs. J. B. Thompson that the W.A. pay our usual share to the Parsonage telephone bill.

Mrs. R. B. Duffin and Mrs. P. Utman volunteered to be responsible for the flowers in the church for July and August; also to act as Church hostesses and welcome the visitors and strangers at our morning service for the first Sunday in July. Mrs. Don Donohoe and Mrs. R. A. Patterson will act as Church hostesses for Sunday July 15th and volunteer ladies will be secured for the remaining Sundays. The Secretary was advised to write letters of appreciation and thanks to Mrs. Morley Davidson and Mrs. G. Dobbs, of Belleville, from our organization.

The patriotic programme of the afternoon was in charge of Mrs. J. L. West.

The guest speaker, Rev. A. E. Baker, delivered a very outstanding patriotic hymn, 512, and reminded us that the Dominion of Canada was born eighty-three years ago on July 1st, after the signing of "O Canada," Mrs. Sid Williams read the Scripture Lesson, Psalm Seventy-two, followed by prayer by Mrs. Good.

Two patriotic readings were given by Misses Marlene Carlisle and Janet Reynolds. Misses Catherine, Joan and Grace Heasman favored the W.A. with the patriotic song, Land of Glad Tomorrow, accompanied at the piano by Mrs. G. Heasman; also Misses Helen and Joan Stapley with a duet, "America the Beautiful," accompanied

## WHITTON FAMILY REUNION HERE

Stirling Agricultural Grounds was the scene of a happy family reunion on Sunday, July 2nd, when some sixty descendants of James and Margaret Whitton gathered to spend the day together.

Following a delicious dinner, F. A. Whitton, of Toronto, gave a brief address, and the officers for the ensuing year were chosen as follows:

Past President — F. A. Whitton, of Toronto.

President — Mrs. Frank Butters, of Toronto.

Vice-President — Mrs. James Whitton, Deseronto.

Sec. Treas — Mrs. Jack McCaughen, Stirling.

Press Reporter — Mrs. Harold Morgan, Stirling.

Advisory Committee — Robert Matthews and Harper Rollins, Stirling, and Percy Hubbel, of Stockdale.

## Parking Lanes Painted On Streets

The work of painting angle parking lines on the north side of Mill and lanes on the north side of Mill and Front Streets and parallel parking lanes on the east side of Front Streets began yesterday, and was completed today. Maurice Bell, local painter, was in charge of the work. In future no parking will be permitted on the south side of Front or Mill Streets.

## Joan Hoard Bride of Jack Bush

A pretty summer wedding was solemnized in Hoard's United Church on Saturday afternoon, July 8th, when Joan Marie Hoard, second daughter of Mr. and Mrs. Charles Hoard, of Hoard's Station, was united in marriage to Mr. Jack Miller Bush, son of Mr. and Mrs. Roy Bush, Stirling, with Rev. Gordon Whitehorn officiating.

The bride, given in marriage by her father, wore a gown of white lace-trimmed organza, with finger-tip veil and carried a white bible. Her bridesmaids, Miss Eleanor Brown and Miss Doris Hoard, wore yellow organza gowns, with matching head dresses. Mrs. Clayton Thompson was her sister's matron of honor, and she and little Miss Norma Hoard, as flower girl wore green organza gowns with similar head dresses. The attendants carried crescent shaped bouquets of white shasta daisies.

Mr. Glen Bush acted as his brother's groomsmen. The ushers were Mr. Donald Hart, of Woodstock, and Mr. Robert Hulin, of Stirling.

Miss Lois Weaver played the wedding music and Mrs. Frank Potts rendered two delightful solos before the ceremony and during the signing of the register.

A reception was held at the home of the bride's parents. The bride's mother wore a blue crepe gown with a corsage of red roses, while the groom's mother was attired in green figured crepe with a corsage of pink roses.

Out of town guests were Mr. and Mrs. A. M. Grant and Mrs. H. A. Cockburn, of Guelph; Mr. and Mrs. N. F. Ward, Marion and Linda, Mrs. A. W. Conn and Nancy, of Toronto; and Mr. Donald Hart, of Woodstock.

at the piano by the pianist, Mrs. H. address in his most gracious manner. The speaker stressed the danger of being ungrateful Canadians and urged the building of traditions in our country which will mean an enrichment in the lives of our boys and girls. This is the great task in Canada to face.

This proved a practical talk to all the listeners, and one that will long be remembered. The meeting closed with the singing of the National Anthem and the Mizpah Benediction.

The committee in charge served a very dainty lunch and a vote of thanks to the guest speaker, the soloists, readers, and to all those responsible for the excellent programme and lunch was ably voiced by Mrs. P. Utman.

## Scouts Camp At Lake Mazinaw

Eight of the Stirling Boy Scouts are camping at Lake Mazinaw this week, under the supervision of Scoutmaster Frank Harding and James Wright, assistant. The boys in camp are Ronnie Woodbeck, Maurice Montgomery, Ray Hermitson, J. McIntosh, Tommy Wells, Fred MacMurray, Bobby Palmer and Robert Cassidy.

## Transferred

Miss Cora Bailey, of Harold, teacher at the Prince of Wales School in Peterborough, has been transferred to be head teacher at Parkhill School in the same city.

## Engagement

Mr. and Mrs. Douglas Scott, of Huntsville, Ont., announce the engagement of their daughter, Margaret T. Scott, to Mr. Robert W. (Bob) McLachlan, son of Mr. and Mrs. Walter R. McLachlan, of "Rainbow Fishing Camp," Stirling. The marriage will take place in Huntsville on July 25th.

## Donations To Relief Fund

Following are additional donations received by F. R. Mallory for the Manitoba Flood Relief Fund:

H. C. Bird, \$5.00; E. G. Bailey, \$10.00; Dr. E. A. Carleton and family, \$25.00.

Total received to date, \$258.51.

## To Be Speaker At Cheese Show

Although the date is still nearly six months away, a guest speaker for the Central Ontario Cheese Makers' annual dairy show to be held in Belleville next December has already been secured, according to J. L. Irwin, honorary president of the Association.

Guest speaker for the banquet which will conclude the British Empire Dairy Show will be Rt. Hon. Sir Francis Ford, Australian High Commissioner to Canada.

## Local Happenings of Interest About Town

Mrs. Harper Rollins is visiting relatives in Toronto.

Mr. and Mrs. Jas. Hough, Omeme, are guests of Mrs. Chas. Linn.

Mr. and Mrs. H. R. Tompkins spent the week-end visiting relatives in Kemptville and Ottawa.

Mr. and Mrs. A. V. Greenley left on Saturday for a two weeks' vacation on Manitoulin Island.

Mr. and Mrs. B. Black and Mr. and Mrs. John Black, of Nanapanee, were Sunday guests of Mrs. R. Kerr.

Recent guests at the home of Mr. and Mrs. Grant Stapley were Mrs. Geo. Prince, Beverly and Nancy, Toronto.

Mrs. A. E. Strickland, of Lindsay, is spending her vacation with her parents, Mr. and Mrs. Wm. Fitchett.

Mrs. Percy Carman, of Marmora, spent Thursday afternoon with her cousin, Mrs. Janet Utman.

Mr. and Mrs. Frank Searles and Bobby, of Stirling, called at the home of Mr. and Mrs. Ernest Wilson, of Holloway, on Wednesday.

Mr. and Mrs. Charles Francis, Marilyn and Sandra, of Flat Rock, Mich., spent the week-end with Mr. and Mrs. Harry Francis.

Mrs. Walter Wright and Miss Catherine Wright are spending a few days this week with relatives in Peterborough and Bobcaygeon.

Mr. and Mrs. Norman Rosebush, of Greensville, Ont., attended the Bush-Hoard wedding on Saturday and visited relatives and friends in the district over the week-end.

Mrs. Louis Kaye, of Vancouver, B.C., is spending the summer months with her daughter and son-in-law, Mr. and Mrs. Albert Sager, at Stirling Radio Range.

Miss Irma Campbell left Monday night for "Quin-Mo-Lac" Camp, on Moira Lake, as a Counsellor, and will be teaching arts and crafts to the C.G.I.T. girls.

Mr. and Mrs. Carl Sills and son Billy, of Belleville, were guests on Tuesday of the former's aunt and uncle, Mr. and Mrs. Harry Fanning, Wellmans.

Mr. and Mrs. Alex Hough, of Pittsford, N.Y., spent the week-end with Mrs. W. J. Whitty, who accompanied

## Lady Bowlers Stage Tourney

**Twelve Rinks Participate In Competition — Peterboro Rink Wins First Prize**

A very successful "triples" tournament was sponsored by the Stirling Ladies' Bowling Club at the local greens on Tuesday afternoon and evening. Twelve rinks participated, representing Peterborough, Belleville, Deloro, Colborne, Deseronto and Stirling Clubs. Three 12-end games were played, and the local ladies served a dinner at six o'clock.

High honours for the day went to Mrs. Hepburn's rink, of Peterborough, with a score of 43 and a plus of 16; second prize for three wins was taken by Mrs. H. Thompson's rink, of Belleville, with a score of 41 and a plus of 15. Mrs. Ackford and her rink, of Peterborough, were high for two wins, with a score of 37, while the prize for one win went to Mrs. Borland's rink, of Deloro, with a score of 31 and a plus of 5.

## BOWLING NOTES

Two rinks of Stirling bowlers took in the doubles tournament at Belleville yesterday but failed to get into the money. Those attending were A. Livingstone and F. R. Mallory skip, and H. R. Tompkins and W. Elliott, skip.

Bob Patterson and Earl Fox represented the local club in the Liftlock Trophy tournament held in Peterborough, yesterday.

## Sur-Charge Removed

Belleville City Council, at its last meeting of the summer, approved removal of sur-charge on patients at the Belleville General Hospital from outside the city.

## Judging Gardens

Miss Elsie Irvine, Home Economist for the County of Hastings, is engaged judging the gardens of members of the "Girls' Home Garden Club," this week.

## Local Happenings of Interest About Town

them to Omeme where she spent a few days with Mr. and Mrs. J. Hough. Mr. and Mrs. J. R. Lemieux have returned to their home in Ottawa after spending two weeks with the latter's sister, Mrs. H. R. Tompkins, and Mr. Tompkins.

Messrs. Geo. Shea, Camrose, Alta., and John Shea, of Toronto, were visiting relatives and friends in Stirling over the week-end. This was the first visit of George Shea to his native village in some 43 years.

Mr. and Mrs. H. McLean and sons, Douglas and Tom, of Echo Bay, spent several days last week with the latter's sister, Mrs. R. A. Patterson, and Mr. Patterson.

Callers on Tuesday at the home of Mr. and Mrs. Frank Searles were Miss Ellen Ackers, of Royal Oaks, California, and Mr. and Mrs. Robt. Stapley, of Frankford.

Dr. and Mrs. A. W. Alcombrack, Mrs. Chas. Sanderson, Miss Edna Heagle, of Toronto; Mr. Melville Heagle, of Oshawa; also Mrs. Andrew Heagle and Miss Mildred Heagle, of Hoard's Station, spent the holiday week-end with Mr. and Mrs. Burton Heagle and Mrs. E. Brown, of Harold.

Mr. and Mrs. J. M. Black, Irma and Donnie spent last week in the U.S.A. Points of interest were Lake Placid, the Ausable Chasms, and a trip to the peak of White-Face Mountain in the Adirondacks. Irma and Donnie enjoyed a swim in Lake Champlain.

Rev. and Mrs. A. E. Baker attended the golden wedding anniversary at Rockwood of Mrs. Baker's parents, Rev. and Mrs. W. S. Irwin on Tuesday. Mrs. Walter Elliott made and decorated the exquisitely beautiful wedding cake and Mrs. J. H. Beatty provided the loveliest of flowers from "Hillsholme" for this event.

Mr. and Mrs. Alex Hough, of Pittsford, N.Y., spent the week-end with Mrs. W. J. Whitty, who accompanied

Grade 8 to Grade 9 — Marlene Armstrong, Zora Hubble, Jack Wood.

Mrs. Elsie Armstrong, Teacher

## Mt. Pleasant W.M.S. Entertains Bands

On Wednesday, July 5th, Mount Pleasant Woman's Missionary Auxiliary entertained the members of the Mission Band and their leaders Mrs. Herbert Smith and Mrs. John Mulheron, the members of the Baby Band and their leaders, Mrs. Frank Spencer Jr., and Mrs. Ross Jeffs and the mothers.

The Church Hall was beautified with baskets of orange blossoms, roses and lilies. There were thirteen members, thirteen adults and over fifty children in attendance. Mrs. John Holmes played quiet music and Mrs. Roy Thrasher welcomed the guests.

The service opened with a brief devotional which included prayer for one Missionary, Miss Heffernan. Mrs. Percy MacMullen read the minutes and called the roll, and the financial report was read with over thirty-five dollars for June. A letter of thanks was received from Mrs. John Hay, who has been ill. An invitation to visit Bethel W.A. on July 14th was accepted. The next meeting will be held at the Church on August 9th. Keyword to begin with "A."

Rodger Smith and Raeburn Scott gathered the offering and each baby received \$1.55 while the envelopes were for the W.M.S. The President read a poem, "The World Title."

Mrs. Ross Jeffs read the names of three children who had graduated from the Baby Band and presented them with their certificates Gail Scott, Dianne McAdam and Ralph Reid. She also read the roll of twenty-five members and seven life members.

### Programme By Mission Band

Ina Scott played quiet music and Doreen Bailey presided and all sang a hymn. Lola McConnell read the minutes and fourteen Mission Band members answered the roll call and all repeated the "Mission Band Purpose." The Mission Band President welcomed the three new members who had graduated.

Gail and Paul Jeffs, with their mother as accompanist sang, "Jesus Loves Me." Eleanor Smith read, "The Best Text — Love One Another." Carol Sharp sang, "He Loves Me Too," with her mother as accompanist.

The Visser girls sang a Dutch song. Mrs. Herbert Smith gave a Bible quiz. Mrs. Percy MacMullen introduced the guest speaker, Mrs. W. B. May, of Belleville, Secretary of Mission Band for Belleville Presbyterial.

Mrs. May said, "Our Mission Band of to-day is our Auxiliary to-morrow." The past years have been filled with success but the keynote of the future is advance. She stressed that more Bands are needed.

Mrs. May explained to the children how the money in their Easter pink envelopes would be sent to Battle River Hospital, at Manning, Alberta, in the Peace River District. Some of it will also be sent to Trinidad. She referred to all the lovely thank-you letters in the May Monthly. At this time she urged special prayer for Korea.

The speaker told of the Chinese magazine, "Happy Childhood," and how it came to be published. She also told of the gifts of dolls, toys and games sent to Matheson Hospital in the North Bay district.

Mrs. John Mulheron voiced thanks to Mrs. May for her message of interest and to the W.M.S. for hospitality, after which Gail Scott presented Mrs. May with a bouquet of red roses.

Mrs. Thrasher thanked the Mission Band and speaker and closed the meeting with a children's hymn. Each baby Band mother brought a wrapped gift and Mrs. Frank Spencer Jr. was in charge of their disposal which netted the Baby Band five dollars.

The W.M.S. members served sandwiches, cookies and lemonade and all enjoyed a social half hour.

## Bell Telephone To Boost Rates In Ontario

The Bell Telephone Company has been granted authority to increase its rates in Ontario and Quebec, but just what this will mean in the monthly telephone bill is not yet clear. The Board of Transport Commissioners granted the company authority to make certain increases on an interim basis until a final decision is given on its application for an over-all rev-

### SUBSCRIPTION RATES

Anywhere in Canada, \$2.00 a year in advance; \$2.50 a year to subscribers in the United States or other foreign countries. The date to which the subscription is paid is indicated on the address label. Authorized as second class mail, Post Office Dept., Ottawa.

THURSDAY, JULY 13th, 1950

enue increase of 20.6 per cent.

In general, the Board permitted increases of varying amounts for such services as long distance, private line extensions, service connections, moves and miscellaneous, as sought by the company.

But on the exchange-rates phase of its operations — the rates applying to local service for residences and business telephones — the Commissioners granted only 50 per cent of the increase sought, and only after a regrouping of exchanges.

On an annual basis, the rates and charges allowed by the Board are expected to yield an over-all increase in revenues of about 16 per cent instead of the 20.6 per cent sought.

The new rates are expected to go into effect about July 23rd and will remain in effect until the Board hands down a final decision on the company's application for a 20.6 per cent over-all increase in revenues, a case that was before the Board for many weeks.

## Married

WHYTE—REID

A quiet wedding took place at the United Church Parsonage, in Eldorado on Monday, July 3rd, at one o'clock, when Wanda Marguerite, eldest daughter of Mr. and Mrs. Sidmer Reid, of Ivanhoe, became the bride of Harry Royce Whyte, son of Mr. and Mrs. Russell Whyte, of Eldorado.

The Rev. George B. Crabbe performed the ceremony.

The bride was charming in a pale-blue silk crepe, street length dress with matching off-the-face hat and navy accessories. Her corsage was of deep red roses.

Miss Eleanor Reid was her sister's bridesmaid, and wore pale pink sheer with white hat and accessories. Her corsage was of pink roses.

The groom was attended by his brother, Mr. Ralph Whyte.

The bride's gift to her sister was a gold compact. The groom's gift to the best man was a lighter.

The happy couple left for Toronto immediately following the ceremony. On their return they will reside in Madoc.

## Win 3 Heats At Campbellford

Thor Gratton, a black gelding owned by Clifford High, of Cobourg, led the field in all three heats in the 2.23 class at the trotting races Wednesday at Campbellford Fair Grounds. The races were sponsored by the Rotary Club to raise funds for community service.

## Mutual Leader Horored

D. G. WILLIAMS

The Mutual Life of Canada has released its Honors List, recognizing Mr. D. G. Williams for outstanding service to his community in the club year recently closed. He has again qualified as a member of the Company's senior production group, the Quarter Million Club.

Qualification for club membership requires not only the underwriting of a large volume of protection, but, more important, the writing from year to year of "quality" business, that is, life insurance that is continued in force. These two factors, combined with a high personal standard of confidential service to policyholders, earn this recognition for Mutual Life underwriters.

## FARMING MOVES FORWARD ON WHEELS OF POWER

Speeding up the work, cutting down labor and costs, the wheels of thousands upon thousands of tractors move across the land applying handy, dependable power to farm operations.

A great change has taken place in farming in recent years. Modern agricultural implement engineering has designed and produced new and better machines for use with tractors and farmers everywhere have realized the value of this up-to-date equipment in getting their work done easier, quicker and at less cost.

Massey-Harris tractors and power farming machines offer the latest and best in sizes and styles for all types and sizes of farms. Ask your local Massey-Harris dealer for full particulars.

Makers of High Quality Farm Implements Since 1847

## St. Paul's-Carmel Silver Jubilee Year Briefs

(By Rev. A. E. Baker, U.E.)

Have you secured your "Gypsy Rover" tickets yet? The sale is gathering momentum. It is fully expected that every last ticket will be sold before the end of July.

The congregation has been divided into two teams name letters A to K have the blue tickets and name letters L to Z the red tickets.

The Stirling Council has agreed to allow the company two nights at fifteen dollars per night with two nights for rehearsals without additional expenses as has been the practice in the past.

Orders have already been placed for wig material and the colorful gypsy costume material will be ordered this week.

The presentation is both dialogue and music in a clever comedy plot which everyone will enjoy.

Congratulations to Mr. and Mrs. Jack Bush. Best wishes for a long and happy married life.

Marriage banns were read at St. Paul's last Sunday for a late July wedding.

Pew Bibles were presented and dedicated at St. Paul's last Sunday as follows: 1. In loving memory of Percy Kennedy who died on active service December 1916, from sisters Emma and Bessie and brother Harry; 2. In loving memory of John B. Thompson, who died January 1944, from Mr. and Mrs. Chas. Banks, of Moose Jaw, Sask; 3. In loving memory of Alzina Kennedy, the best mother-in-law who ever lived, from her son-in-law, Charles Banks.

The Carmel W.A. expect a large turn out for their lawn social this week.

Cross and Crown attendance pins were presented at Carmel last Sunday to Mrs. H. E. Brown, Miss Verna Brown, Rudolph Bousch, Mrs. L. Brooks, Jackie Bailey and Miss Marion Carlisle for six months' perfect record.

Cross and Crown attendance pins were presented at St. Paul's to Wayne Munro, Janet Ann Good, Rose Ann Vandervoort, Marlene Carlisle, Jeanette Aythart and Janet Reynolds.

The Minister congratulated the Municipal Council on its decision to erect street name plates.

Mrs. Percy Utman and Mrs. R. B. Duffin are sanctuary flower convenors for the Women's Association for July and August. It will be appreciated by them if intentions to give flowers could be telephoned not later than Friday each week. In addition to the beautiful flowers arranged by these convenors there was a first bloom "peace" rose and two cut glass vases of crimson roses from the gardens of Mrs. Mae Beatty at "Hillholme."

Miss Verna Brown creditably interpreted "How Lovely Are Thy Dwellings," in a special solo at St. Paul's last Sunday.

Scoutmaster Harding of the Stirling troop has advised the following requirements of the United Church of Canada for Scout recognition.

"A Scout must to the satisfaction of the Christian Education Committee or the Minister of his own church fulfil at least 9 of the following achievements in which must be included sections 1, 2, 3, 4, 5 and 6.

1. Serve in the Church, Sunday School, or in some definite organization of the Church (such as the Royal Stirling Junior Choir) in some capacity requiring regular service.

2. Attend Church service and Sunday School for 75% of the Sundays possible.

3. Pass an examination on a Bible Study or other suitable course conducted by his church, church school or similar organization.

4. Form the habit of daily devotions including Scripture or other religious reading and prayer.

5. Be recommended by your Scoutmaster as having shown satisfactory evidence in practice of the spirit of the scout promise and law.

6. Contribute regularly from his own savings to one or more church funds.

7. Recruit one or more members not already having a church or church school connection.

8. Attend 75% of your regular scout meetings.

9. List 5 ways in which the church and the world brotherhood of Scout-

ing helps to promote a better feeling of good will and mutual respect among nations and races.

10. Read three books from the church school library or 3 other approved religious or non fiction books.

11. Participate in the distribution of the weekly church bulletin or programme or any special literature of the church on three or more occasions.

12. Know something of the author or circumstances under which six great hymns were written.

Mrs. Sadie McAlpine Brown will be the special guest soloist at St. Paul's and Carmel next Sunday. Mrs. Brown has toured both the United States and Canada in great evangelistic campaigns with her husband the late Rev. John E. Brown.

Stirling Choir is to be congratulated on its holiday attendance interest.

## River Valley W.I.

Mrs. John Kane was hostess on Thursday, July 6th to River Valley Women's Institute with about twenty-five in attendance. Two new members joined, Mrs. Glenn Morrow and Mrs. Reg. Coombes.

Mrs. Don Donohoe, President, was in charge of the opening devotional. Roll call was "Something about where you were born," which proved interesting. Mrs. J. L. Donohoe read the minutes and financial report. The new programmes were passed out and the "Mary Stewart Collect," printed on the back will be used as a closing for all meetings this year.

The August meeting will be a picnic and basket lunch at Bird's Beach at noon on Thursday, August 3rd, with Miss Eleanor Bush Convenor of the Sports Committee. A letter was read re a holiday at Guelph. Five pieces of the luncheon set were disposed of and there are still four pieces for sale to W.I. members. Messages of thanks were read and the Convenors gave highlights of their departments.

Fifteen pounds of sugar will be

shipped soon to Abbott's Leigh W.I., Bristol, England. The programme was prepared by Mrs. Harold Morgan, Historical Research Convenor.

Miss Eleanor Bush delighted with two piano solos, "Sweet Suspense," and "A Trip To Niagara." Mrs. Percy Utman read "Coming Home," and Mrs. George Heasman, "The School Pony."

Dr. Ralph Vandervoort Guest Speaker

As this was "Young Mother's Day," the guest speaker Dr. Ralph Vandervoort, Stirling, Dentist, gave an educational lecture on "Development of Children's Teeth." He advocated a Health Unit for Hastings County, where the aim would be prevention of tooth decay and keeping the child's mouth in a good state of health at all times. So often dental diseases affect the health of the individual and a good educational programme is needed to combat tooth decay. A dental health officer would be a member of every unit and he would be able to detect the trouble at an early stage.

Scientists are busy studying tooth decay especially in children and they say the principal trouble is our tremendous consumption of sugar and other carbohydrates in our highly civilized world. In England many teenagers are wearing artificial teeth, while Newfoundland has a very high percentage. At present in Canada dental decay is growing six times faster than dentists are able to treat it and the general public stands in great need of education on the subject. One hundred years ago the average sugar consumed yearly was eight pounds per person and in 1948 every man, woman and child in Canada averaged one hundred and forty pounds per person of sugar and ninety-five bottles of pop. A bottle of pop contains four and one-half teaspoons of sugar and tons of sugar is used for these beverages.

It is definitely known that tooth decay roots mainly in fermentable sugars in food, candy and soft drinks. Some of this sugar lodges between the teeth, and in crevices or hollows

in the teeth. Bacteria always present in the mouth rapidly transforms it into acid which attacks the teeth.

Some children are born with a natural immunity to this germ in the saliva and they go through life with good teeth, but these people are few in number. Nature has provided a measure of defence in saliva, which tends to neutralize acid. If people use very little sugar this suffices, but for those who indulge in quantities of sweets it is woefully inadequate. Carbohydrates are common in pie, cake and candy, and if children were given less of these and less pop, their tooth decay would be greatly reduced.

Dr. Vandervoort explained the three stages of tooth development, showing how teeth are formed early in life and that is why an attack of measles or scarlet fever greatly effects the growth of the permanent teeth. At fourteen months the child should have its first baby molar and this should be kept until ten years of age. He gave a splendid demonstration by the use of artificial teeth which gave the mothers a graphic picture of the growth of their children's teeth.

Slides Shown Following the lecture Dr. Vandervoort presented a set of slides depicting various X-Ray pictures showing how the roots of the baby teeth are closely connected with the new forming tooth. If a child loses its teeth too soon, various other troubles develop. It is advised that children have regular dental check-ups at three years of age and so prevent many of their cavities. Dr. Vandervoort told the mothers that proper diet is of vast importance for good, sound teeth. The projector and screen used were on loan from Dr. Cornett.

Mrs. Ed. Heasman voiced thanks to the guest speaker for the instructive lecture and slides.

The meeting closed with the "Mary Stewart Collect." The lunch committee served refreshments. Mrs. Harry Vandervoort expressed thanks for hospitality and lunch.

## Pine Grove W.I.

The June meeting of Pine Grove W.I. was held Wednesday afternoon at the home of Mrs. Norman Parks.

The President, Mrs. Fred Campbell, opened the meeting with the Opening Ode and all repeated the Lord's Prayer, and the Institute Creed. The Secretary, Mrs. Harry Coulter read the minutes of the last meeting and the correspondence. Mrs. Leslie Finkle, Convenor for Canadian Industries, gave a very interesting and educational paper on the "Industries of our County of Hastings and the City of Belleville."

Mrs. Alex Tanner read a paper, "The Man and The Job." Mrs. Wm. Rodgers told about the new modern plant of Visking Ltd., of Lindsay, Ontario. This plant is the largest and finest of its kind in the British Empire.

The lunch committee served dainty refreshments.

## What Others Say!

BIRDS AND INSECTS (Guelph Mercury)

Writing to a contemporary an observer asserts that our flowers and trees 50 years ago were comparatively free from such pests as the tussock moth, the green turnip louse and other vermin, which now feed on our vege-

tation, doing damage to the extent of hundreds of thousands of dollars annually. With the advent of the sparrow came a marked change in the situation. The native song birds, driven off by the noisy little aliens, are no longer permitted to clear the air of the hosts of insect pests so destructive to agriculture. With the coming of the starling the situation was aggravated.

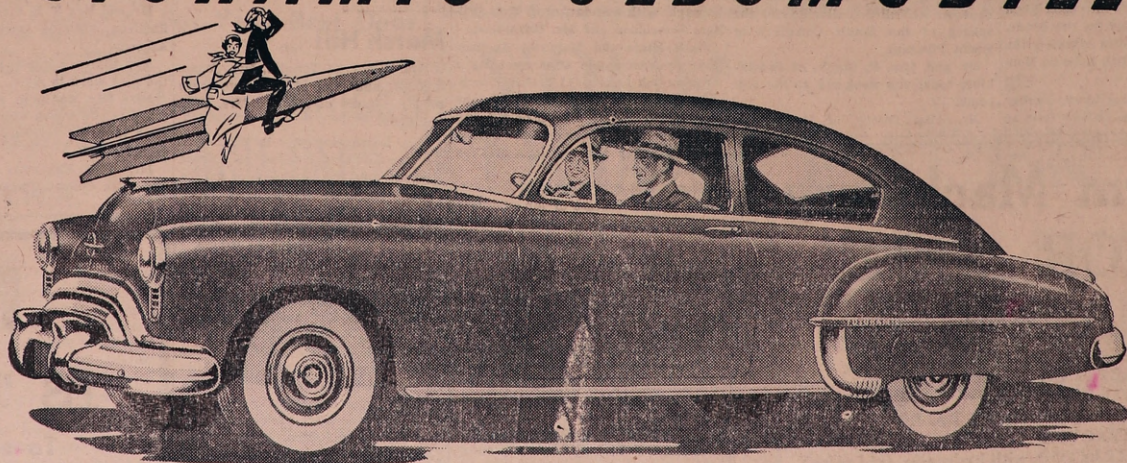

## Smiths Falls Paper Marks "Old Home" Week

The Record-News marked the opening of the Smiths Falls "Old Home Week" with a 56 page special edition. The issue was published on Thursday last and included numerous stories on the history of the town and many of its prominent citizens. The stories were replete with pictures. A. E. "Gus" Dobbie, a former publisher of the News-Argus, is the editor.

### RIVER VALLEY WOMEN'S INSTITUTE

Fifteen pounds of sugar will be shipped soon to the members of Abbott's Leigh W.I. in England.

spending some time with Mr. and Mrs. Jas. Menzies and Mr. Jack McEathron.

Mr. and Mrs. John Holmes spent the Dominion Day Holiday with Mr. and Mrs. Clifford Holmes and family, of Kingston.

Mr. P. Remington, of Newburg, is holidaying with the Potts families.

Mrs. Albert Dunkley spent some time in Toronto with her daughter, Mrs. Fred Taylor.

Mr. and Mrs. Jack Brown and children, Norwood, Mr. and Mrs. Arthur Brown, of Peterborough, called at the Menzies home recently.

On Tuesday, July 4, the McFarland Construction began operations on Pump Street and several trucks from Stoco, Belleville, Markham, Northport, Campbellford, Westport, Roseneath, and Holloway, have been busy trucking fill from Clarence Rollins farm. During the rainy weather the dust stayed put, but since the dry, hot weather there is certainly dust clouds everywhere. The telephone men are busy stringing wires and the hydro men are setting poles. A new cement bridge is being built on Pump Street and the place is a hive of industry. A drive over the road reveals several landmarks missing. For the past few weeks the Construction Co. were busy cutting down the hill at the McAdam and Potts farms; also at Bill Jeffs, previous to their move eastward.

### Rylstone

Mr. and Mrs. William Rutherford and Miriam were recent visitors to Presqu'ile, where they attended the McCullough re-union.

Mrs. John Stewart and grandson, Glen, spent last week-end in Peterborough, with her daughter, Mrs. William Donaldson and Mr. Donaldson.

Ruth Milne and Margaret Spencer have returned home after spending a week at Oak Lake C.G.I.T. Girls Camp. Several from here attended the Garden Party on the lawn of Mr. and Mrs. Lindsay Anderson on Friday evening under the auspices of Zion United Church.

Aleata and Bill Wilson, of Trenton, were Sunday visitors of Mr. and Mrs. Clarence Thomson.

### Wellman's

Mrs. Green, of Campbellford, spent the past week with her daughter, Mrs. Fred King.

Mr. and Mrs. Eugene King, of Campbellford, Misses Ina and Gail Scott, and Miss Muriel Morton were tea guests on Friday with the King families.

Mr. Angus Todd, Edgar and Glenn Graham and Glenn Watson are enjoying a motor camping trip through the Toronto, Niagara and Chatham districts.

Miss Stella Fletcher, of Trenton, was a week-end guest of Miss Della Johnston.

Mr. and Mrs. Victor Graham, Eleanor and Freda were tea guests on Sunday called on Mr. and Mrs. Harold McCracken, of Roseneath, in the afternoon.

Mr. and Mrs. Lloyd King and Yvonne and Mr. and Mrs. Fred King spent Sunday with relatives in Peterboro.

Mr. and Mrs. Dan Bronson, Lorraine and Marcella, of Madoc, spent Sunday evening with Mr. and Mrs. George Watson.

Misses Dorothy and Loretta Ryan, of Belleville, spent a few days at the home of their sister, Mrs. Clarence Dunham.

Mr. and Mrs. Fred Thrasher are

Edith Sills 37-1

### Bonarlaw

Mrs. A. V. Brown is spending a few holidays in Toronto visiting her daughter, Mrs. Mervin Willert, and other relatives. She was accompanied by Douglas and Doris Morrow, her grandchildren, who returned on Monday of this week accompanied by their mother, Mrs. Eva Morrow, who will spend a couple of weeks' vacation here.

Stanley Kitchener, Agent C.P.R., returned on Tuesday of this week from a two weeks' vacation at the family summer home near Lindsay.

Jesse Barlow Sr., is spending the month of July at the cottage at Crowe Lake.

A large number of Orangemen and their families from this vicinity spent the 12th of July celebrating at Madoc.

### Wellman's W.A. And W.M.S.

The July meeting of the Wellman's Woman's Association and Missionary Society was held on the 4th of July at the home of Mrs. Harry Fanning, with fifteen members in attendance.

The meeting opened with the theme song and hymn, "For The Beauty of The Earth." The Scripture Lesson was Genesis verses 8, 9, 10 and Jeremiah 31, verse 12. The meditation thoughts given by the President, Miss Della Johnston, were based on gardens, which brought out the thought of man's inability to work alone. It must be God, man and nature working in harmony to create the garden. The result is beauty and a place of peace and joy. Comparing Christian living to gardening we must have the preparation period. It is then the stones of bad habits are eradicated and the noxious weeds of sin are uprooted, we must plant the bed of good deeds and let the trellises of prayer climb heavenward. It is then faith flowers freely. Thus, our lives would indeed be a Garden of Eden.

After the Lesson Thoughts and prayer, Mr. Vaclavik sang, "In The Garden," and by request he sang one verse in Czech of, "Jesus Savior Pilot

### NOTICE FARMERS

### ATTENTION FARMERS

We will be pleased to pick up dead or crippled farm animals and pay highest prevailing prices. For immediate service, telephone collect, Stirling 553. Gordon Young Ltd. 37-1

Me." An invitation was received from Bethel Women's Association to attend a Silver tea at their Church on July 14th. Readings were given by Mrs. Sharpe, "The Common Disciple," Mrs. Thrasher, "The Yugoslavian," Solos by Mrs. Beckett, "Onward Christian Soldiers," and Mrs. Rainnie "Beautiful Garden of Prayer."

Mrs. Burton Morton gave a topic on "Paper," which was very educational, which followed the process of paper making to date and told of the promising future ahead for the paper industry.

The meeting closed with hymn, "God Moves In A Mysterious Way," and prayer by Rev. Vaclavik. Lunch was served by the hostess and the lunch committee. On behalf of those present Miss Emma Rainnie thanked Mrs. Fanning for her hospitality.

### Manitoba Flood Relief Committee Says "Thanks"

Mr. H. R. Tompkins, The Editor, Stirling News-Argus, Stirling Ont.

Dear Mr. Tompkins:

On May 26th, we wired to you seeking your co-operation in connection with the Manitoba Flood Relief Fund. At that time the Red River flood was at its height and many thousands of residents of the Red River Valley area had been driven from their homes.

The flood waters have now receded and business life of the community is back to normal. As a result of the generous help given by the weekly newspapers of Canada in support of the Fund, along with the assistance given by the press and radio of Canada and some thousands of local committees which have been giving their energetic help to the Fund, we now have received contributions of more than \$6,500,000 in cash and goods to the value of several hundreds of thousands of dollars, which goods have been directed to the Red Cross and Salvation Army for distribution to flood victims.

The generous contributions made to the Fund will enable us to carry out our objective of fully compensating flood victims for loss of furniture, home furnishings and personal belongings destroyed or damaged by the flood waters. Approximately 1,000,000 persons have contributed to the Fund. These contributions have ranged from 25 cents up to \$360,000 received from the Line Elevator Companies and the

grain trade.

The Manitoba Flood Relief Committee has decided to bring the campaign to a close on July 15th. In ending the campaign the Committee and the flood victims whose homes will be restored by the Fund, wish to express to Stirling News-Argus deep appreciation for all that you have done in enabling the Fund to reach its objective. They also ask that through your columns they be permitted to convey their heartfelt thanks to the citizens of your district who have contributed so generously and to those who have worked so diligently in local efforts on behalf of the Fund.

We feel that the contributors to the Fund will be interested in knowing that the raising of the Fund was accomplished entirely with voluntary help. As a result of all connected with the Fund having contributed their time and efforts, the cost of raising this large sum of money will be less than 1-2 of one per cent of the amount collected. We believe that this constitutes a low cost record in the raising of such a large Fund.

We would appreciate it if, through your columns you request that any local committees operating on behalf of the Fund forward any contributions on hand as soon as possible after the closing date of the campaign.

Again thanking you for your generous help.

Sincerely yours,  
Cecil Lamont,  
Honorary National Organizer,  
Manitoba Flood Relief Fund

## The Stirling News-Argus

Hello Homemakers! Pressure canners and large pressure saucepans offer a great incentive to can low-acid foods most safely and well. Low acid vegetables are peas, beans, corn, spinach and beets. Canning can now be done with a saving of time and fuel compared to the water bath or open-kettle method. Since it is necessary to destroy certain bacteria without affecting food value and attractiveness, this can only be accomplished safely in a steam pressure canner which reaches a temperature far above the boiling point of water, that is, 212 degrees. At 10 pounds pressure, the temperature in the cooker reaches 240 degrees.

The saving in time is only concerned with the amount of fuel in that it does not take long to watch but the "cooling off" period is almost one hour. Never try to hasten cooling of any canner by putting kettle in cold water or by wrapping cold, wet towels around it since this draws liquid from jars.

#### HOW TO CAN

1. Prepare jars. Examine jars for nicks, chips and cracks. Scrub perfect jars and lids with hot soapy water. Rinse in clean hot water and keep hot until ready to be filled.
2. Prepare food. Work with only enough food for one canner at a time. Wash and sort, discard any imperfect product. Prepare each vegetable according to directions given on the chart for processing vegetables in a canner.
3. Precook vegetables. Put vegetables in kettle and cover with water. Cook for number of minutes designated on chart, then pack into hot jars.
4. Filling and sealing jars: leave one inch of head space for starchy vegetables — peas, beans, corn, etc. and 1-2 inch for other vegetables. Use the blanching water to fill jars to the brim. Add 1 tsp. salt for quarts and 1-2 tsp. salt for pints. Remove air bubbles by running a knife up and down several times. Wipe off sealing surface of jars with a knife dipped in boiling water. Adjust the lids of jars according to directions given with each type of jar.
5. Cooking the vegetables: place jars on the rack in cooler so they do not

touch and pour in water to a depth of 1 inch . . . or 2 inches if old-model cooker. Adjust cover and keep petcock open until steam has been coming out in a steady stream for 7 minutes, so that all the air is exhausted. Adjust petcock to closed position and let pressure begin to rise then turn electric element to Low and you may find that pressure rises to 10 and remains steady. Count time when desired pressure is reached and keep an eye on the clock or set The Minute Minder. Canning at high pressures will make a lot of difference so do keep track of the time.

6. Cooling the canner: When processing time is up, turn off heat and remove canner from range. Be sure to wait until gauge registers zero before you open petcock. Take off the cover, tipping the far side open first to let steam escape. Allow jars to stand until bubbling in them ceases. Then lift them out and complete the seal of zinc and spring tops.

7. Care of processed jars. Leave jars upright and keep out of drafts. To test jars for leaks, gently tip a cooled jar (except those with self-sealing lids) and see if there are any moisture drops. To test jars with metal discs (self-seal lids) tap centre of lids with a spoon. The sound should be clear and ringing. If sound is dull, you should open jar, heat contents to boiling, and can in a sterilized jar. Wipe jars clean and label, stating contents and date. Store in a cool, dry, dark place.

#### Table for Processing at 10 lbs. pressure

Beans (limas)	45 mins., pints; 55 mins., quarts
Beans (string)	30 mins., pints; 40 mins., quarts
Beans (green soy)	60 mins., pints; 70 mins., quarts
Beets	40 mins., pints; 45 mins., quarts
Corn	65 mins., pints; 75 mins., quarts
Spinach	95 mins., pints; 100 mins., quarts
Peas (green)	45 mins., pints
Pumpkin	85 mins., pints
Tomatoes	(5 lbs. pres) 8 mins., pints

#### THE QUESTION BOX

Mrs. S. O. asks: the best method of canning tomatoes without a pressure canner?

#### Canning Tomatoes

Answer: Select firm, ripe tomatoes. Wash. Blanch by immersing 4 or 5 at one time in boiling water for about 1 minute. Plunge into cold water and peel at once; place tomatoes in large kettle and simmer 3 to 5 minutes. Fill jars and add 1 teaspoon salt to each quart. Cover with the hot juice from simmering kettle. Process in electric oven at 275 degrees for 30 mins. or in hot water bath for 20 mins. Allow 1-2 inch space around each jar and remove from heat as soon as processing period has ended.

Mrs. T. J. asks: How to calculate canning period in electric oven with automatic control?

Answer: We suggest you pre-heat electric oven to 300 degrees. Arrange 4 jars on the broiling pan (minus its rack). Pull out the shelf (in second lowest position) of pre-heated oven and place the broiling pan containing 4 jars on shelf. If you are processing 6 jars, then put the other two in position to allow circulation of heat around each. Make placements quickly and close oven door to prevent excess loss of heat. Move temperature indicator to 275 and the oven should be about at that desired degree. It does not matter if the light comes on again during the processing period.

Mrs. C. S. asks: What to do if juices seep out of jar during oven processing?

Answer: If juices leak out of jars, test for air tight seal when the jar is cool. The space will not cause food spoilage if seal is good.

Anne Allan invites you to write to her in care of the Stirling News-Argus. Send in your suggestions on homemaking problems and watch this column for replies.

#### Good Spellers Compete At Ex

The mammoth spelling bee open to adults only, will be on again at the Canadian National Exhibition with cash prizes for those who have mastered the English dictionary, it is announced by Kate Aitken, C.N.E. Women's Director.

Last day for filling entry forms is August 14th. Would-be keen spellers may write for their registration forms now, addressing correspondence to the Women's Division, Canadian National Exhibition, Toronto, Ontario.

Spellers will come up on the Exhibition mat at the Coliseum the night of Saturday, September 2nd. There will be different groups of words for

each group of contestants. Mrs. Aitken points out. All standard spellings will be allowed. Any number of people from any one club or organization may compete for the cash prizes which total more than \$100.

#### Trim Hat Win \$50.00

In there an easier way to win \$50.00 than by trimming a hat when all the latest and gayest materials are provided? That's the question Kate Aitken, women's director of the Canadian National Exhibition, asks in announcing the big Trim Your Hat competition to take place at the Exhibition.

"Women have always been notorious for the styles of their hats," Mrs. Aitken points out. "Why not cash in on this feminine fable which is open to all women with nimble fingers and a flair for fashion?"

Hat shapes, millinery trim such as flowers, ribbons and veiling, wire, pliers, scissors, needles and thread will be supplied by the C.N.E. Cash prizes of nearly \$150.00 will be awarded for workmanship, cleverness of trim and suitability of the hat to the entrant. The hat will be modelled and judged on the entrant.

Entry forms may now be obtained by writing to the Women's Division Canadian National Exhibition, Toronto, Ontario. Last day for prospective contestants to get their entries in is August 14th. Competition is scheduled for September 5th in the afternoon. Professionals are not eligible.

#### Set Navy Day On October 7th

From now on the first Saturday in each October will be marked as Canada's "Navy Day," Defence Minister Claxton announced. It falls this year on October 7th.

The day following Navy Day will be marked as "Battle-of-the-Atlantic Sunday" in honor of the naval and merchant seamen who fought and who perished in that prolonged battle in the Second World War.

In line with Air Force Day celebrations, Navy Day will see an "open house" held where possible at naval stations and on naval ships with the public being given a chance to see what Canadian seamen do and to get to know them better.

Displays and demonstrations will be staged.

On Battle-of-the-Atlantic Sunday, church parades will be held in the various localities in which there are naval bases, training establishments and divisions.

Special services will be conducted in churches across Canada in commemoration of the part played by the Navy and by Canada's merchant navy in the struggle to preserve the vital ocean life-line to Britain, and tribute will be paid to the naval and merchant seamen who lost their lives in the war at sea.

#### Dew

There is rich history and deep meaning associated with this word Dew — one of the most appealing in the English language. It probably comes from the ancient Anglo-Saxon word "deaw." For unknown thousands of years men have pondered this night-born phenomenon of Nature. It is mentioned in the Bible; it was described by Virgil, Herodotus and Aristotle; Shakespeare spoke of "The golden dew of sleep." Thomas Jefferson, an unusually keen observer of Nature, wrote that dew was more common in the lowlands than on the surrounding hills without appreciating that air cooling is more pronounced on the low plains than on uplands.

Writers, with the literal licence generously accorded them, speak of the dew "falling." This is technically incorrect. The tiny drops of liquid that form on grass blades, leaves, and spider web threads are actually condensed from water vapor. The process begins shortly after sunset and continues steadily through the night hours unless there is a considerable temperature change. As plants and earth radiate their warmth and become cooler moisture of the surrounding warm air is condensed on the cooling objects.

If you have never observed dew tentatively, purchase an inexpensive hand lens and add another subject to your nature interests. Each drop of dew on a sunlit morning is a brilliant mirror. The image is upside down but if you look closely you may see a white cloud or a nearby tree. A long grass blade is frequently a picture of symmetrical beauty with a large dew drop at the blade point and many smaller drops spaced evenly along the edges. A web on the lawn is often

#### Survey Party Mapping Tweed Area

A geological survey party is located in Tweed at present, going about the job of mapping the area north-east of the village. Purpose of the project, according to C. A. Burns, who is in charge of the party, is to study this district, one of the few areas having a particular pre-cambrian rock formation for the purpose of, as he puts it, "supplying us with some of the answers" to present geological problems.

Mr. Burns who hails from White Rock, B.C., has just completed a post-graduate year at Queens University, Kingston. Others in the party, which is under the Department of Mines and Technical Surveys, are J. Church, of East Riverside, N.B., a University of New Brunswick student; J. A. Pounder, of Stratford, a student from McGill University, Montreal; and J. A. Boyd, of Kingston, a Queen's student.

While here, the men are occupying two of the cabins at the Tweed Memorial Park. — The Tweed News.

#### Cameras Only

If you are planning to holiday in Algonquin or other Provincial Parks, leave your guns at home. This was the warning of officials of the Ontario Department of Lands and Forests who pointed out it is illegal to carry within a Provincial Park any trap or firearms, or other equipment for hunting or trapping. "Do your hunting with a camera," the officials pointed out.

#### New Cop At Trenton

Grenville Carley, R.R. 1, Concession, has been taken on strength by the Trenton Police Department and will commence duties next week. Police Chief Jack Taylor reports.

## NEWS FOR THE BUSY FARMER

### BHC CONTROLS SPITTLE BUG

Successful control of spittle bugs with benzene hexachloride increased first cutting of alfalfa by 57 per cent in recent U.S. experiments. The spray, made by mixing two ounces of BHC in 100 gallons of water, was applied at the end of April. Control of the bug was reported as practically 100 per cent effective.

In the tests, benzene hexachloride gave better results than DDT. While the latter insecticide killed adult bugs it did not get the young encased in spittle masses, C.I.L. News reports.

Adult spittle bugs are brown in color and are often identified incorrectly as leaf hoppers. The adults form foamy masses on the plant to protect the young nymphs which live inside the masses. When the insects mature in early summer they take wing and scatter through clover, alfalfa, and other plants. Heavy infestations literally shuck the life from the plants, causing them to turn yellow.

### RAPID TEST FOR HAY CURE

A quick method of testing hay to determine if it is safe to place in the mow and has been developed at the Michigan State College.

The equipment, as described in C.I.L. Agricultural News, consists of an oven, cylinder, weighing scales and moisture chart. To determine the moisture content of hay, the oven is fastened to the exhaust of a truck, tractor or automobile. A sample of hay is folded and pressed into a metal cylinder. Cylinder and sample are weighed, then placed in the oven. The engine is started and allowed to run a little faster than idling speed. It takes from five to seven minutes for the hot exhaust gases to dry the hay.

The cylinder and sample are then weighed again. By using the chart which comes with the equipment, the amount of moisture which was in the hay before drying can be quickly read. If the reading shows that hay has more than 20 per cent moisture, it is not safe to place in the mow.

### EVERY FARMER A CHEMIST

Whether he realizes it or not, every Canadian farmer is a chemist. In his fields and barns he supervises one of the greatest chemical processes—that of producing food for his fellow men. Meat, grain, vegetables, fruit and milk are the products of the farmer's work with sun and rain, with seed and tools, and the chemical elements of the soil. These last are of vast importance to him since their presence

or absence may determine the success or failure of his crops.

If he is conscientious about his vocation and wishes to prosper, a farmer should know the chemistry of his soil. He should know, for example that nitrogen, phosphorus and potassium are chemical elements which are food for plants when present in proper form and amounts in soil. Since plants are not mobile, the food must be brought to them and placed where they can reach it. Keeping the soil so that it can act like an efficient chemical plant requires application of plant food in manure and fertilizers, maintaining organic matter and proper tillage for good soil structure. He should know something of the trace elements — boron, manganese, iron and zinc — all important to healthy plant growth.

Chemical soil tests and observation of crops are indicators of the state of the soils when wet causes poor soil structure and the plants show it. Commercial fertilizers are sources of the plant foods, nitrogen, phosphorus and potassium. Farmers know them as nitrogen, phosphate and potash derived from common materials such as ammonium, sulphate, superphosphate and muriate of potash or mixtures of these.

This is true chemistry with which every farmer should be familiar if he is to give back to the soil essential elements removed in harvested crops and by leaching and erosion.

### QUEBEC LAUNCHES AIR WAR ON SPRUCE BUDWORM

The stillness of the small Quebec town of Malbaie on the North Shore of the St. Lawrence River is being shattered these days by the roar of airplane motors warming up in readiness for an attack. The enemy — hordes of voracious spruce budworms, which threaten thousands of acres of lush forest land in La Malbaie and Murray Bay areas.

Ammunition in this case is an oil spray of 12 per cent DDT which has been found to be one of the most effective means of spruce budworm control, say scientists of C.I.L.'s agricultural chemicals division. Before spraying is undertaken, the forest area is carefully marked. The plane then

makes low sweeping swaths to assure as complete coverage as possible. As DDT is a residual poison, budworms not killed by contact action are destroyed as they emerge from protected places.

Spruce budworms winter as tiny caterpillars in small silken cases attached to crevices in the twigs near the buds. When the buds burst forth in spring, the caterpillars emerge and feed in the succulent growth. After feeding they go into resting stage among the infested branches, reappearing in August as moths. These lay their eggs in the underside of the needles. After 10 days the eggs hatch into caterpillars which feed a short time then pass into winter hibernation.

It is estimated that standing timber equivalent to millions of cords of wood are destroyed annually in Canada by the ravages of the spruce budworm which is equally dangerous to fir, larch, hemlock and pine.

### County Clubs Well Attended

The June meetings of the Hastings County Boys' and Girls' Club and Grain Club have recently been completed.

The Calf Club meetings consisted of instruction and practice in judging dairy cows and halter-making. Each member present at the meetings made a rope halter for his or her calf.

The Hungerford Calf Club meeting was held at the farm of Mr. Stanley Bateman on June 19th. There were twelve of the fifteen members present.

The officers of this club are as follows: President, Donald Montgomery; Vice-President, Kevin Healey; Secretary, Phyllis Kleinstuber; Club Leader, Bernard J. Hunt; and Assistant Club Leader, Donald Martin.

The Stirling Calf Club meeting was held on the farm of Everett Lake on June 20th. Attendance was fourteen out of eighteen members in the club.

The officers are as follows: President, George Cooke, Jr.; Vice-President, Carl Reid; Secretary, Glen Wilson; Club Leader, Carl E. Bateman.

The Belleville Calf Club meeting was held June 21st at the farm of Mr. Carl Thompson. Seventeen members were in attendance. The officers are: President, Frank Harry; Vice-President, Bob Bush; Secretary, Gerald Harry; Club Leader, Douglas Harry.

On June 22nd, the Madoc Calf Club meeting was held at the farm of Mr. Philo Harris. All members were present, there being sixteen in the club. Officers are: President, Claude Comerford; Vice-President, Ross Moorcroft;

Secretary, Betty Ketcheson; and Club Leader, Rex Rollins.

The Marmora Calf Club meeting was held on the farm of Mr. Irwin McCoy on June 27th. Eleven members were present. There are fifteen in this club. Officers are: President, John Cook; Vice-President, Douglas Bedore; Secretary, Stella McComb; Press Reporter, Leo Hulsman; and Club Leader, Irwin McCoy.

The Mohawk Calf Club meeting was held at the farm of Mr. Norway Maracle on July 4th. There were six members present at the meeting, with twelve of a membership. President, Ray Brant; Vice-President, Tom Maracle; Secretary, Lillie Maracle; and Club Leader, Donald R. Cassie.

The South Hastings Grain Club held its meeting in the Board Room of the Ontario Department of Agriculture Office, Stirling, on June 30th. The programme consisted of discussion on weeds, judging oats and wheat, and showing slides dealing with weed eradication, crop rotations and experimental methods. There were eleven members present. The Club consists of fifteen members, with Glen Wilson as president; Bob Philp, Vice-President; John McComb, Secretary; and Harold J. Detlor, Club Leader.

### Peterboro District Shorthorn Club

A news item that will be of interest to many farmers in the Quinte District is the formation of the Peterborough and District Dual-Purpose Shorthorn Club at Peterborough last Friday evening, June 30th.

The purpose of this club is to co-ordinate the activities and sales of Dual-Purpose Shorthorns and in general promote the breed throughout the area.

The officers elected for the new club are:

President — Leonard Trotter, of Madoc.

Vice-President — Edmund Ruth, of Omeme.

Secretary-Treasurer — A. O. Dalrymple, Ontario Department of Agriculture, Stirling.

Directors — Harold Clarke, of Uxbridge; Bill Chatten, of Omeme; Joe Sullivan, of Peterborough; Dorion Cassidy, of Erinsville; Scott Gilmore, of Tamworth; Gregory Scotland, of Peterborough; Thomas McCamus, of Cavan.

It was decided at the meeting that an annual membership fee of \$1.00 per member be charged. It was also decided to have a man from the club represent the Club re Peterborough

Exhibition.

Breeders of Dual-Purpose Shorthorn cattle are urged to join the club through the president or secretary, for only by active support by all breeders can this club be a success.

### Centre Hastings Rural Softball League

The following schedule of the Centre Hastings Rural Softball League for the coming season is as follows, with all games to be played on Tuesday evening. First game at 7.30 sharp, 2nd game at 8.45.

Tuesday, July 18th — Juniors vs Glen Ross; Rylstone vs Minto.

Tuesday, July 25th — Minto vs Juniors; Glen Ross vs Rylstone.

Tuesday, August 1st — Rylstone vs Juniors; Minto vs Glen Ross.

Tuesday, August 8th — Minto vs Rylstone; Glen Ross vs Juniors.

Tuesday, August 15th — Rylstone vs Glen Ross; Juniors vs Minto.

Tuesday, August 22nd — Glen Ross vs Minto; Juniors vs Rylstone.

Tuesday, August 29th — Playoffs begin.

### Revised Legion Softball Schedule

July 13th — Tweed at Stirling.

July 14th — Stirling at Tweed.

July 17th — Madoc at Marmora.

July 20th — Madoc at Stirling.

July 21st — Marmora at Tweed.

July 24th — Tweed at Madoc; Stirling at Marmora.

## CANADA'S MOST MODERN GASOLINE!

Sensational New High-Test Gasoline  
Designed for New High Compression Engines  
Gives New Life to All Cars

Mr. E. S. Marshall, Hamilton, says:

"I've used many different brands of gasoline since I started driving, and I find that NEW Blue Sunoco gives me extra smoothness, more power, longer mileage and fast acceleration. I like the service I get at my Sunoco Station, too."

Mr. W. Hawke, Montreal, says:

"For top performance, I don't think there's anything to touch NEW Blue Sunoco. I've been using Sunoco for years and always found that it gave a bonus of smooth, knockless power... even before the recent improvement."

Major J. E. Sutcliffe, Toronto, says:

"This NEW Blue Sunoco is really something! I average 20,000 miles a year, and I find that with Sunoco gasoline I can drive a big car at light car cost. 10 Gallons of this new fuel should be enough to make any driver a Sunoco regular."

New High

ANTI-KNOCK POWER  
Hills seem flatter... miles shorter!

New High

ALL 'ROUND PERFORMANCE  
Like extra horse-power under the hood of your car!

New High

VALUE FOR YOUR MONEY  
Improved performance means increased value for your gasoline dollar.

MAKE THE 10 GALLON TEST  
AND FEEL THE DIFFERENCE!

For best results, don't dilute NEW BLUE SUNOCO with other gasoline. Wait until your tank is nearly empty — then put in 10 gallons of NEW BLUE SUNOCO.

Compare it! Feel the difference!  
We believe you'll never go back to ordinary gasoline!

PERFORMS DIFFERENTLY BECAUSE IT'S MADE DIFFERENTLY!

You may be one who has overlooked

A small account or perhaps something

You took on approval — you kept?

### BOB'S

"Service With a Smile"

## Wolf Cubs Enjoy Camping At Point Anne

Tuesday, July 4th, Allan Wells, Marvin Tanner, Art McConnell, Doug Harding, Doug McIntosh, John Ray,

Billy Tulloch and Joe Irish went to Point Anne for 4 days' camping.

Arriving at camp at 11.00 o'clock the boys went to work to put up the tents, then had lunch. After lunch we built a fire place to cook meals, then went for a hike in the woods. On returning to camp we prepared supper, some boys carrying wood and

others water. The boys did not get much sleep that night as they had pillow fights and railed the tents, but all was quiet about 2 o'clock.

Wednesday, up at 7.30. Akela had breakfast ready for the boys, and did they eat. Then the boys washed the dishes and cleaned up the tents and had our camp service at 10.00 o'clock. They went swimming at 11.00 o'clock. Allan Wells and Doug McIntosh passed the Swimmer Badge. Lunch at 12.30, then rested till 2.00 o'clock, after which they went for a walk to Point Anne. The boys were quite tired when we got back to camp so laid around till supper time. After supper Akela, Mrs. Kemp and A.C.M. Betty Smith, of Belleville, paid us a call and Mrs. Kemp gave the boys a fine talk on their Law and Promise, and told them several stories. We had ice cream and cookies around the camp fire and closed the night with the camp fire service. As we had no lights in the tents the boys caught fire flies and put them in bottles so they could see.

Thursday — Akela got up to build the fire then each boy had to cook his own breakfast. That was some fun to see. Some of the boys had some fingers. The boys wanted to stay another night, so had to call Harold Wells to tell him not to come for us. The boys had lots of fun going through the old buildings and woods. The boys had a great time with pillow fights and one boy went to bed with no pillow as the end came out of it.

Friday — Boys up and got their own breakfast and did a lot better. Doug McIntosh cleaned up the tents and washed dishes and did the work around camp so he could pass his House Orderly Badge, and Allen Wells passed his Guide Badge.

After lunch we went to work to take down the tents which was lots of fun, the boys finding how many rocks they were sleeping on. Mr. Wells arrived at 4.00 o'clock and we loaded the truck, then had our break camp service and taking the flag down which was done by Allen Wells. There was a contest on between Allen Wells and Billy Tulloch to see who could eat the most, but I could not keep up with them to find out who won. I know Allen got 3 pieces of pie one day. We arrived in Stirling about 5.00 o'clock, and I think we all had a wonderful time, with grand weather and no accidents.

Akela.

## Let's Have The News

Vacation season is here, and it brings a steady stream of visitors to the community, while scores of local residents are holidaying at other points from time to time.

Every one of these visitors is a news item of interest to at least some of our readers and we are very anxious to receive these items. Send them in, or bring them in, phone them in, or if you live in the country, let your district correspondent know. We do not wish to miss these "comings and goings", but if someone doesn't tell us, how are we to know? May we count on your cooperation?

## TAX RATE 57 MILLS FOR TOWN OF PICTON

A 57-mill rate will again be in effect for the coming fiscal year as decided by the Picton Town Council at its regular meeting on Tuesday night. This rate is similar to the one struck last year.

Last of the Dutch family of Roosevelt which contributed two United States Presidents, is Henri Willem Frederik van Roosevelt, an Amsterdam Chinese restaurant worker.

## Springbrook W.A. Met at Home of Mrs. G. Broadworth

The Springbrook Women's Association held their July meeting at the home of Mrs. Gerald Broadworth, on Thursday, July 6th.

The President opened the meeting with the use of hymn 446, followed by the theme song and W.A. Prayer. The 91st Psalm was read responsively, led by Mrs. Jno. McKeown. Mrs. P. Smith read the Lesson Thoughts, "Christian Witness," closing with prayer. One verse of hymn 351 closed the devotional period.

The roll call "Witnessing for Christ," was responded to by 26 members and 2 visitors. The visiting committee reported 22 calls made and 2 cards sent during June. The flower committee reported flowers and fruit sent to various members. Invitations from Bethel and Stanwood were accepted for the 14th and 19th of July respectively. Twenty-five dollars was voted to "Save The Children Fund."

The programme for the afternoon was provided by special members. A splendid topic "Christian Witness," was given by Mrs. T. Moore. In closing Mrs. Moore quoted the following lines "Oh, beware lest instead of the bright colored sheaves, we render Him only a handful of leaves."

Chapter III of the Study Book was given in dialogue by Evelyn Bailey assisted by Mrs. G. Broadworth; also a reading entitled, "Enlightening The Mind."

A reading, "St. Peter at the Golden Gate," by Mrs. Ed. Huff, created plenty of amusement. Mrs. G. Webb read an article on "Kindness," and Mrs. Jno. McKeown read the verses of a song, "Oh Leave It To The Ladies Aid."

The meeting closed with the Mizpah Benediction, after which a social hour and a cup of tea were enjoyed.

## Chatterton W.M.S.

The July meeting of Chatterton W.M.S. was held at the home of Mrs. E. B. Finkle on Wednesday 7th last week with nine members present. The President, Mrs. Grace Bartindale, was in the chair and presided over the business portion of the meeting.

Items discussed were, changing the name from Chatterton to Marsh Hill. The Corresponding Secretary, Mrs. Allyn Finkle, to write for information on how to proceed; using clothing collection; the tea, bazaar and Baby Band party to be held on July 18th on Mrs. Bartindale's lawn. Mrs. Fred Campbell in charge of home cooking sale. Mrs. E. B. Finkle, bazaar, and Mrs. Bartindale afternoon tea. There

are two new members added to the Baby Band.

As the members joined Holloway Street W.M.S. in June to celebrate the 25th Anniversary, roll call was taken for June and July, and May minutes were read and confirmed. The Treasurer, Mrs. Lindenfield, reported \$26.16 on hand, which sum does not include the systematic giving offering.

At this point the meeting was turned over to Mrs. E. B. Finkle, who had prepared an interesting programme based on the work of the past 25 years. Mrs. Ben Bleeker spoke re the first and the present Moderator of the United Church. Miss Mae Currie gave brief messages from the first and present President of the Dominion Board W.M.S. Mrs. Allyn Finkle advised of the number of Missionaries appointed since union, with special mention of the most recent ones. Mrs. Campbell spoke on "Our Missionary Scholarship," Mrs. B. Finkle on "Home Missions then and now," and Mrs. Bartindale on the "School for leaders."

Mrs. Frank Finkle read the list of presidents since union. They are Mrs. C. Vandewater, Mrs. B. R. Searles, Mrs. J. Frederick, Mrs. B. Mitts, Mrs. F. Campbell, Mrs. B. Bleeker, Mrs. E. B. Finkle, Mrs. W. Lindenfield, Mrs. Bartindale. On request the Secretary read an account of the 40th anniversary of Chatterton W.M.S. held in 1911.

A memorial service for members deceased during the past 25 years was conducted by Mrs. Lindenfield and Miss Mae Currie, when roses were placed in a crystal vase as each name was read as follows: Mrs. Palmer,

Mrs. Herberson, Mrs. G. Mitts, Mrs. D. Carl, Mrs. Walter Boardman, Mrs. C. Vandervoort, Mrs. F. Lough, Mrs. Jas. Bird, Mrs. Horton, Mrs. R. N. Reid, Mrs. Benson Searles, Dr. Emma Connor, Mrs. Sam Curry, Mrs. John Prest, Mrs. Lester Reddick, Mrs. Jas. Parks. The service included a few brief remarks re the services rendered by the deceased, the use of the hymn "For all the Saints who from their labor rest," and prayer, after which the meeting was closed with all repeating the Lord's Prayer.

The hostess was assisted by Mrs. Allyn Finkle in serving lunch.

### Dr. S. R. Laycock Guest Speaker At Bethel Woman's Association

**Sister Organizations In-  
vited To 25th Anniversary —  
Splendid Programme Given**

The Woman's Association of Bethel United Church held a special meeting on Friday, July 14th, to celebrate its 25th birthday as an association of the United Church of Canada.

Invitations were sent to the Woman's Associations of Stirling United Church, Marmora United Church, Salem United Church, Wellman's Corners United Church, Mount Pleasant United Church, Springbrook United Church, St. John's Anglican Church Stirling, St. Mark's Anglican Church Rawdon, St. Thomas Anglican Church Bonarlaw and members were present from these organizations.

Mrs. Thos. Laycock, the President of Bethel Woman's Association, occupied the chair and welcomed the visitors. Mrs. Sam Elliott offered prayer and gave a history of Bethel Woman's Association. Mrs. Don Heath read the Scripture Lesson. Mrs. W. Warren sang a solo and Mrs. William Heath and Mrs. Ray Short played a piano duet. Mrs. Harold Elliott rendered piano solos and Mrs. H. C. Vachuk and Mrs. Don Heath sang a duet. Rev. Young, of Marmora United Church spoke briefly on the significance of the 25th anniversary of the United Church.

Mrs. H. C. Vachuk introduced the speaker of the day, Dr. S. R. Laycock, Dean of the College of Education, University of Saskatchewan, who spoke on "Developing Normal Personality in Children and Adolescents." Dr. Laycock was born in Marmora and has been visiting relatives and old friends in the vicinity. He is Past President of the Canadian Federation of Home and School, a Director of the Canadian Mental Health Association, Associate Editor of the Parent's Magazine, and of the magazine "Understanding The Child."

"I am happy today to speak to a group composed entirely of the teachers of children and youth," stated Dr. Laycock. "For you are all teachers, whether you realize it or not. I think you know that I believe that every child has four sets of teachers — home teachers, playmate teachers, community teachers and school teachers. All of you come under one or more of those headings. All of you have a share in the developing of personality in children and youth. Because of that you'll need to find an answer to four questions:

- (1) What is personality?
- (2) When is a personality normal or wholesome?
- (3) What is the stuff out of which personality is made?
- (4) What can parents, teachers and community leaders do to help boys and girls to develop wholesome personalities?

#### What Is Personality?

"Let us begin with the first question 'What is personality?' For practical purposes your personality is you in action — that is, it is you dealing with the face-to-face situations and problems of your every day life. If your ordinary response to life's difficulties and disappointments is to have a temper-tantrum, dissolve into tears, sulk, pout, feel sorry for yourself, have your feelings hurt, or go to bed with a sick headache, these forms of behavior are part of your personality. So are persistent tendencies towards shyness, fear, anxiety, bullying, boasting, excuse-making or daydreaming. On the other hand, your personality may express itself in the face of life-situations through your being cheerful, kind, fair, honest, sincere, co-operative and unselfish.

"A child's personality consists of the ways in which he learns to meet life's problems and difficulties from day to day.

#### When Is A Personality Normal Or Wholesome?

"1. First of all, your child's personality is wholesome or normal if he is making progress towards being able (Continued on Page 2)

### Successful Event

A most successful tea party and sale of home cooking was held by the Hon. J. R. Cooke Chapter, I.O.D.E., at Spry's Cottage, Oak Lake, yesterday afternoon. Proceeds amounted to over \$50.00, and will go to swell the Trenton Memorial Hospital Fund sponsored by the local I.O.D.E. Regent Mrs. R. B. Bell and the members are deeply appreciative of the generous patronage.

### On Holidays

J. Finnigan, local C.N.R. Station Agent, is enjoying his annual two-weeks' vacation. He is being relieved by J. Gillespie, of Lindsay, who along with his family is occupying H. E. Baker's cottage at Oak Lake.

### Grain Club

#### Visits Ottawa

On Monday, July 17th, the members of the South Hastings Grain Club were conducted on a tour of the Parliament Buildings and Central Experimental Farm, Ottawa. At the Experimental Farm the members were shown some of the plant breeding work and it was described to them by specialists. It was pointed out that there were many services available to the farmers and information on their problems can be obtained by simply writing to the Division concerned.

The following boys were on the trip: Robert Bush, Harold Cole, Gerald Cooke, Geo. Cooke, Harvey Homan, Griffin Ketcheson, Robert Mallory, John McComb, Merle Moore, Douglas Morton, Robt. W. Philip, Allan Wallace, Glen Wilson and Owen Whitmore.

The trip was conducted by the staff of the Ontario Department of Agriculture and Mr. Harold Dettlor, Club Leader.

### Successful In Music

The following pupils of Mrs. Harold Elliott, A.T.C.M., were successful in the June examinations of the Royal Conservatory of Music, Toronto.

Piano  
Grade VIII — Rosemary Webb, Honours.  
Grade V — Ruth Mumby, Honours; Muriel Morton, Marlene Hadley.  
Grade I — Mildred Ann Morton, Honours; Barbara Jean Green, Honours.

Barbara Meiklejohn received her Grade VIII certificate with honours, having completed the required theory recently.

### Home Warming For Young Couple

On Tuesday evening, July 18th, seventy guests assembled at the home of Mr. and Mrs. Roy Bush, River Valley, to welcome Jack and his bride (nee Joan Hoard) on their return from their honeymoon.

Mrs. S. McIntosh, Helen Stapley, Mary Hulin, Mrs. G. Brooks, Mrs. Roy Irvin and Mrs. Phil Conley served the bridal party at a table decorated with yellow and white and which was suitably decorated to seat the guests, and were assisted in the kitchen by Mrs. S. Irvin, Mrs. C. Lansing and Mrs. H. Hulin. Mrs. Mary Vandervoort poured tea. Mrs. P. Utman, Mrs. Ross Bush, Misses Eleanor, Marjorie and Adeline Bush, and Mrs. Alex Bush assisted with the cooking.

Later in the evening the noted River Valley charivari folks were joined by the Stirling Band swelling the reception number to around two hundred and jointly serenaded the bride and groom.

Mr. and Mrs. Bush served lunch to all seated on the lighted lawn after everyone had enjoyed several numbers played by the band.

Jack and Joan had just returned from a trip to Lake St. Peter, Algonquin Park, Huntsville and Midland.

### KINGSTON RINK WINS BAKER SERVICE TROPHY

The Baker Service Trophy was won by a Kingston rink skipped by Dick Edney at the annual mixed rinks tournament on the local greens yesterday. Three twelve-end games were played with a maximum score of 15 and F. R. Mallory had charge of the draw.

Ideal weather conditions prevailed and twelve rinks participated in the draw, five from Campbellford, three from Kingston, and one each from Madoc, Brighton, Trenton and Stirling.

The winning rink won all three games with an aggregate score of 43 plus 3 and in addition to the Baker Trophy the ladies received cups and saucers and the gentlemen white sport shirts. High honours for two wins were won by Morley Gault's rink of Kingston, after a play-off with Waldorf's rink, of Trenton, with a score of 35 plus 2. Pillow cases for the ladies and white shirts for the men were the prizes.

The prize for one win was won by Walter Wiggins and his rink, of Campbellford, with a score of 36 plus one. The ladies received cups and saucers and the gentlemen ties.

Supper was served the bowlers by the ladies of St. John's Anglican Church.

#### BOWLING NOTES

Mesdames Earle Green, R. E. Fox and R. Burgess attended a Ladies' Trebles Tournament in Belleville on Tuesday.

### Hastings County Junior Farmers Hold Track And Field Meet

#### Sidney Township Won The Championship With 37 Points—Dance At Night

The annual Field Day sponsored by the Hastings County Junior Farmers' Association was held Wednesday, July 19th, at the Stirling Agricultural Grounds, with the Thurlow Junior Farmers as hosts.

Sidney Township won top honours in the various events for the day with a score of 37 points; followed in order by Madoc Township, with 32 points; Rawdon, 23; Thurlow, 18, and Hungerford, 8.

The first three in each of the field events are expected to compete in the District Field Day at the Ontario School for the Deaf, Belleville, on Friday, July 27th.

The main attraction of the day's programme was the softball tournament. Competition was keen among the four boys' teams and the four girls' teams and an enthusiastic crowd was on hand to cheer their favourites on.

#### Rawdon and Sidney Tie

In the forenoon Rawdon and Sidney boys staged a six-inning thriller which ended in a two-all tie. Faulkner, on the mound for Rawdon, only gave up three hits and three walks and had eight strikeouts to his credit. He held Sidney scoreless to the top of the fifth, when a walk to Stickle, pinch-hitting for Bush, followed by a triple by Orville May and a wild pitch, accounted for two runs to tie the score. R. Burkitt also pitched good ball for Sidney and fielded his position excellently having six assists on putouts.

#### Madoc Girls Win

In the girls' competition Madoc defeated Thurlow by a score of 14 to 9 and Sidney downed Hungerford 16 to 11.

Following lunch Madoc defeated Rawdon girls 9 to 8 and took the finals from Sidney by a score of 10 to 7.

#### Rawdon Boys

##### Win Softball Tourney

In the afternoon Madoc Boys defeated Thurlow 16 to 1. Rawdon downed Hungerford 8-0 and Sidney won over Madoc 5 to 4.

The finals, which were played after supper, brought Sidney and Rawdon together again and the fans were treated to a thrilling game with Rawdon emerging the winners by a score of 16 to 11.

### MINTO MIDGETS DEFEAT FRANKFORD BY SCORE OF 12-10

Playing at Frankford on Monday night the Minto Midget Softballers defeated the homesters by a score of 12 to 10. The victory proved a costly one as Douglas Broadworth, Minto's third baseman, suffered a fractured leg in the final inning.

Minto took the lead in the opening inning and added four in the third. Frankford, however, came back with six runs in the third to take the lead. They each added one in the fourth but Minto again took the lead with two in the fifth and added three in the sixth and one in the seventh. Frankford rallied for three runs in the seventh to make the final count 12 to 10. The winners had 14 hits and four errors and the losers 7 hits and five errors.

#### The League Standing

	W	L	T
West Huntingdon	5	1	0
Minto	5	2	0
Stirling Merchants	3	3	0
Frankford	3	3	0
Stirling Rotary	1	3	1
Glen Ross	0	6	1

### Stolen Truck Recovered In Toronto

A Ford truck, owned by Thomas Ryan, Stirling, R.R. 2, which was stolen from Pinnacle Street, Belleville, on Thursday night last, was recovered by police in Toronto. Mr. Ryan got his truck home on Tuesday night.

### Band Concert Sunday Night

Lovers of Band music will have the opportunity of hearing a concert by Stirling Citizens' Band, under the leadership of Bandmaster Maurice Bell, at Coronation Park, Sunday evening next, July 23rd.

### Windows Broken

A large plate glass window in the J. C. McGee Hardware Store, Mill St., was broken over the week-end in some unknown manner. It was replaced Tuesday.

Last week a window in Stirling Motors Ltd. show room was broken when a car hit it. It has also been replaced.

### Appointed Bailiff Division Court

Thomas Alexander Kerr, of Stirling, has been appointed Bailiff of the Fifth Division Court of the County of Hastings by his honor the Lieutenant Governor, the Ontario Gazette announces. The appointment is made under the Division Court Acts.

#### Field Events

The results of the field events were as follows:

Boys  
100 yd. dash — Fred Edmondson, Bob Burkitt, Ted Aikens.  
220 yd. dash — Cecil Grills, Ted Aikens, Manley Mitchell.  
Running Broad Jump — Lynn McCoy, Cecil Grills, Grant Richardson.  
High Jump — John Lanigan, Grant Richardson, Bill Zaufelt.  
Girls  
75 yd. dash — Mona Swan, June Meyers, Kay Homan.  
Running Broad Jump — Shirley Elliott, Kay Homan, June Meyers.  
High Jump — June Meyers, Shirley Elliott, Marilyn Parks.  
Softball Throw — Adeline McCoy, Jean Armstrong, Donna Rollins.  
The day concluded with a dance in Stirling Community Hall with a large attendance. Music for dancing was supplied by the "Starlighters" Orchestra, of Trenton, and a grand time was had by everyone.

### Interruption In Water Services

Due to a leak in a hydrant opposite M. Armstrong's new residence, Front St., water services for the west end of the Village will be interrupted between 3 to 6 p.m. tomorrow (Friday) to permit the necessary repairs being made.

### Acting As Camp Counsellors

Misses Roberta Good, Irma Campbell and Joan Green are acting as Counsellors at a young girls' camp on Moira Lake.

### Loses Mother

Stirling and district friends join in extending sincerest sympathy to Jack Sleeper, and his family, Front St., in the loss of his mother, Mrs. John Sleeper, of Bancroft, who died in a Kingston hospital yesterday morning following a lengthy illness. She was in her 74th year. The funeral services will be held at Bancroft on Friday.

### Buys Home Here

David Cotton, of Trenton, a former Rawdon Township farmer, has purchased the property on the West side of Emma St. from Preston Salter. Mr. and Mrs. Cotton moved into their new home this week.

### Mel Blanchard Rotary Speaker

The regular meeting of Stirling Rotary Club was held Tuesday, July 18th, at 6.10 p.m. The guest speaker Mel Blanchard, of Montreal Westward Club, spoke on manipulation of Schools for the Deaf. He told the number of schools in Canada, their procedure of starting a youngster on the road of speaking, lip reading and signs. Plans are going ahead for Rotary's Street Fair, Wednesday, August 23rd. Keep this date open if you enjoy games of chance and street dancing.

### Fractures Leg In Softball Game

Douglas Broadworth, 15-year-old son of Mr. and Mrs. Ernest Broadworth, Minto, suffered a fracture of both bones of his left leg, just above the ankle, at Frankford on Monday night. The injured player, who plays third base for the Minto Midgets, was crashed by a base runner in the last inning of a game between Frankford and Minto.

He was taken to Belleville Hospital, where he is still a patient.

### Milk Report

The following is the report of the Stirling Dairy for the month of June from the Ontario Department of Health:

B. Coll Count, 0; Standard Plate Count, 2,000; Per Cent Butter Fat, 3.3; Result of Phosphatase Test "A."

### Engagement

Mr. and Mrs. Volney Richardson wish to announce the engagement of the latter's daughter, Mary Louise Lanigan, to Mr. James Brose Frederick, son of Mr. and Mrs. A. W. Frederick, of Windsor, Ontario. The marriage will take place early in August.

### Injured In Fall In Barn

Friends of Mr. Carman Frost, of 5th Concession of Sidney, will regret to learn that he is a patient in the Belleville General Hospital, suffering from a broken right arm and foot, a cracked left foot and an injured back, sustained in a fall on Tuesday afternoon. At the time of the accident the injured man had finished moving away a load of hay and was standing near the edge of the mow when some of the hay slid carrying him to the barn floor, a distance of some 18 feet.

### Presentation To Young Couple

**Mr. and Mrs. Lyle Hay Pre-  
sented With Table Lamp  
By Their Friends In Stirling**

Some fifty friends and neighbours gathered at the home of Mr. and Mrs. Carman Fitchett, Mill St., on Wednesday evening last to do honour to Mr. and Mrs. Lyle Hay (nee Marie Ackers) who were recently married. Rev. W. H. V. Walker was chairman in the absence of the Rev. A. J. Anderson, and gave a few words of kindly advice to the newlyweds. Mrs. Walker led in community singing. Readings were given by Mrs. Charles Vance on "Friendship;" Mrs. C. McIntosh, Mrs. S. Williams and Mrs. S. Demorest "Friends."

An address of appreciation was read to the bride and groom by Mrs. Foster and Mrs. C. Fitchett made the presentation of a lovely table lamp. Both Lyle and Marie made fitting replies, thanking their friends for the gift and invited everyone to visit them in their new home near Burnbrae.

Brief speeches were given by Mr. Hay, the groom's father; Mr. Fitchett and Mr. Clarke Rodgers.

Delicious refreshments of sandwiches, celery, cake and tea were served by the ladies and everyone enjoyed a social chat together.

Stirling, Ont.,  
July 12th, 1950

Dear Marie and Lyle:

We have met here tonight with you to commemorate a happy occasion and to enjoy another evening with you in our company. Such gatherings as this should surely bind our friendship together and enable us to forget petty differences and so form a community that we truly call Christian.

We will miss you Marie for you have always carried parcels to some of us or have done errands so willingly. Although we will miss you, we rejoice with you that you have a home of your own and will be taking your place in another community. We know you will endeavour to do your part to help in the activities of that community.

We congratulate you, Lyle, in your choice of a life partner, who will aid you throughout future years of achievements or discouragements, through joy and sorrow, for it is through life's various experiences that we appreciate a united companionship.

We ask you to accept this gift along with our sincere congratulations and best wishes for your happiness through the years.

Signed on behalf of your friends and neighbours.

### Glen Ross Defeats Juniors

Glen Ross defeated Stirling Juniors 6 to 5 Tuesday night in a district league game at the local Recreation Centre diamond. Faulkner was on the mound for the losers and R. Pyear for the winners.

#### Minto Wins

In the other game Minto bested Rylstone by a score of 17 to 9, with Arnold Ray and Cliff Anderson opposing each other on the mound.

### Sister Passes In Edmonton

Mrs. Philip Carr, of Ridge Road, received word of the death of her eldest sister, Mrs. Leslie Dobbs, which occurred on July 11th, at the General Hospital, Edmonton, Alta.

### COMING EVENTS

TUESDAY, AUG. 1st, AFTERNOON  
Tea, sale of home cooking and bazaar, on Mr. Jerry Marshall's lawn, Oak Lake, for Chatterton W.M.S. 38-1

PICTON'S GOLD CUP REGATTA  
Picnic in Prince Edward County on Civic Holiday, Monday, August 7th and attend the annual speedboat regatta at Pictou. It is the tenth annual international speedboat event and always a thriller. 38-3

## Fewer Lives Lost Up To Present Despite Heavy 1950 Traffic

The grim total of traffic deaths in Ontario (still nearly two per day) improved in the month of June, with 55 known killed, compared with 68 in the previous month and with 66 in June of last year.

Street and highway accidents have taken 275 lives in Ontario during the first six months of 1950. Compared with Ontario's black record of 324 traffic deaths in the same period last year, this represents a decline of 15 percent, or a saving of 49 lives; but there were still more victims killed than the average of January-to-June traffic deaths in recent years. Also, compared with last year, there were more children among the victims.

The worst period of the year for traffic accidents is still ahead, officials warn. A greater volume of traffic is expected this summer than ever before — already, over the first two week-ends in July, at least another 18 persons have lost their lives.

Not counting drivers there were 23 other occupants of cars (three of them children), killed in June — wholly helpless victims of accident situations over which they themselves had no control at all. These 23 innocent passengers might in many cases be still alive today, had some drivers been more concerned at the time of the accidents with their responsibilities for the safety of others — those in other vehicles as well as their own passengers and themselves.

Apart from the 23 passenger victims, June deaths included 14 pedestrians, 9 drivers, 5 motorcyclists, 3 bicyclists and one little boy on a tricycle. In summer, with more persons per car on the roads, passenger hazard is much greater than usual, throwing extra responsibility on all drivers: a single moment of inattention can cause a huge amount of human suffering.

Canadian railroads, on their coast-to-coast operations, span five time zones.

## Elderly Drummer In Trenton Parade Drops Dead In Park

Wm. Vashourgh, bass drummer in an Orange Parade, dropped dead, July 12th at Trenton, after marching with the parade into Hannah Park.

## The Correct Way To Toast The King

Perhaps you are one of those people who are uncertain regarding the correct procedure when a toast to His Majesty is proposed. Our observation indicates that uniformity is sadly lacking in this country. "Echoes," the official magazine of Imperial Order Daughters of the Empire, explains how it should be done:

There is a specific procedure prescribed for the Armed Forces when a Toast to his Majesty is proposed, and, while various civilian organizations may have their own customs for this occasion, there is a definite formality to be observed by IODE members, as civilians, on occasions within the Order, when a Toast to the King is correct.

The Chairman rises, brings the audience to attention, and asks them to rise and drink a toast to His Majesty. At this, the audience rises and the chairman says: "Ladies and Gentlemen, the King." Then, and only then, is the glass lifted from the table, held at eye level for a moment, then one sip of liquid is taken and the two words "The King" repeated before the glass is replaced on the table.

No other procedure is correct for a civilian pledging the health of His Majesty.

Glasses are never clinked.

Guests must not smoke before the Toast has been proposed.

It is not correct to play or sing the National Anthem when a Toast to His Majesty is proposed.

## Official Opening of Fundy National Park

Fundy, Canada's newest national park, will be officially opened on July 29th. This Park, an 80-square-mile scenic area on the Bay of Fundy is the twenty-sixth unit of Canada's National Parks system. It forms a new and important link in the chain of national playgrounds which now stretch from Cape Breton Island on the Atlantic seaboard to the heart of the Selkirk Mountain in British Columbia.

Since the area was set apart for national purposes, considerable development has been carried out by the National Parks and Historic Sites Service. Roads have been built or improved, and administration buildings erected. Campgrounds in convenient locations have been laid out and equipped. Fourteen attractive cottages of French chalet design have been constructed to provide initial tourist accommodation. Recreation features include a heated outdoor swimming pool with dressing room facilities; a splendid 9-hole golf course in a picturesque setting; an outdoor amphitheatre where band concerts, sing-songs and picture shows may be held; tennis courts; a bowling green and an athletic field. These improvements will provide recreation facilities for thousands of visitors planning to see the park this year. Preparations have been made for a large attendance at the official opening ceremony on July 29th.

The formal opening will be attended by the Lieutenant-Governor of New Brunswick, The Honourable D. L. MacLaren who will perform the act of cutting the ribbon and declaring the park officially opened. The Honourable Robert H. Winters, Federal Minister of Resources and Development, will deliver the official opening address. Chairman of the ceremony will be A. Russell Colpitts, M.L.A., and guest speakers include the Honourable John B. McNair, Premier of New Brunswick, the Honourable Milton F. Gregg, Federal Minister of Veterans Affairs and D. A. Riley, M.P., for St. John-Albert, New Brunswick.

A special programme of events has been prepared for the occasion including an invitation golf tournament, and Frank Robertson, President of the New Brunswick Prince Edward Island Golf Association, will drive off the first ball. At the new park swimming pool there will be exhibitions of diving and swimming. At the MacLaren Pond in the headquarters area the New Brunswick Fish and Game Association will hold a competition in fly and bait-casting for accuracy and distance. The New Brunswick Arts and Crafts School under the direction of Dr. Ivan H. Crowell will provide demonstrations in weaving, leather-work and other handicrafts. Local clubs will hold softball and other games on the athletic field. Musical entertainment will be provided by military bands.

A new booklet, printed in four colours, has been issued as a souvenir of the official opening of the park; also a less pretentious visitors guide containing a description of the area, including the flora and fauna, geological features, recreation facilities, with a map and directions for reaching the park by highway.

## Dr. Laycock, Speaker At Bethel W.A.

(Continued from page 1)

to bear the difficulties and disappointments of life without blowing up — that is, without resorting to behavior of the kind I've just talked about. If your youngster is to grow up he must, in the words of St. Paul, gradually put away childish things. If he doesn't he'll be a dangerous adult.

"2. Your child is developing a normal personality if he is moving gradually towards making his own decisions, making up his own mind, and taking of responsibility for himself and others. That growth in independence should start at birth and should culminate at the end of adolescence. During the first year, a child learns to hold up his own head, to sit alone, to drink from a cup or glass with assistance, to pull himself up and stand alone. By the time he goes to school he is able to care for himself at the toilet, to dress himself except for tying his tie, to go to school by himself, to wash his hands and face unassisted and to be trusted with money on simple errands. Before he is ten he is able to care for himself completely at the table, to bathe himself unaided, to make minor purchases, and to go about his home town freely. By the time he is fifteen, he exercises complete care of dress, buys his own clothing accessories, engages in adolescent group activities and performs responsible routine chores. By the end of adolescence, he should have become an adult and have taken over the running of his own life. This includes psychological weaning. No one is an

adult until he leaves home in his emotions — that is, until he comes to look upon his parents as dear friends and no longer protectors and supervisors. 'Mamma's boys, and 'daddy's sweethearts' are not wholesome and normal personalities, nor are other adolescents and adults who are still dependent emotionally on their parents. Nothing can be more disastrous than for a boy or girl not to develop towards the taking over, the running of their own lives, becoming emotionally independent of their parents, making up their own minds, and taking responsibility for themselves and others.

"3. To develop into wholesome and normal personalities, your child's love life should be developing normally. As a baby he was interested only in himself. Then he became fond of his mother, then of his father and brothers and sisters, and then of his playmates. By the time he had reached pre-adolescence at about nine years of age, he was not self-centred but multi-centred. He was interested in the gang. When the youngster enters early adolescence he may have a special close friend of the same sex. Later he becomes interested in the opposite sex, falls in and out of love, and finally settles down to one mate and gives his undivided devotion to that mate. This gradual development of the love-life is the mark of a normal personality.

"4. An individual is not an adult until he comes to accept himself with all his assets and liabilities and to be able to take a look of himself without being either too prejudiced in his own favor or without feeling too inferior about himself. The normal adult should be able to do that. A child's teachers are successful in developing in him a normal personality when he is making gradual progress towards accepting himself and understanding himself.

"5. Your child is developing a normal personality if he is learning to live with others in a social way, and reasonably to observe The Golden Rule. He should also make progress in the art of making and keeping friends. In this phase of development, a child's home teachers have a head start. A child's first lessons in handling other people come from his early handling of his parents and from seeing his parents deal with their relatives, neighbours and other adults. Social adequacy and adaptability is certainly a definite requirement for a normal and wholesome personality.

"6. If your child is to become an adult he must gradually come to a working compromise with life and find a philosophy which gives meaning and purpose to life. The child is apt to absorb this from the quality of living in his own home, in his school and in his community. The real religion of his parents — not what they profess on Sundays — is apt to be a large determining factor.

"7. Your child will become an adult when he finds work that interests him — a job to which he can give himself. While this may not 'jell' until late adolescence, none the less, the foundations have been laid long before in the attitudes which the child forms towards work in general and toward different kinds of jobs in particular, and in the kind of work and study habits he develops. All a child's teachers have a share in guiding a child towards his final vocational choice — not just his vocational counselor in high school or college.

What Is The Stuff Out of Which Personality Is Made?

In helping your child build a wholesome personality, you will have to take account of four factors (1) his physical and mental equipment, (2) his physical needs and the way you satisfy these, (3) his growth characteristics at each age, (4) his psychological needs.

The Child's Mental and Physical Equipment

In the development of any child, you have to start with his good or poor physique, attractive or unattractive appearance, oversize or undersize, high or low resistance to disease, deformities and blemishes or freedom from these, high or low intelligence, and his unique chemical and glandular make up. The question at once rises how far do these assets and liabilities affect the development of normal personality. The answer is — "Not as much as you may think." A child's equipment at birth sets certain limits to his development, but what happens within those limits is the result of environment and training.

The Child's Physical Needs

In fostering your child's development of a wholesome personality, you begin with a child's physical needs for being fed, bathed and toiletted. It is in these activities that your child first meets the world. He finds it either a warm, sympathetic, understanding place, or a cold, indifferent, harsh, or impatient place. As a result, his basic attitudes to other people and to the world are laid down and he comes to mirror the world as he finds it. In

THURSDAY, JULY 20th, 1950

like manner, his ideas of himself as a loved one, wanted and treasured being or as a rejected and unloved one are built up in his first contacts with you, his parent, in the way you meet his physical needs for being fed, washed and toiletted. It is for this reason that psychologists so often say that the main patterns of a child's personality are laid down by the age of three — that is, his main attitudes to the world at large, to other people and to himself.

The Child's Growth

Characteristics At Each Age

If your child is to develop a normal personality as an adult it is important that you who guide his development understand what is normal for each stage of childhood growth. If you do, you won't be overanxious at the characteristics he displays and you will be willing to let him be his age, at the same time making it easy for him to develop normally to his next stage of growth.

Then there is the difficult period of adolescence. Those who deal with adolescents must understand that, at this stage, boys and girls are motivated by two great desires — to be treated as grown-ups, not as kids, and to be accepted by their crowd. It is because of these two desires that there arise the nine major conflicts between teen-agers and their parents — conflicts over the hour the adolescent comes in at night, the number of nights out per week, grades made at school, amount of spending money, choice of clothes, choice of friends, choice of a life-job, use of the family car, and Church and Sunday School attendance. Adolescents need the guidance, understanding and friendship of their parents, not impatience, berating and domination.

The Child's Psychological Needs

The development of normal personality in children depends greatly on the degree to which their psychological needs find wholesome outlets and satisfaction. These needs are (1) affection — to live in reciprocal warm regard with one or more human beings (2) for belonging — to be a desired and desirable member of a group (3) for independence — reasonability to order one's own life and

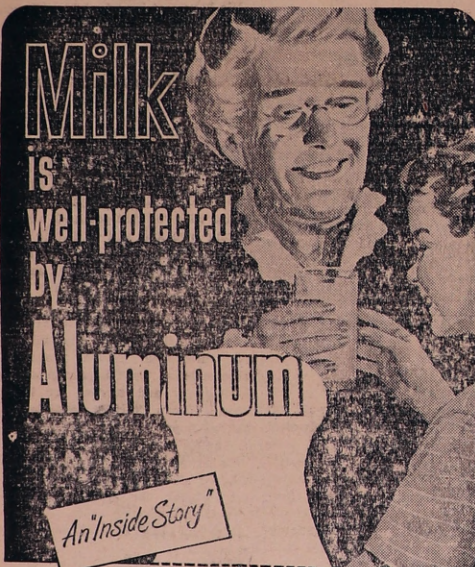

make one's own decisions, (4) for achievement — to do things, to make things, to accomplish jobs, (5) for recognition — to feel that one's personality and conduct merit the approval of others, especially one's peers, (6) for self-esteem — to feel that one's personality and conduct come up to one's own inner standards.

What Can Parents and Teachers Do To Help?

So far as helping a child to develop a wholesome personality goes, there are five main things which parents and teachers can do. These are (a) Give the child security (b) Set an example (c) Help him solve his problems and to develop points of view through discussion (d) Give him practice in the social, emotional and intellectual skills needed for maturity (e) Take him increasingly into adult partnership in solving family, school and community problems.

In concluding Dr. Laycock made a plea for co-operation between the four sets of teachers which every child and adolescent has. Only through such co-operation can the best personality of boys and girls be secured. That co-operation should begin with the home teachers and school teachers getting together as a team to promote the child's development, but it should not stop there. As soon as home teachers and school teachers get together to plan for the best development of boys and girls they will find it necessary to reach out for the co-operation of the community teachers — I mean by community teachers the Church and all its organizations, the Scouts, the Guides, the various recreational agencies, the movies, the radio programmes, the magazines, the newspapers, the welfare agencies, the service clubs and the adults whose standards inevitably affect the development of children and youth. That is what a Home and School, or Parent-Teacher Association is for — to make effective the partnership of a child's home teachers, school teachers and community teachers.

At the close of the meeting the ladies of Bethel Woman's Association served a very delicious lunch. The thanks of the visitors were expressed by Mrs. Anderson and Mrs. Donohoe of Stirling.

**Milk**  
is well-protected  
by  
**Aluminum**

An "Inside Story"

1. The nourishing glass of milk from Grandma is the happy ending to this story. It started when Nature put aluminum in the earth itself. That is why this important mineral is right in the milk we drink.

2. And Nature gave aluminum qualities that make it ideal in contact with food. Many milk pails... many parts of modern milking machines are made of aluminum.

3. From farm to dairy... from country to city... rich, wholesome Canadian milk is being increasingly carried in aluminum containers to reach you fresh and pure.

4. And to cap it all, many bottles of milk are protected inside with shining aluminum foil tops. Aluminum assures cleanliness for this most sensitive of all foods.

No other material is more "food-friendly" than aluminum. Whenever you see aluminum on the outside of a food or a drink, there's an "inside story" of perfectly protected flavour, quality and purity.

ALUMINUM COMPANY OF CANADA, LTD.

Hints to the Housewife!

Some natural minerals in foods and water leave a dark deposit on cooking utensils. These deposits are harmless and are easily removed by standard cleaners or steel wool and soap.

**Aluminum is friendly to food!**

## What About That GREASE JOB?

We are now equipped to do any type of grease job to your car or truck or pick-up. We have installed a new greaser for greasing on our hoist, and all you have to do is leave your car or truck at our garage and we will give you prompt and efficient service.

STIRLING

## St. Paul's-Carmel Silver Jubilee

### Year Briefs

(By Rev. A. E. Baker, U.E.)

A Church on the Highway in Foxboro is being painted. Congratulations!

The painting of two houses on the Front Street in Stirling and the fronts of several stores has improved the appearance of our village. It is said "save the surface and you save all." It is not the whole truth but it is suggestive beautiful Stirling can be made more beautiful.

It is hoped that the Highway authorities will take steps to have our bridges repainted. They need not have the down-in-the-hole appearance of the stream of men who made purchases at a booze-selling store in Belleville last Saturday.

More and more families are suffering from deprivation resulting from wages buying booze rather than boots. As beverage alcohol works its way the ranks of the unemployed and unemployables are growing from this havoc worker.

The health of the non-drinker is incomparable better than that of the drinker and his life expectancy is much greater.

Summer visitors are most cordially invited to attend our services. The cordial welcome of our charming hostess is a ministry in itself.

The Belleville Chronicle of August 25th, 1853 contains the following news item. "The ladies of Stirling in connection with the Church of England assisted by ladies of other denominations respectfully announce to the public that they intend holding a bazaar on Tuesday the 30th at the brick building recently erected by Mr. S. M. Ward in the village of Stirling, at which an excellent collection of fancy and useful articles will be offered for sale. The proceeds to be applied in aid of the fund for building a Parsonage for the resident minister of the Church of England in said village." It is recalled that the residence of the Church of England Minister at Valcartier was called the Parsonage during World War I.

Mr. Geo. H. Luery is a citizen of experience and initiative. He is the possessor of a dream that should attract the interest and support of every citizen.

In early days the citizens of Stirling were alert and something of their vision is manifested in our civic leaders today. It was in Stirling July 19, 1853 that a meeting held in Parker's Hotel took action to secure the opening of telegraph lines from Trenton to Stirling. On October 20th, 1852 another representative meeting of citizens requested a new survey for the railway from Belleville to Peterborough so that Stirling would be adequately served by it. There will be tradition behind Mr. Luery and any other enterprising and far-sighted "dreamers" who are willing to work to make their dreams come true.

Pictures are urgently needed of the first Methodist Churches in Stirling. Will you be good enough to search your old family album and examine tin-types for pictures of these early Churches.

Interesting and authentic anecdotes such as that of the white (dove) pigeon alighting on the head of a minister in Castletown while engaged in prayer at a funeral service will be appreciated.

Mrs. G. W. Hagerman and Mrs. Sylvester Holden are especially remembered before the throne of Grace.

A Bible in loving memory of William Jackman the gift of his grandson, W. P. Jackman, will shortly be dedicated at St. Paul's. Every family should be represented by at least one of these memorial or tribute Pew Bibles at St. Paul's and Carmel.

Between April 1st and June 30th estate bequests have been made to the United Church as follows: Dr. E. P. Alport, Regina, \$1000 for Pension Fund; C. B. Adams, of Harrietsville, Ont., \$500 for M&M; Miss Jessie G. Dalzell, Paris, Ont., \$500 for work in Africa; Miss E. L. Jones, Brooklyn, \$250 for Home Missions; A. H. Leggs, Ottawa, \$200 for Pension Fund; Miss Mary H. Mitchell, Fredericton, N.B., 1-6 residue for M&M; Alexander Menogh, Sidney, B.C., \$1000 Pension Fund; W. A. MacBean, Winnipeg, \$2000 for Church Hospitals in Manitoba, \$1500 for M&M and a share in the MacBean Foundation Fund; Mrs.

Mary A. Reid, North Battleford, Sask., all residue for Foreign Missions; Mrs. May Robertson, Township of Cavan, \$200 for M&M; S. J. Reynolds, Exeter, Ont., share in residue; Mrs. A. E. Wood, Toronto, \$5000 Superannuation Fund; Miss S. R. Webster, Pension Fund. In addition many bequests have been made to local churches.

St. Paul's and Carmel invite you to make provision in your will for a gift to these churches. Why not plan a tithe at least one tenth for the Endowment Fund of your home church.

There is always something of special interest at St. Paul's. To miss a service apart from the self reproach for neglecting the altar of the most High is to miss a soul diet treat. Last Sunday Mrs. Sadie McAlpine Brown, noted soprano soloist sang two numbers, "All The Way To Calvary," and "Yes I Know He Is Able," while Mrs. Brown and Mrs. Baker sang the lovely duet, "Jesus Took My Burden And Left Me With A Song."

Miss Eleanor Kerr, granddaughter of Mr. and Mrs. Harold Martin sang very sweetly a verse of "When Mothers of Salem." This little singer has a voice of promise.

Mrs. Robt. Patterson and Mrs. Don Donohoe were the charming hostesses last Sunday. Beautiful seasonal flowers were attractively arranged at the altar and entrance.

How far is it to Stirling? Mr. Baker will quote next Sunday answers received by a traveller who recently visited Stirling.

## The Municipal Clerk

If you can be a general factotum, And fill the office of a public drudge; And answer fully every half-wit's question, And statutes know as well as any judge;

If you can fill out all the registrations And government forms that come each week, Correct mistakes of other public servants,

And give your time for this without a cheep;

If you can frame up all the resolutions For councillors, who don't know what they want, And don't know what to say, or how to say it,

(And you must write because you feel they can't)

And when the Mayor or Reeve comes in (Important!)

With extra work (some thirteen times a week)

And you state all the facts and have the papers,

As if you knew his mind before he speaks;

And give up your work that brings in money

To do the work you're not required to do,

But do it with a sense of much injustice

To your own self and all your family too;

If you know the by-laws and their contents,

And answer every question on the phone,

Which you pay rent for monthly, though a nuisance

That takes your time nor pays your

bills at home; And when the councillors talk of cutting salaries, Your brains and nerves may now be but a wreck, If you carry on and do your duty, On half-pay and retain your self-respect, If you can do all this without complaining, And bravely face the worry and the work, Lose holidays and all that your heart longs for, You'll make an ideal "Municipal Clerk."

—From the Civic Administration.

Here's a new wrinkle in the world of aquatics. There will be a water ski race from Hamilton to the Canadian National Exhibition in which mayors of municipalities along the course on Lake Ontario will intercept the skiers with messages for Mayor McCallum of Toronto. Somebody could get dunked before the goal is reached at the Canadian National Exhibition, especially in the event of rough water.

## Bloomfield Cheese Factory Sold

Quinte Milk Products this week completed negotiations for the purchase of Bloomfield Cheese Factory which they have operated for the past year.

An information bureau has been opened by the Canadian National Exhibition at 192 Bay Street in downtown Toronto. A complete hotel and guest home directory is maintained

You will be delighted with  
this fragrant tea

ORANGE PEKOE

and a wide variety of services made available to visitors. Service is free. wing being \$8.25 per day. Public ward rates are \$6.25 and \$7.25 per day, it was stated. The 25 cents per day medical charge has been dropped.

## Removed Bass

A total of about 2,000 Rock-Bass were removed from the water of Bass Lake, near Bancroft, recently, under supervision of conservation officers of the Ontario Department of Lands and Forests, with district headquarters at Tweed. The officers used hoop nets to remove the fish.

## Hospital Rates Advance

Room rates at the Belleville General Hospital have been increased roughly one dollar per day across the board, it was announced recently by Percy C. McGuire, chairman of the hospital board of governors.

The top rate for private rooms in the new wing is now \$9.75 per day with the semi-private rate in the same

# CHEVROLET TRUCKS

## ✓ Performance Leaders!

Chevrolet's great Valve-in-Head engines can do more work per gallon of gas than any other gasoline engine of the same displacement now in use. They're smooth, rugged and powerful—masters of the job!

## ✓ Payload Leaders!

Low operating and repair costs of Chevrolet trucks are an outgrowth of finest engineering and rugged Advance-Design construction. Chevrolet trucks let you deliver the goods with real reduction in cost per ton per mile.

## ✓ Popularity Leaders!

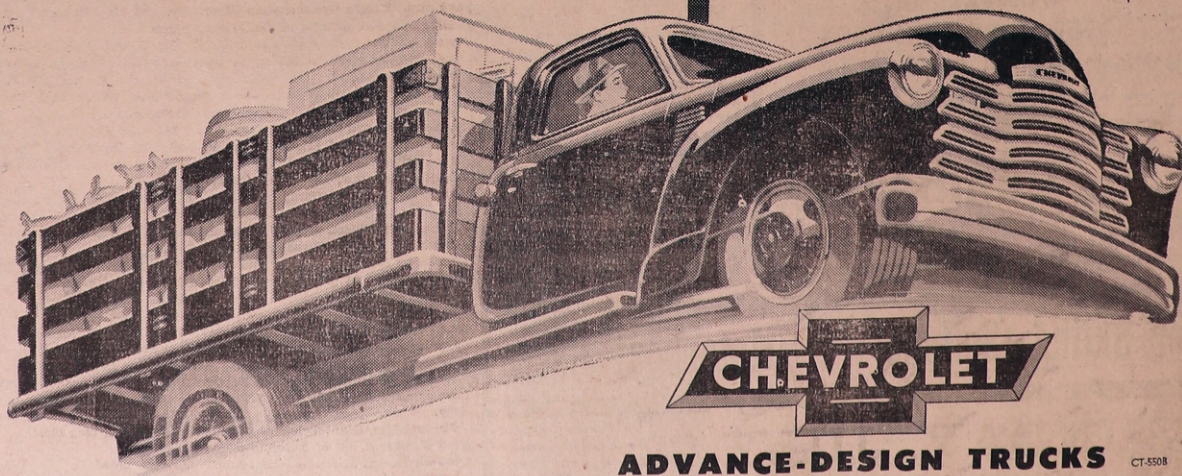

For the last full year, Chevrolet outsold all competition. That's evidence of owner satisfaction earned through the years—proof, yes proof beyond any question or doubt, that Chevrolet is the most-wanted truck.

## ✓ Price Leaders!

You're money ahead with these new Chevrolet trucks! Chevrolet's rock-bottom initial cost—outstandingly low cost of operation and maintenance—and high trade-in value, all add up to the lowest price for you.

You can expect great things of these new Chevrolet trucks. They're the most powerful trucks Chevrolet has ever built, yet they cost surprisingly little to operate. Three rugged, wonder-working Valve-in-Head engines—the Thriftmaster 92-h.p., Loadmaster 105-h.p. and the big new 110-h.p. Torquemaster—bring you performance that saves you time and money. New Power-Jet carburetion provides smooth, quick acceleration, and the 4-Speed Synchro-Mesh transmission is standard equipment from the 1-ton to the 3-ton (optional in ½ and ¾-ton) which means faster shifting and greater safety on the grades. To you, this means wonderful new performance... less time on the road... lower cost per ton-mile. So do yourself a favor. Visit our showroom today. Chevrolet trucks—and only Chevrolet trucks—provide what you want!

### To Teach Overseas

Miss Betty Redner of the staff of Campbellford Public School is sailing on July 18th from Quebec City on the "Samarra" for the Old Land where she will be on the staff of Hyndland Public School in the city of Glasgow for the coming year. She is one of the forty Canadian teachers chosen to go on exchange to the United Kingdom.

According to Old Testament Professor N. H. Parker, of McMaster University, Hamilton, Noah is one of the greatest unappreciated financial geniuses of all time — he floated a large company when the rest of the world was in liquidation.

Steady increase in attendance attests the popularity of the Canadian National Exhibition. An all-time record was set last year at 2,650,500. Preparations have been made for the reception of a still larger crowd this year from August 25th to September 9th.

### Wooler Community Centre Opens

Built entirely by public subscription and voluntary labor the Murray Township Community Centre at Wooler will be officially opened in ceremonies on Thursday night, July 20th.

Guests will include the Hon. Wm. A. Goodfellow, Minister of Public Welfare for Ontario and Dr. Fred Robertson, M.P. (Northumberland). The R.C.A.F. championship Drum and Trumpet Band will be on hand for the festivities, expected to be announced by Jack Devine, CJBQ Sports Announcer.

After the opening ceremonies at 8 p.m. a Trent Valley League softball game will get underway between rivals Frankford and Wooler.

### Chosen As Miss Campbellford For 1950

Miss Colleen Smith, of Campbellford, is the new Miss Campbellford for 1950. She was chosen out of a field of 18 contestants, before a huge crowd at the Rotary Carnival this week. President Arthur K. Loucks, of the Rotary Club, presented Miss Smith with a silver cup, a \$125 diamond studded watch, a \$35 cosmetic set and travelling case, and a beautiful corsage of red roses. Miss Roberta Wilson won second place and Miss Marg, Flint third. Each of the runners-up received cosmetic sets.

### Crops Below Normal In Hastings County

### Let's Have The News

Vacation season is here, and it brings a steady stream of visitors to the community, while scores of local residents are holidaying at other points from time to time. Every one of these visitors is a news item of interest to at least some of our readers and we are very anxious to receive these items. Send them in, or bring them in, phone them in, or if you live in the country, let your district correspondent know. We do not wish to miss these "comings and goings", but if someone doesn't tell us, how are we to know? May we count on your cooperation?

### John Laird Deloro Workman Crushed In Machine

John Laird, 65, employee of the Deloro Smelting and Refining Co., Ltd., for more than 30 years, was dragged to his death, Tuesday, when his left arm became caught in the rollers of a machine producing steel strips. His left arm and chest badly mangled, Mr. Laird died 10 minutes after he was found by James Rice, a fellow worker who happened to go in to the boiler room shortly after the incident.

Mr. Laird had been working alone in one section of the plant. He was discovered at approximately 4.40 p.m., and was apparently dead when found. Dr. S. R. Beatty, of Madoc, pronounced him dead and an autopsy and inquest were ordered by the Crown.

nounced him dead and an autopsy and inquest were ordered by the Crown.

## Bateman's Ladies' Wear

Hello Homemakers! Ice cream, once regarded as a treat for special occasions, is served today as a nutritious food in everyday meals. This shift in emphasis stems from knowledge of nutrition and better understanding of the satiety value in cool, smooth ice cream.

The nutritional value of vanilla ice cream is gratifying since a leading commercial concern has made tests which show significant amounts of protein, calcium, Vitamin A and B-1. This food value is important for it is not only good for normal appetites but the difficult appetites of ill and convalescent patients.

Commercially-made vanilla ice cream contains cream, milk and milk solids, sugar, a stabilizer (maybe gelatine), and sometimes eggs. There are no significant losses in the nutrient value of milk in the manufacture of ice cream so the calcium value so necessary for growing children is available.

For those who have to be careful of excess weight, ice cream is a good choice since one serving (1-6 quart) contains about 206 calories. However, those who need added calories may be given syrup, fruit, cookies, cake or pie with ice cream.

As we recall the trends in ice cream, we remember the early type of ice cream cone that tasted like a soda biscuit, then the craze for ice cream with Chocolate Sauce; for a long period there was a tremendous demand for pie and ice cream; then came orders for banana splits; the next request was for hot chocolate sauce and hot butterscotch. At present, the trend is a memorable one for our tourists, Maple Walnut Sundae. Of course, there are still favourite sundaes and sodas of yesteryear at the Soda and Ice Cream Counter as well as restaurants.

Teenagers will gather around the home kitchen when you keep their favourite dessert on hand. Usually, there will be no dessert left on the plate if you include ice cream. The new choice of the refrigerator raider is the dish of ice cream with all the fixings he can find there too, jelly, sauce or fruit... or all three.

## TAKE A TIP

- When you make ice cream at home read the directions on the package of mix carefully and use level measurements.
- Turn electric refrigerator to coldest point about 1 hour before ice cream mix is placed in the unit for best results.
- Do not serve ice cream until time to eat dessert.
- Use ice cream for milk shakes, sodas and sundaes at home.
- Commercial ice cream can be packed into a tray in the freezing unit, then placed in the refrigerator and turned to the coldest point for 1 hour. When frozen firm the dial of refrigerator may be turned to normal position. (Usually No. 9 is coldest and position 1 or 2 is normal or 40 degrees).
- You may decorate bricks of ice cream with tinted whipped cream in a cake decorator for an emergency on a special occasion such as home comings, bon voyage, honeymoon guests.
- Use pie plates or aluminum foil as a dish that will fit into freezing unit.
- A well-padded knitting bag makes a useful shopping bag for carrying ice cream and chilled drinks.

Anne Allan invites you to write to her in care of the Stirling News-Argus. Send in your suggestions on homemaking problems and watch this column for replies.

## Clubs Benefit In C.N.E. Prizes

Members of service clubs can win as much as \$100 in cash awards for their respective organizations by enlisting teams in the Canadian Travelogue competition sponsored by the Women's Division of the Canadian National Exhibition.

Each team is to consist of three members of the same organization or group. Kate Aitken, C.N.E. Women's Director points out. Teams will be given slips bearing the names of Canadian Cities and Towns. These slips must be pinned to a large map

and each city or town placed in its approximate location.

With the object of increasing knowledge of Canada this competition is scheduled for the night of Sept. 8th. Last day for filing entry forms is Aug. 14th. Prospective contestants may obtain registration forms now by writing to the Women's Division, Canadian National Exhibition, Toronto, Ontario.

## Garden Pests Film Goes To Theatres

"Life Under A Leaf," is the title of a motion picture that is now being released to Canadian theatres. Produced by the National Film Board in its Canada Carries On series, the film is a 10-minute version of the Canada Department of Agriculture 16mm coloured production, "Vegetable Insects." The theatrical release is also in colour, but some new footage has been added and the commentary slanted towards movie audiences.

Timed to coincide with the arrival of garden-pest worries, "Life Under A Leaf" shows the more common insects, screen-size, in action and includes basic advice on how the gardener can combat them.

It was made under the technical supervision of Alan G. Dustan and W. G. Mattemman of the Division of Entomology, Science Service, and Mr. Dustan appears in one scene.

## Fire Hazard In A Mulch Orchard

Mulching sod orchards is essential for maintenance of good moisture relationships and for the reduction of competition for moisture and nutrients. Unfortunately a number of growers lost trees due to flash fires in mulched orchards during the very hot and dry period of the past growing season.

While in some instances these fires may have been due to no fault of the grower, many can be directly traced to carelessness, or to improper management on mulching the orchard. Serious fires in orchards which have occurred to date, have been in orchards where dry mulch was applied after spring rains and during the hot summer weather when the mulch itself was very dry and ignited readily.

Mulch in sod orchards is essential and its use is strongly recommended. It should, however, be applied in the late fall so that it will be thoroughly wetted down and start decomposition before the chance of fire is serious. This is particularly important if dry mulch is to be used and if the orchards border main highways.

In the majority of orchards it is necessary to use supplementary mulch. In order to obtain sufficient depth of mulch. The texture of the orchard soil and the elimination of fire hazards can both be improved by efficient use of the cuttings of the sod in the orchard. Young immature grass is the best mulch and when grass is cut frequently it does not draw much water during hot dry periods. Grass handled in this manner decreases the risk of flash fires as it decomposes more rapidly and at any one time the amount of dry mulch from these cuttings is at a minimum.

Finally, it should be apparent to any grower with a mulched orchard that extreme care should be taken with brush fires, matches and cigarettes, particularly during the hot dry periods of the summer months.

## "Standard Story" Told In Displays

The thousands attending fairs across Canada this season will learn a great deal about this nation's enviably high standards of quality in food. Following the Canada Department of Agriculture theme of "grading and inspection," this year's Departmental displays will concentrate on examining to the public how they are protected by standards and can buy with confidence when they buy grade.

The Class "A" fairs located in the major centres, will see a 50-foot-long display which will include a motion picture theatre animated sections, enlarged and backlighted reproduction of grade marks and ribbon brands. With the display will be girls from the Department's Consumer Section, explaining visibly and verbally the various food grades, using real food in the process. The Class "B" fairs, practically all in the Prairies, will see a 20-foot display dealing mainly with beef, its grading, inspection and quality and showing the various cuts.

To the Class "A" fairs will be shown the Department's film, "Quality Beef," which deals in detail with the production and use of Canadian beef.

Features not hitherto associated with horse shows have been included in the National Horse Show at the Canadian National Exhibition this year. Tedious delays have been carefully avoided in the arrangement of the programme which extends from Friday, Sept. 1st to Saturday, Sept. 9th.

## How To Make A Pea Sheller

A mechanical pea sheller, of simple construction, inexpensive to make, and easy to operate is now within the reach of any home gardener who is interested in growing green peas for canning or for freezing purposes.

A well illustrated folder, complete with photographs and detailed construction plans is now available on request to Information Service, Department of Agriculture, Ottawa. Be sure to ask for it by name: How to Make A Pea Sheller.

Agricultural vocational schools from many of the north-central states will send excursions to the Canadian National Exhibition again this year. The visiting student-farmers will be placed in charge of guides, most of whom are graduates of the Ontario Agricultural College, at Guelph.

## Passed Year

Miss Doris Curry, a former student at Tweed High School when she lived in Tweed with her parents, Mr. and Mrs. E. J. Curry, has passed her first year in Household Economics at the University of Toronto with honors. Miss Curry's parents recently purchased a grocery business from James Cranston at Stirling.

### Scouts Camp At Lake Mazinaw

Well folks, we are home again, after camping near Mazinaw Lake for the past week. We arrived at the camp grounds around noon, Saturday, July 8th, and after having our lunch we pitched tents and made a kitchen shelter; and also built our stove with

rocks, a sheet of steel and a few stove pipes. A. S. M. Jim (Perdorky) Wright was our cook and the pies and cakes he made never tasted better. None of the boys lost their appetites, in fact they grew bigger.

This is a part of the food consumed: 40 pieces of bread, 54 quarts of pasteurized milk, 18 boxes cereal, 1 bag potatoes, 22 pounds meat, 3 pounds of bacon, 8 dozen eggs.

Our daily routine was last one out of bed at 7.00 o'clock went through the mill, then to the lake for a wash and swim, breakfast at 8.00 o'clock, Tent Inspection at 9.00 o'clock. The boys lost points for pieces of paper, bottle tops, or anything not piled neatly, or beds not made. The next was flag break and morning prayers at 11.00 o'clock swimming, dinner at 12.00 o'clock, swimming at 4.00 o'clock, supper at 6.00 o'clock, swimming at 4.00 o'clock, supper at 6.00 o'clock, swimming at 8.00 o'clock, evening prayers, snack at 9.30 o'clock, lights out at 10.00 p.m. All flashlights shining after 10.00 p.m. were collected by the Skipper.

In between the times mentioned the boys were instructed in axmanship, use of a compass, first aid and all the Scout Tests.

Gordon Barrie passed 6 tests, Bob Cassidy 9 tests, Ray Hermiston passed 4 tests and 4 prof. badges, Fred MacMurray won his 2nd Class Badge, also 1 prof. badge, Maurice Montgomery passed 1 test and 2 prof. badges, Bob Palmer passed 6 tests, Tommy Wells won his 2nd Class Badge, Ronnie Woodbeck passed 3 tests and 1 prof. badge. Points were awarded for each test and badge passed and Ray Hermiston had 187 points and Ronnie Woodbeck 180 points; the two highest can each buy \$5.00 worth of goods from the Boy Scout Catalogue. Our camp was a Registered Boy Scout Camp. Art Jackson, Field Commissioner, inspected the camp site on Wednesday afternoon, July 12th and stayed for supper. He also instructed us in Woodcraft and Indian Sign Language.

"On Tuesday, July 11th we rowed the boats 3 miles up the lake to Bon Echo Rock, climbed the rock and picked huckleberries. Thursday, July 13th, Perdorky, Ray and Maurice went fishing in Buck Lake and the rest of the boys with Skipper hiked over to Loon Lake. We got caught in a thunder shower on the way home, but a resident invited us into his home till the

storm was over.

Friday, July 14th we hiked into Cloyne. Perdorky blistered his heel and the next day when we pulled the adhesive tape off a large piece of hide came with it, so the boys nailed his hide to the tent pole. Sunday, July 16th our last day in camp the parents came back for dinner. We all went down to the beach where Bob Palmer and Fred MacMurray each swam 20 yards. Neither boy could swim before camp. After dinner the cots were folded and the tents pulled down and everything was packed on Burton Woodbeck's truck. Skipper called the boys and parents up around the flag pole and Mr. Wells and Mr. MacMurray each presented their boys with the 2nd Class Scout Badge. Skipper then announced the winners of the points contest. The closing prayers were said, and the flag hauled down to close a very successful camp. Skipper

### Up A Tree

Billy Consaul's dog "Bing" freed him, John Skillcorn's rifle brought him down.

Where? T. A. Kerr's lawn. What? A fine plump porcupine.

### Different Story

The train was pulling out of the station when a young man threw his bag on the observation platform and swung himself up over the handrail. He stood panting as the train gathered speed. An elderly party said scornfully: "You young fellows don't keep yourselves in condition. When I was your age I could carry a cup of coffee in one hand, run half a mile and catch the 8.15 and still be fresh as a daisy."

"You don't understand, pop," said the young man, "I missed this train at the last station."

Now if it could only put floors and ceilings on the thermometer, what a wonderful government we'd have.

### Local Happenings of Interest About Town

Miss Diane Villetorte is spending a month at Camp Ouareau in Quebec.

Mr. W. J. Saarr attended the Liberal picnic at Presqu'île on Wednesday afternoon.

Mr. and Mrs. Harold Baker and family, of Pembroke, spent a couple of days at Oak Lake this week.

Messrs. Eric Davis and Gordon McLean, of Maple Leaf, spent last Tuesday evening at Wm. Vardy's.

Mr. and Mrs. Geo. Thompson and family, of Alliston, Ont., were guests this week of Mrs. J. B. Thompson.

Mr. and Mrs. Albert Marchant, of Oshawa, were week-end guests of David and Mrs. Luery.

Miss Kay McCrimmon, of Toronto, was a week-end guest at he home of Mr. and Mrs. J. S. Whitehead.

Mr. and Mrs. Earl Dafeo and Mr. and Mrs. Fred Donohoe, spent last week-end at Toronto, Wasaga Beach and Hamilton.

Mr. and Mrs. Wm. Vardy and family attended the celebration at Maple Leaf on Wednesday.

Misses Irene and Jacqueline Lapey, of Belleville, are visiting their grandparents, Mr. and Mrs. Walter Barker.

Mr. and Mrs. T. Claude Kerr, Ruth and John, of Toronto, were visitors with the former's parents, Mr. and Mrs. T. A. Kerr, "The Cedars."

Mr. and Mrs. Frank Linn and son, Gordon, have returned home after visiting the former's mother, Mrs. C. F. Linn.

Mrs. Clifford Quill and son, Murray, Pembroke, are spending a few weeks with his sister, Mrs. Wm. Vardy and Mr. Vardy and family.

Mrs. Hugh Morton and Mr. and Mrs. Grant Potter spent a few days last week at Lake Boshkung, with Mr.

and Mrs. J. G. Beatty.

Miss Alice Vardy spent a few days visiting relatives in and around Maynooth and Maple Leaf.

## Clarence Fitchett Chosen President Stirling Agricultural Society

**Weekly Meeting To Be  
Held Until Fair—Co-opera-  
tion of All Citizens Invited**

At a meeting of the Stirling Agricultural Society on Thursday night last, Clarence Fitchett was elected President, succeeding Ray Shortt, who had tendered his resignation after serving the society in this capacity for two years.

As a result of Mr. Fitchett's elevation to the President's Chair, Don Campbell becomes 1st Vice-President and Harold Dettlor was chosen for the office of 2nd Vice-President. E. D. Ketcheson is the Secretary and Ewart Bailey, Treasurer.

### Holding Weekly Meetings

Plans are already under way for the annual Fall Fair, September 15th and 16th, and weekly meetings will be held on each Tuesday from now until Fair time. President Fitchett and his executive are asking the co-operation of the citizens of Stirling and Community in their efforts to make Stirling Fair bigger and better in 1950 and invite all interested in the Fair to attend their weekly meetings. Any assistance or suggestions as to how to better the Fair will be gladly accepted and greatly appreciated.

### To Canvass For Donations

At a meeting of the directors on Tuesday plans were made for the annual canvass for donations in support of the Fair and teams were chosen to cover the various districts as follows:

Stirling Village — Chas. Vance and Chas. Davidson.

Mount Pleasant District — Kenneth Weaver and Carleton Potts.

River Valley District — Fred McDonnell and H. Morrow.

Harold District — Ewart Bailey and E. D. Ketcheson.

Springbrook District — V. Heath and Ray Shortt.

Tractor Rodeo  
A feature of the programme will be the Tractor Rodeo sponsored by the Hastings County Junior Farmers. The various committees are active and expectations are that this year's Fair will be the best Stirling has seen in many years.

## Harold O'Brien Dies

Harold O'Brien, who was born in Tyndinaga township, the son of the late Mr. and Mrs. William O'Brien, died in St. Mary's Hospital, Niagara Falls, N.Y., on Tuesday. He was in failing health for some time. In religion he was a member of St. Mary's Roman Catholic Church, Niagara Falls where he lived for some years.

Surviving him are his wife, the former Mary Agnes McGrath of Stirling; three sisters, Mrs. Gordon Craig, of Belleville, Mrs. Philip McAvoy, Ivanhoe, and Mrs. Eugene McAvoy, Stirling; three brothers, William O'Brien and Bernard O'Brien, both of Belleville, and Stanley O'Brien, of Sarnia.

## Hostess To Past Grands' Club

The Past Grand's Club of Laurel Rebekah Lodge held their regular meeting on July 19th at the home of Sister Marion Heath with Sister Evelyn Bailey co-hostess.

The roll call was answered by each member and visitor telling their birth place. The next meeting will be at the home of Sister Gladys Elliott on August 16th, with Sisters Marion Heath and Evelyn Bailey programme committee.

The members were invited to a picnic supper at Sister Ethel Sandercock's cottage on July 26th. Sisters Duffin and Malnes arranged the following programme:

Community singing by Sister Mildred Morrow, musical stories and contests; Piano solo, by Donald Heath; solo, by Linda Ann Morrow; reading, and contest by Sister Duffin; reading by Sister Malnes and games by Sisters Edith Utman and Evelyn Bailey.

The meeting closed with the National Anthem. The co-hostess then served a delicious lunch on the lawn of salads, jellies, ice cream, cake and cold drinks.

Sister Effie Bailey moved a hearty vote of thanks to the co-hostesses for their hospitality and lovely lunch.

## Cars Damaged In Collision

Considerable property damage resulted when cars owned by William J. Donnan, of Napanee, and Gordon Tanner, Oak Hills, were in collision on Mill St. on Sunday afternoon. Both cars were proceeding east on Mill St. at the time of the accident and Tanner is alleged to have attempted to turn into a private driveway just as the Donnan car was about to pass him resulting in the collision. Constable S. Eggleton investigated the accident and the matter of damages was reported settled amicably.

## Legion Wins Over Marmora

Playing in Marmora on Monday night the Stirling Legionnaires defeated the homesters 10 to 4 in a district league fixture.

## Stirling Calf And Grain Clubs

The July meeting of the Stirling Calf Club and Grain Club was held at the farm of Mr. Geo. Sutherland, of Stirling, on Friday evening, July 21st. The meeting included the judging of two classes of Holsteins from Mr. Sutherland's farm, the answering of a quiz, the showing of two films. The films were particularly timely and interesting judging from the comments made by the members of the club. One was entitled "Safety On The Farm," which illustrated many points on safety rules to be carried out in farm work; the other entitled, "Early Start," showed the life and difficulties experienced by a young club member during his club year.

Those present were Gerald Bailey, Glen Brooks, Glen Parks, Geo. Cooke, Bobbie Donnan, Merle Moore, Basil Moore, Douglas Morton, Ralph Parks, Carl Reid, Murray Martin, and Bob Philip.

## Eleanor Johnson Weds G. Morrison

A quiet but pretty wedding was solemnized in the Parsonage of St. Paul's Church, Stirling, on Saturday, July 22nd, when Eleanor Doris, daughter of Mr. Harold Johnson, Stirling, and the late Mrs. Johnson, became the bride of Gerald Robert Morrison, son of Mr. and Mrs. Arthur Morrison, of Stirling. The ceremony was performed by the Rev. A. E. Baker and the wedding music was played by Mrs. Baker, who also sang, "I'll Walk Beside Thee," during the signing of the register.

Given in marriage by her father, the bride was radiant in a street length dress of pale blue sheer with white matching accessories. Her corsage was of sweet-heart roses and baby's breath.

Her only attendant was her sister, Joan, who wore pink sheer with white accessories and a corsage of Maid's Rapture roses and cornflower.

The bride's brother, Mr. Keith Johnson, was best man.

Following the ceremony the wedding party motored to the home of the bride's father, where a buffet luncheon was served to approximately 33 guests.

The bride's aunt, Mrs. Henry Farrell, of Trenton, received attired in a grey flowered dress with grey accessories, and a corsage of red roses. The groom's mother assisted, wearing a navy flowered dress with navy accessories and a corsage of Sweetheart Pinnoc roses.

The dining room was decorated with pink and white streamers and bells, with baskets of snow balls and mixed flowers. The wedding cake centred a small table with low bowls of sweets.

Out-of-town guests were present from Trenton, Hamilton and Bonarlaw.

Amid showers of confetti, rice and good wishes the happy couple left on a motor trip. On their return Mr. and Mrs. Morrison will reside in Stirling.

## FAREWELL PARTY FOR MRS. E. MOORE AT IVANHOE

Mrs. Edward Moore, of Santa Clara, California, who has spent the past two weeks visiting her parents, Mr. and Mrs. Reg. Haggerty, has returned to her home.

Prior to her departure a farewell party was given in her honour, when a large number of friends and relatives gathered in Ivanhoe Town Hall on Friday evening.

Mr. Elmer Wood acted as chairman for the short musical programme. A humorous reading was given by Miss Margaret Wright. In the chairman's remarks he said, "since Betty had gone to California three years ago she had married and her many friends here welcomed this opportunity of meeting with her once again."

Mrs. Morris Thomlinson read an address mentioning the warm regard in which Mrs. Moore is held in her old home town, and expressing on behalf of the community best wishes for a long and happy married life. The presentation of a lovely silver tea service was made by Mrs. Wm. French.

Mrs. Moore in expressing her thanks and appreciation told something of her new home and surrounding country in Santa Clara Valley. All joined in singing "For She's A Jolly Good Fellow." After lunch was served a very enjoyable time was spent in square dancing and round dancing, with Mrs. Reg. Haggerty at the piano; guitar, Mr. M. Chapelle, and violin, J. Beaudrie.

## Installing Concrete Septic Tank

Workmen are engaged this week in the construction of a concrete septic tank at the local Post Office. The former one has been giving trouble for a lengthy period. A water-proof retaining wall along the sidewalk is also being constructed. The work is in charge of Herb Lummiss.

## Regatta At Crows Lake

Saturday next, July 29th, is the date of the big Regatta at Crows Lake. The programme will include speed boat races, with trophies for the winners of each class. Cash prizes will also be given for each race. There will also be a number of aquatic sporting events and plenty of fun for all. The Regatta is being sponsored by the Marmora District Chamber of Commerce.

## Local Happenings of Interest About Town

Mr. and Mrs. Don Irish spent the weekend with Mr. and Mrs. Joe Irish. Mrs. Dorothy Sullivan, of Toronto, was a supper guest on Wednesday of Mr. and Mrs. Frank Saries.

Mr. and Mrs. E. T. Ward spent Wednesday with Mr. and Mrs. J. Ward, Belleville.

Miss Nancy Prince, of Toronto, was a guest last week of Miss Evelyn Cooke.

Mrs. Jennie Donohoe returned home after spending a few days with Mr. and Mrs. Hugh Gray, at Ottawa.

Mrs. Arthur Pitcher and Nancy, of Montreal, are guests of the former's mother, Mrs. E. Foster, Mill St.

Mr. Jerry Marrin, of the Excelsior Life Insurance Co., Toronto, is spending this week with Jim Wright.

Miss Mamie McMillan, Alexandria was a guest last week at the home of Mr. and Mrs. Chas. Davidson and family.

Mrs. Clarence Clarke, of Peterboro, was renewing acquaintances in town on Tuesday of this week.

Recent visitors of Mrs. A. W. Andrews were Mr. and Mrs. Harold Arris, of Waterloo, Ont.

Mr. and Mrs. Ray Williams and Dorothy Ann, of Thistletown, spent Sunday with his mother, Mrs. R. H. Williams.

Mr. and Mrs. Stanley Eggleton and daughter, Gloria returned home last week after visiting the former's sister, Mrs. A. W. Andrews.

Mr. and Mrs. John Mathie, of Picton, Mr. and Mrs. Arnold Chase, Conseccon, were week-end guests of Mr. and Mrs. Claude Tucker.

Mrs. A. Harkness and Mr. and Mrs. W. Harkness and family, of Englehart, are guests of the former's daughter,

## CONTRACTOR BEGINS WORK ON PUBLIC SCHOOL

Excavation work has begun for the foundation of Stirling's new Public School. Work on the demolition of the toilets at the rear of the present building is also under way.

When completed the new school will be an ultra-modern six-room one-storey building together with playroom, teachers' room, principal's room, doctors' and nurses' examination room and wash rooms, and will accommodate two hundred pupils. The S. R. McCrory Construction Co. has the contract for \$119,066.

Top soil was scraped off the site on Monday and two large maple trees taken down but the actual excavation work did not begin until yesterday. This work is being done by Thompson Bros., of Campbellford.

There will be no basement in the building. Heating will be by oil and forced hot water.

## Son of Mr. and Mrs. C. W. Barnard Assists In Aid of Korea

Kadena Air Base, Okinawa — Staff Sergeant Frederick H. Barnard, son of Mr. and Mrs. C. W. Barnard, of Stirling, was recently placed on temporary duty from the 1811th Airways and Air Communications Service Group Headquarters to assist in the Air Aid Program to Korea.

A veteran of four years service with the Royal Canadian Air Force in World War II, during which time he received a field commission as a Pilot Officer, Sergeant Barnard enlisted in the United States Air Force in November, 1948.

Since his arrival on Okinawa he has served as a radio operator in the Group's Air Operations Flight Section. In this assignment he is responsible for the flight checking of the radio facilities and navigational aids which the 1811th AACGS Group furnishes to all aircraft in flight throughout the Guam, Okinawa, Philippine Island area.

Sergeant Barnard has taken an active part in the Island wide sports program and has pitched the 1811th AACGS "Sparks" to third position in the Minor Eight League.

## Flag At Mourning

The flag at the local Post Office has been at half mast over the weekend since the death of Mackenzie King.

## Awarded Contracts

Maurice Bell, local Painter and Decorator, has been awarded contracts for the interior decoration of Ivanhoe United Church and Springbrook United Church. He has also been engaged to do the partial interior decoration of Marmora Public School.

## Demonstration

Some twenty-four ladies were present at a demonstration of plastic ware at the home of Mrs. Everett Cooke, Ridge Road, on Monday evening. Mrs. Fred Heasman, of Stirling, was in charge of the demonstration.

## Has Operation

Miss Shirley Ackers underwent a tonsillectomy in Belleville General Hospital on Wednesday. Her condition is reported as favourably.

## Fire Brigade Gets Run

Stirling Fire Brigade had a run about 1 o'clock on Monday to quell a blaze in a barn at the rear of Harold Johnston's property, Front St. W. The blaze, which is said to have been caused by children playing with matches, started in the loft and charred the West wall and roof before being extinguished.

## Entertain Rebekahs At Summer Home

Over one hundred Belleville and Stirling Rebekahs, with their husbands, were entertained at the summer home of Mr. and Mrs. Elmer Sandercock, on the Trent River, yesterday afternoon and evening. Games, contests and bingo were enjoyed, and tables were set on the spacious lawn for supper. Prior to their departure all joined hands and, with Mr. and Mrs. Sandercock and family in the centre of a huge circle, sang, "For They Are Jolly Good Fellows."

## Tweed Legion Here Monday

Softball fans will see a thriller at the local Recreation Centre Monday night next, when Tweed Legion squad will provide the opposition for the local Legionnaires. Both teams are fighting for a play-off spot and will have their best squads on hand. This is a postponed game and will start at 7 p.m. sharp.

## Bowling Notes

Two rinks of Stirling Lady Bowlers are in Deseronto today competing in the "Triples" tournament. Those representing the local club are Mesdames D. Patterson, Earle Green, A. Fraser, R. Phillips, R. Burgess and Miss Grace Carleton.

### BOWL AT KINGSTON

Two pairs of Stirling bowlers attended the men's doubles tournament sponsored by the Kingston Lawn Bowling Club, on Saturday. Over fifty rinks took part. Those attending from here were Messrs. E. D. Ketcheson and W. T. Elliott, and F. R. Mallory and H. R. Tompkins.

### HOLD TROPHY

Mrs. Earle Green and F. R. Mallory are the present holders of the doubles trophy at the local bowling green, having defeated Miss Rosa Spry and A. Livingstone for the honours last week.

## Robert Barlow Died In Toronto

Robert Barlow, retired C.P.R. Conductor, died on Sunday, July 23, at his home, 177 Glendale Ave., Toronto.

He leaves to mourn his widow, the former Sarah Ann Curtis, two sons, Lawrence C. Barlow, of Detroit, and Homer Barlow, of Toronto, and one daughter, Miss Mariel Barlow, at home. Mrs. Barlow, of Bonarlaw, is a brother of the deceased.

The funeral service was held at the Turner & Porter Chapel Toronto, on Tuesday evening and interment in Maple Grove Cemetery, Havelock, Ont., on Wednesday afternoon at 2:30 p.m.

## Parking Offenders To Be Charged

**Resignation of Steve Armstrong, Caretaker, Accepted. C. Cain To Fill Out Year**

The parking problem in Stirling was the main item of discussion at a special meeting of Council held in the Council Chambers Tuesday night. Reeve Wells presided and Councillors Bailey, Bradshaw and Montgomery were in attendance.

It was pointed out that the North side of Front and Mill Streets have recently been marked off for angle parking and any parking on the South side of these streets makes it impossible for two motor vehicles to pass. It was also pointed out that Council has expended considerable money and time in providing public parking lots at the Corner of Church and Emily Streets, and at the rear of Hutton Hardware and Chas. Davidson's Feed Store and motorists should use them. All three are close to the shopping area and if they are used the parking problem should be eliminated.

Chief Constable S. Eggleton has been notified to prosecute all offenders after Friday, July 28th next.

**Resignation Accepted**  
The resignation of S. Armstrong as caretaker of the Community Hall, Fire Hall and dam was tabled and accepted and Clifford Cain was appointed to fill the position for the balance of the year at the same salary.

The matter of fill for the sewage disposal tank at the Wartime Housing Project on North St. was discussed and left in the hands of Reeve Wells.

## Band Concert Largely Attended

A large crowd of music lovers gathered at Coronation Park, on Sunday evening for the Band Concert by Stirling Citizens' Band. Bandmaster Maurice Bell handled the baton and the following programme was played:

O Canada; Invercarrell, March; The Matinee, March; O God Our Help In Ages Past; Onward Christian Soldiers; The Southland Melody; March, W.M.S.; Bliss Eternal, Dream Waltz; Our Director, March; The Bondman, Overture; National Emblem, March; Abide With Me and The King.

## Died In Detroit

Mrs. Lewis Rodgers received word on Thursday last of the death of a cousin, Wellington J. McGee, in Detroit, Mich., on July 11th. The late Mr. McGee was a son of the late Daniel McGee and Jessie Cooke. He was born in Tweed 63 years ago and was educated in Tweed Public and High Schools. He leaves to mourn his wife and two sons, James and Wallace McGee; one sister, Mrs. Mabel Curran, Detroit, also survives.

## Dr. R. Vandervoort Addresses Rotary

Stirling Rotarians heard an interesting and instructive address on the care of teeth at their weekly dinner meeting on Tuesday. Dr. R. Vandervoort, local dentist, was the speaker and showed a number of slides to illustrate his subject.

Further plans were also made for the Rotary Street Fair to be held on Wednesday, August 23rd.

**Attend Conference**  
Dr. Wm. Cornett, President, and Geo. B. Noble, Secretary, of the Stirling Rotary Club are attending a district conference in Whitby today (Thursday).

## COMING EVENTS

**RESERVE THURS. AFTERNOON.**  
August 10th, for Mount Pleasant United Church Garden Party at the Church. Salvation Army Band in attendance. 39-1

**SALE OF HOME COOKING FRIDAY.**  
July 28th, from 1.30 to 4.00 p.m., at Bird's Beach, Oak Lake, auspices Red Group Carmel W.A. 39-1

**PICTON'S GOLD CUP REGATTA**  
Picnic in Prince Edward County on Civic Holiday, Monday, August 7th and attend the annual speedboat regatta at Picton. It is the tenth annual international speedboat event and always a thriller. 38-3

## South Hastings-Northumberland Liberal Associations Hold Picnic

Speaking to a crowd of almost three thousand picnicers at Presqu'ile, the Hon. Stuart Garson, Minister of Justice, told his audience that he had left a meeting of the Cabinet in Ottawa to fly here, and assured his listeners that the present conflict in Korea while serious, gives no cause for alarm at the present moment.

The occasion was a joint picnic of Northumberland and South Hastings Liberal Associations held on Wednesday. A public address system had been set up to convey the speeches to every part of the spacious picnic grounds. Hundreds sat in their cars to listen, as a protection against the chill wind.

The picnic opened with a baseball game between No. 6 R.D., R.C.A.F. and a Colborne team, the score being 5-4 in favour of 6 R.D. Race and contest winners received generous prizes donated by merchants and well-wishers from various parts of the two ridings. A special prize for the oldest lady present was won by Mrs. John Barry, of Colborne, whose age is ninety-one, and Mr. Delanty, Cobourg, was the oldest man present.

The Trenton Lions Club Band furnished music throughout the afternoon, and at the supper hour, while clowns amused the young and old alike.

Mr. Irving McGaughey, President of South Hastings made the address of welcome to the visitors, and wished for all an enjoyable time. Dr. Robertson, M.P., and Mr. Frank Follwell, M.P., gave only short addresses. Senator Fraser introduced the guest speakers, and Mr. Walter Thompson, M.P., for Ontario South, told the audience that the reason he wore no hat was because he had thrown it into the ring for the leadership of the Provincial Party. Mr. Thompson is a native of Northumberland County, for which he still holds some esteem.

At seven o'clock the softball game was called between Spottless Cleaners girls' of Trenton and Grafton, the Trenton girls winning.

Mr. Grant Quick, proprietor of the summer hotel at the park gave a banquet for the honoured guests at which twenty-five people sat down to a sumptuous repast in the lovely dining room.

Mr. Leonard Gordon, President of miles long.

Northumberland Liberal Association tendered the vote of thanks to the Hon. Stuart Garson at the close of his speech in the afternoon.

The Minister said in part, "In the present war of ideas, victory ultimately must go to the side which is able to occupy with its thoughts, the minds of the greatest number of able human beings. The best way to do this, he continued, is to demonstrate in practice that with freedom the whole body of the people are better off both materially and spiritually. In order to do this, we who have enjoyed freedom and know its value, are under the absolute responsibility to do everything that can be done to make a free society work."

"The issue on this occasion, he said, is, as in World War II, a conflict between two sets of political ideas. It seems a great pity — a tragedy — that millions should be slain in an effort to determine which of two methods of production and distribution of the material wealth is the right method, when, having been conceived by human beings, neither method is absolutely correct and perfect."

Turning to Dominion-Provincial relations, Mr. Garson said, "the constitutional conference now under way and the later Dominion-Provincial conference on fiscal relations are examples of the ever increasing co-operation in the national interests in many fields."

More than a thousand children received free tickets for ice cream cones and soft drinks. The Brighton and Colborne W.L.A. served supper to the ball players and the band.

There are now more than forty breeders banded together in the Ontario Red Polled Cattle Association. The Canadian National Exhibition, Aug. 25th to Sept. 9th, has included the breed in its competitions for the first time. Bred for beef as well as for dairy products, the Red Poll is expected to prove popular with spectators and exhibitors.

Canada is a leading producer and exporter of copper.

Hamilton River in Labrador is 600 miles long.

## Mackenzie King Former Premier Died Saturday

William Lyon Mackenzie King, Prime Minister of Canada for a longer period than any statesman ever directed the destiny of a Commonwealth country, died at his country home of Kingsmere 10 miles north of Ottawa on Saturday evening. He was in his 76th year.

In precarious health for some months past, Mr. King had successfully overcome attacks of pneumonia and other ailments since his retirement. His health had seemed to improve when in June he was able to leave his year-round home Laurier House for his beloved "Moorside" at Kingsmere. But he was stricken with acute pneumonia on Thursday and failed to rally.

Farm, field, garden and dairy will be represented by their finest products at the Canadian National Exhibition in Toronto Aug. 25th to Sept. 9th. The C.N.E. agricultural show has no superior. The great Live Stock Parade, which has become an outstanding feature of the C.N.E., will be held this year on Wednesday, Sept. 6th. It is a brilliant display of champions.

After the Great Lakes the largest Lake in the Dominion is Great Bear in the North West Territories.

You can stay out of trouble by staying in your own traffic lane.

## Injured Chest In 3-Car Crash

Ken Lummis, 2 Ridley St., Belleville, was taken to Belleville General Hospital late Wednesday night with an injured chest after being involved in a three-car smash-up just east of Trenton.

George A. Meyers, R.R. 7, Trenton, travelling east on the Belleville-Trenton highway, had stopped to let a passenger out while another car driven by Gerald McNally, 14 Perdue St., Westport, Ont., slowed down behind him. McNally heard the scream of brakes behind him and tried to move ahead but the car in which Lummis was, slid into him and shoved his car against the first car driven by Meyers. Lummis was released from Hospital later.

## Bateman Family Reunion Held At Tweed Park

One hundred and twenty-five members of the Bateman family enjoyed their annual picnic at Tweed Memorial Park Wednesday afternoon of last week. Dinner was served at noon and many remained for the evening meal.

During the afternoon, relatives from far and near enjoyed visiting one another, while the "young fry" took part in the fine programme provided by executive. Guessing contests, running races and bingo resulted in a busy time. The beautiful prizes for the bingo were donated by Walker Hardware, of Belleville.

Kenneth Bateman, of Eldorado, succeeds Dr. J. H. Bateman, of Belleville, as President, and Mrs. Laurison Ketcheson (Margaret Bateman), of Holloway, formerly of Tweed, was re-elected secretary-treasurer. The prize awarded to the eldest person attending the picnic was won by Mrs. Joseph Bateman, of Belleville, who is 84. Four months' old Dorian Bateman, son of Mr. and Mrs. Burrell Bateman, Eldorado, was the youngest in attendance at the event. Mr. and Mrs. William Bates with their five children, won the prize for the largest family present. Mrs. E. Moore, of Santa Clara, California, easily won the honor of coming the longest distance.

Members of the Bateman clan were present from Belleville, Toronto, Stirling, Madoc, Eldorado, Holloway, Trenton, Napanee and neighboring communities.

## Ask For New Tenders For Belleville School

After a five months' stalemate between city council and the Belleville school board during which time the construction of a proposed new public school in East Belleville has been delayed, the Belleville Board of Education at a special meeting Friday evening voted to call for new tenders for the school's construction.

Accordingly the school board will instruct its architect to call for new tenders on a slightly revised specification, tenders to close Friday, August 11th.

Construction of the proposed new school has been a moot question between city council and the school board since last March, when the board awarded the contract for the building of the structure to the second lowest tender. The lowest tender submitted by the McFarland Construction Company was for \$219,000, while the second tender from The St. Lawrence Contracting Company of Belleville, was for roughly \$23,000 over that figure.

## Arm Amputated After Crash

Gerald Hill, R. R. 1, Codrington, had his left forearm amputated after a car accident Sunday night on Highway 7, two miles east of Havelock.

Hill, father of three children, was driving along the highway with them and his wife when he came into side-swipe collision with a car driven by George Roderick Cameron, Toronto.

The world's softball championship will be contested at the Canadian National Exhibition this year. The flood-lighting system has been further improved and games will take place afternoon and evening. The sport programme will also include track and field, archery, swimming, water skiing, bait and fly casting, rowing and sculling, canoeing, yachting and other activities.

It's true that "speed kills." But it's also true that really slow drivers breed speeders among other drivers who itch to get past. The man who drives too fast, or too slowly, is like the soldier who said that everyone was out of step but himself.

## In the Field and In the Home MODERN EQUIPMENT Makes Easy Work of Harvesting

The ease, speed and economy of harvesting nowadays typifies the change in farming that has come with new and better equipment.

Through progress in implement engineering the burden of farm work has been transferred from muscles to machines—with decided advantages physically, socially and economically to those engaged in agriculture.

Latest machines like the Massey-Harris self-propelled combine have established a new appreciation of the importance of mechanization and a realization that farming with modern power machines is easier and more profitable.

## St. Paul's-Carmel Silver Jubilee Year Briefs

(By Rev. A. E. Baker, U.E.)

Miss Margaret Brooks received her "Cross and Crown" attendance pins for six months unbroken record at Carmel last Sunday.

A great and silent tribute is paid to the farmers of Sidney and Rawdon whose quiet fields each Lord's Day are evidences of men who "Remember The Sabbath Day To Keep It Holy." Surely these God-honouring men will prosper.

Mrs. Wm. Wilkins' lovely voice was heard in "Open The Gates of The Temple," at St. Paul's last Sunday.

St. Paul's Choir is doing credit to itself and giving leadership to the congregation in its work and attendance at Summer services.

The possibility of a Junior Choir at Carmel will be explored when the Fall work begins.

Mrs. Maurice Bell who is in charge of costumes for the "Gypsy Rover" is grateful for gifts of old lace and materials suitable for Gypsy costumes of the period of George III. If you have any material such as old lace curtains please send it to Mrs. Bell. Over one hundred dollars worth of piece goods in gay and many colors have already been purchased for this presentation.

The Finance Committee of a certain Baptist Church wished to send a letter to all church members before the annual every member canvass. They decided it must be different from those previously used and this is what they sent out:

"Billy and His Pa"

Billy — "Who was that man Pa?"  
Pa — "That was a man from our Church, Billy."

Billy — "What was that little package he wanted to give you?"

Pa — "That was something about Church work."

Billy — "What was it about Church work Pa?"

Pa — "Oh! Something about money."

Billy — "Does the Church have bills for coal, lights, water, gas like we do?"

Pa — "Yes, and they have to pay a Pastor, a janitor and for insurance and give money to Missions too."

Billy — "That must take a lot of money. How can a Church get money?"

Pa — "Oh, the people give it. Is that all you want to know?"

Billy — "Did that man want you to give money, Pa?"

Pa — "Well, you would make a fine lawyer. We Church members are to give each week."

Billy — "Do you give any?"

Pa — "Oh say, I've got a headache."

Billy — "Maybe them envelopes had headache powders in them."

Pa — "No, they didn't have anything in them."

Billy — "Was you mad at that man Pa?"

Pa — "What in the world makes you think that?"

Billy — "I thought you looked mad and the man wanted to pray. Was that cause you was mad?"

Pa — "I didn't say I was mad."

Billy — "Well, I bet he wanted to pray for your headache."

Pa — "Now Billy will you hush or take a whipping?"

Billy — "I'm agona hush. But I sure hope he gets enough money to keep the Church. For if they ain't no Church, then they won't be no Sunday School. I like to go to Sunday School."

Pa (Leaning out the window) — "There goes that man now. You run out now Billy and tell him I want to see him."

Billy — "And tell him you ain't mad now Pa."

Pa — "No, just tell him to come in again. I want to see him." (Billy makes a quick trip).

Pa — "What did he say, Billy?"

Billy — "He said all right. He guessed the Lord answered his prayer already. He said soon as he made one more call he'd come here."

Pa — "He said all right. He guessed the Lord answered his prayer already. He said soon as he made one more call he'd come here."

Pa — "He said all right. He guessed the Lord answered his prayer already. He said soon as he made one more call he'd come here."

Pa — "He said all right. He guessed the Lord answered his prayer already. He said soon as he made one more call he'd come here."

Pa — "He said all right. He guessed the Lord answered his prayer already. He said soon as he made one more call he'd come here."

Pa — "He said all right. He guessed the Lord answered his prayer already. He said soon as he made one more call he'd come here."

Pa — "He said all right. He guessed the Lord answered his prayer already. He said soon as he made one more call he'd come here."

Pa — "He said all right. He guessed the Lord answered his prayer already. He said soon as he made one more call he'd come here."

that a professional florist would envy.

Mr. John Cozens, noted Anglican Layman has graciously donated a dozen copies of an Anthem arrangement of the "Star Spangled Banner," for St. Paul's Choir.

In lieu of Sunday School during August a season of praise will be held Sunday mornings before church for all choristers and all who love sacred praise.

Enrolment for the Royal Stirling Junior Choir should be made now. A full year of choral training is open to all boys and girls under sixteen years of age who begin to attend rehearsals in September. Junior High School as well as younger boys and girls in Public Schools.

Rev. and Mrs. Baker will be away from August 17th to 25th. Major the Rev. J. W. Oliver will be in residence and supply the work on Sunday, August 20th.

Late summer and early autumn flowers and foliage in gorgeous variety will be on view in the Horticultural Building at the Canadian National Exhibition, Aug. 25th to Sept. 9th. The Toronto Parks Department has outdone itself this year in landscaping the great 350 acre park. The famous Rose Garden has reached new heights of beauty.

Forty bands and between 30,000 and 40,000 war veterans of both sexes will march to the Canadian National Exhibition this year on Warriors' Day, Saturday, Aug. 26th. All defense services will be represented and the American Legion will send picturesque detachments from various centres in the northern states.

The Grandstand at the Canadian National Exhibition accommodates 25,000 spectators. It was entirely sold out for the nightly performances in 1948 and 1949. With Danny Kaye featured in the production by Leon Leonidoff and judging by the seat reservations to date, fourteen performances will play to capacity again this year from Aug. 25th to Sept. 9th.

The big grandstand show at the Canadian National Exhibition this year is under the direction of Leon Leonidoff, erstwhile Torontonian now in charge of dance numbers at New York's Radio City. The show will feature the world-famous entertainer Danny Kaye. The extravaganza runs from opening to closing of the Exhibition, August 25th to September 9th.

An innovation in the junior agricultural department programme at the C.N.E. this year is the farm machinery test. Contestants will be asked to detect and name up to ten faulty adjustments in a two-furrow, pull-type plow hitched to a tractor and supposedly ready for sod plowing but purposely faulted beforehand.

A man likes to have it said that his baby looks like him, but he gets angry if told he resembles the baby.

## Restful Vacation

Part of a restful vacation is restful driving — something that's not easy to get in holiday traffic. Often though, tiring, irritating driving is really brought on by your own attitude: you think you're in a hurry to get somewhere . . . But, are you, really? The Department of Highways points out that more restful — and safer — vacation trips are experienced by drivers who make up their minds to take it easy. It costs less, too, to run your car along at a steady pace, and actually you get there just about as soon. Patience is more than a virtue — patience pays.

If you want more miles per gallon of gas, drive fewer miles per hour . . . you'll get there almost as soon.

## Mrs. V. Matthews Hostess To St. Andrew's W.M.S.

The July meeting of St. Andrew's W.M.S. was held at the home of Mrs. Vernon Matthews on Tuesday evening last. The splendid attendance was most gratifying.

Mrs. Chas. Fargey presided over the devotional part of the meeting. After the reading of the Scripture Lesson, Mrs. Fargey led the meeting in prayer.

On this our year of anniversary our hearts should be filled with gratitude. We should advance upon our knees. By prayer we may take hold of God's goodness. By prayer we are made stronger. Mrs. Fargey reviewed the work being done by vans in Northern Alberta and Saskatchewan.

Mrs. Blanche Reid took charge of the offering. It is hoped that each member in the Society will strive to do her best in the second half of the year. Our share for the Bible Society was presented.

Mrs. Matthews conducted the second part of the programme. Carol Fargey gave a reading, "The Do Without Box;" Mrs. Clarke Rodgers sang a solo, "My Saviour's Love." Mrs. Eva McGee gave the topic, "Our Heritage and Our Faith." The slogan of the Presbyterian Church "Never Say Die," goes back thousands of years to the time when Moses was in exile. While he was watching his sheep he saw fire flaming in a thorn bush. The bush burned but was not consumed. Down through the years the Church of Scotland has only been able to stand fast through the heroic efforts of such men as John Calvin and John Knox. The flames burned and martyrs gave their lives in flood and in fire but the bush was not consumed.

After the singing of a hymn the meeting was closed by all repeating

Superb Flavour!

# "SALADA" VACUUM-SEALED COFFEE

together the Mizpah Benediction. Mrs. L. Rodgers staged an interesting Missionary contest. Mrs. Matthews assisted by Mrs. L. Rodgers served a very dainty lunch.

All enjoyed a time of fellowship. Mrs. Clarke Rodgers on behalf of the meeting expressed the appreciation to Mrs. Matthews and Mrs. L. Rodgers for this very helpful meeting.

## FARM IMPLEMENTS Trucks and Tractors

### MAY BE IN SHORT SUPPLY THIS FALL

These are most essential in the operation of any farm and may be secured now. DONT wait until Fall because all signs point to a scarcity this Fall — ACT AT ONCE.

# DON'T Take A Chance

### WITH YOUR CAR

Be sure your car or truck or pick-up is mechanically safe. Our service department is fully equipped to find those defects in your car and remedy them. Don't let your carelessness about motor vehicle repairs make you an accident casualty.

## This IS the time to think about it!

Just look at these four reasons for filling your coal bin

### RIGHT NOW!

- Coal costs you less during the summer.
- You're sure of your supply for the winter.
- Your coal is delivered dry.
- You avoid the headache of a last minute rush.

## And you can afford to do it now!

If you can repay in nine easy monthly instalments or less, without being too hard on your budget, the B of M will be glad to lend you the money.

This also provides another good reason for stocking up now . . . You can get in all your coal in one single delivery if you desire. That means less trouble and less dirt.

Drop in at your local B of M branch as soon as convenient and talk it over. Make sure of your coal supply in good time.

WORKING WITH CANADIANS IN EVERY WALK OF LIFE SINCE 1817

FAST FREIGHT

The most modern freight yard in North America, the Canadian Pacific Railway's new \$12,000,000 St. Luc "hump retarder" freight terminal at Montreal, which will speed movement of goods through that busy seaport and railway centre, was officially opened July 6th by Canada's Minister of Transport, the Hon. Lionel Chevrier, K.C. (right of inset), shown as he inspects the retarder controls for the yard with N. R. Crump (left), vice-president, Canadian Pacific Railway, and J. O. Asselin (centre), President, executive council, City of Montreal. The main view shows the classifica-

tion yard from the crest of the hump, depicting cars in motion down the hump and showing the car retarders in the foreground. Moving down the hump under the force of gravity, the cars are electrically switched and braked, coming to a stop in their predetermined position in the classification yard. The Canadian Pacific was the first road in North America to adopt the automatic switching principle. The yard also boasts such modern railroading innovations as an under-track inspection pit to enable all rolling stock passing through the yard to be examined for defects; an

automatic track weighing scale that weighs cars in three-and-a-half seconds while they are in motion down the hump; 37-stall enginehouse equipped with direct steaming apparatus to eliminate smoke; and 100-foot towers with floodlights and placed at strategic points for night operations. In all, over 75 miles of track capable of holding 4869 cars were required for the terminal, which actually is a series of three operational yards with other auxiliary yards and which measures over three-and-a-half miles in length and over a square mile in area.

We extend congratulations to Mr. and Mrs. Fred Heasman on the arrival of a granddaughter.

### Canadian Cow Is First Holstein With Two 1200 Pound Records

A cow in the herd of Albert Seiling, Elmira, Ont., has just completed her second yearly production record of over 1200 lbs. fat, thus becoming the first Holstein in the world to complete on official test, two records, each above 1200 lbs. fat on three times-a-day milking. In fact she is the first Holstein in Canada to twice exceed the 1200 lb. mark regardless of times milked daily. This cow is named Seiling Royal Wing and her latest record was made as a nine-year-old when she produced in 365 days on three times-a-day milking, 28,714 lbs. milk containing 1215 lbs. fat, average test 4.23 per cent butterfat. As a seven-year-old she produced in 365 days on three times-a-day milking, 28,505 lbs. milk containing 1219 lbs. fat, average test 4.28 per cent butterfat. These two individual records are the fifth and sixth largest for fat ever made in Canada in the class.

According to Mr. Seiling, heavy production hasn't harmed "Royal Wing," as she still looks like a four-year-old and when she freshens again this coming September, should be ready to make another outstanding record.

One of the unusual things about "Royal Wing" is the evenness of her last two production records. During her first 1200 lb. lactation, her highest day was 109.5 lbs. while during her second 1200 lactation, her best day was 109 lbs. In the former case, she had 33 days over 100 lbs. production and in the latter, 27 over 100 lbs. while at the finish of her first 1200 lb. record, she was milking 63 lbs. daily and at the end of her second 1200 lb. lactation, 65 lbs. daily. During her latest record, she had 14 official butterfat tests, ranging from an even 4.0 per cent to 4.8 per cent, for an average of 4.3 per cent.

"Wing" is a medium size cow, weighing approximately 1400 lbs. and is a first class individual having been classified as "Very Good," the second highest obtainable rating for conformation. During the making of her recent record she was in charge of herdsman Joe Gorel, who milked her by hand. She received the same treatment as the rest of the herd but had the luxury of a box stall which is standard practice for heavy producers at Seiling Farms.

"Royal Wing" has a 365 day record as a five-year-old on twice-a-day milking of 849 lbs. fat from 20,898 lbs. milk, average test 4.06 per cent butterfat and a 305 day record as a four-year-old on twice-a-day milking of 14,626 lbs.

"Royal Wing" is now in calf to her own son Seiling Pet Commander.

### Most Cars Stolen Have Keys In Them

Nine out of ten stolen cars have had the key left in the lock, reports T. E. Murphy in the August Reader's Digest. Police records show that among the 400 or more cars stolen daily in the United States, 90 per cent were left on the street with the key in, "all set to go." Law-enforcement authorities are almost unanimous in believing that auto thefts could be virtually ended if the public were aware of this temptation to car thieves, and acted accordingly.

Murphy's article, condensed from the Hartford Courant Magazine, says most stolen cars are taken by youngsters. Of 19,000 persons arrested last year for auto theft, more than half were under 21, about 3,500 were under 18, and 343 were less than 15 years old. All had the same story: "I wouldn't have thought of it if I hadn't seen the key in the car."

Although many laws bar ignition keys in unattended cars, such laws are largely ignored. Illustrating how strict enforcement can reduce automobile thefts is the case of Decatur, Ill. In 1945, alarmed by an epidemic of car stealings, Decatur's authorities decided to enforce a law that had been "lying dormant on the books." Forty-one persons were arrested in the first two months for leaving keys in their cars. In the following six months not a car was stolen in the city.

Other municipalities have reduced car thefts not by enacting laws but by educating the public, through warning signs and booklets, on the danger of leaving a parked car with a key in it.

### Municipal Board Lowers By-Law Fees

The Ontario Municipal Board has revised its fees for hearing on money by-laws. A saving, dependent on the number and size of money by-laws sent for approval, will result to Trenton.

Present fee on money by-laws is \$1 per hundred approved. This has been cut about two-thirds. Saving on a \$1,000,000 debenture issue would be about \$650.00

### Pre-Cooling Soft Fruits

High summer temperatures at time of picking are very hard on soft fruits such as berries, cherries, apricots, peaches and plums. Unlike apples and oranges, which remain firm for a reasonable time after picking, berries and stone fruits deteriorate rapidly.

Horticulturists of the Department of Agriculture point out that even when these fruits are being picked for a local market, no time should be lost in getting them from the heat of the field, at least into a cool basement. Where more distant marketing is involved, the fruit should be pre-cooled with artificial refrigeration to check over-ripening before loading into refrigerated cars. This can be done by stacking the fruit loosely in an insulated room and by means of a fan, circulating a large volume of air through a bunker of ice. An alternate method is a cold air diffuser unit in the room operating under mechanical refrigeration.

Under either system, depending on volume of air circulation, method of

stacking, temperature of air and amount of fruit in storage, field heat of fruit may be reduced to a temperature of 45 degrees within 8 to 24 hours.

Fruit pre-cooled in this way and loaded into an iced refrigerator car can travel satisfactorily for several days. To obtain full benefit from pre-cooling, soft fruits should be held under refrigeration at point of distribution until sold.

## Former Stirling Boy Critically Wounded As Aftermath of O.P.P. Search For Bandits

Innocent victim of a police bullet, Gerald Scott, 23, employee on a hydro project in the Algonquin Park district, lies critically wounded in Toronto General Hospital as aftermath of a provincial police search for two men who had held up a woman taxi driver near Huntsville.

The shooting took place early Thursday morning near Killarney Lodge in Algonquin Park when police mistook Scott's car for the one believed to have been driven by the hold-up men at Huntsville and fired a shot which pierced the trunk of the Scott car and ripped through into Scott's back.

The wounded man was rushed by police cruiser to Huntsville from where he was taken to Toronto in an ambulance. His condition at the Toronto hospital is said to be serious.

**Had Attended Dance**  
It is reported that Scott, a sub-foreman with a hydro gang working in the Whitney district, had attended a dance with Pamela Bulreuil, a waitress at Killarney Lodge. After the dance the couple had parked along Highway 60 when their car was spotted by officers in a provincial police cruiser stopped near the entrance to the Lodge.

The police drove down the highway and turned their spotlight into the parked car when Scott, thinking it was some of his friends playing a prank, is reported to have started his motor and moved away. His car had gone only a few lengths when the shot rang out.

The bullet split as it went through the metal of the car and after passing through the upholstery of both rear and front seats lodged in Scott's back. The pieces were removed in an emergency operation at the hospital.

**Collapsed on Highway**  
Scott was able to stop the car but after getting out onto the highway as the officers approached collapsed onto the roadway.

The father of the wounded man, Mr. Jack Scott, of R.R. 2, Frankford, formerly of Stirling, said his son had later told him that he had heard no command to stop. He had thought the spotlight had been a prank on the part of some of his friends.

The two officers in the police car were reported to have been J. Williams, of Pembroke and O.P.P. Kerwin, from the Killarney detachment. The officers had been stationed at a roadblock near Lake of Two Rivers on Highway 60 at the time of the inci-

dent. Police said the Scott car was the same make, model and color as the wanted vehicle.

But the father of the wounded boy is critical of the police action in the matter following the incident. The shooting took place about 2.30 Thursday a.m., but Mr. Scott was not informed until after ten o'clock — then not by police but through the proprietor of Killarney Lodge who telephoned him.

**Had Identification**  
"As a hydro employee my son would have had full identification on his person so there would be no question of identity," Mr. Scott said.

Mr. Scott said that police had declined to tell him which of the two officers in the police cruiser had actually fired the shot.

"The police have nothing against my son," Mr. Scott said. "There was no liquor in the car and they tell me he is not being charged with any infraction of the traffic act."

The father explained his son's parked car through a request of the proprietor of the Killarney Lodge that escorts of female help to the Lodge do not drive in to the Lodge late at night for fear of disturbing the guests.

The Scott car was said to have been parked only a short distance from the entrance to the Lodge. —Ontario Intelligencer.

## What Others Say I

### A MATTER OF PROMOTIONS WRECKED WINDSOR PLANT

(From the Toronto Financial Post)

One of the most shocking cases of irresponsible, short-sighted and stupid union leadership is the strike of 50 office workers at CIL's (Canadian Industries) Windsor plant.

The plant produces chlorine, caustic soda, ammonia and salt. The operation is a continuous process. Shut down for more than six hours, the 3,300 cells in the system deteriorate and can no longer be trusted to operate safely.

Unions controlling transport in and out of the plant agreed to respect the office workers' picket lines.

Because of the dangerous nature of the operation, the continuous process had to be stopped. Now, regardless of how soon the union settles, it will cost \$250,000 to \$400,000 to rebuild

the plant and it will be about two years before production can get back to normal.

All these facts about the gravity of a stoppage were clearly put to the union leadership.

And what was the cause of this deliberate sabotage?

Nothing but this minor and silly demand:

The office workers' boss demanded that pay increases be made on the basis of seniority, not of merit.

What but a weak or upset mentality would want to substitute seniority for merit as the basis of reward? Who with any sense of personal dignity would want to work in a place where merit was unrewarded and where age and mediocrity took control? CIL is to be commended for its courage in defending the rights of its employees and for the refusing to co-operate in a plot to shackle and degrade them.

### THE DISTRACTED FATHER

(Simcoe Reformer)

While awaiting the arrival of his first-born in the hospital, a Northern Ontario father was making rather a nuisance of himself. We get this story from a correspondent up there. "Fretting, fuming and asking questions, getting into everyone's way, the prospective father came under the eye of the doctor who said to the nurse, 'You better get him out of here. Tell him to bring some water or something.'"

Well that was as good as anything, so the nurse put him to carrying water from an outside pump. As fast as he would bring it to the door she would take it, dump it into the sink and send him quickly for more. This kept him busy until the baby was born and this took quite a while.

A week later when the happy father heard that a friend was also soon to become a proud father, said to him, "Let me know when the time comes, and I'll come and help you carry the water. It's too much of a job for one man."

### FOR SMALL INCOMES

(Owen Sound Sun-Times)

Owen Sound is showing the way to other Canadian communities in correcting one of the most glaring evils of the time — lack of moderately priced living accommodation for old age pensioners, widows drawing mother's allowances and war pensioners.

A well-conceived adequately financed and generally attractive plan has been drawn up for the construction of five apartment houses, each to contain eight apartments, in which citizens coming under the above categories (and others, if sufficient accommodation is available) may live at rents

ranging from \$22.00 to around \$26.00 a month.

### PUT AWAY CHILDISH THINGS

A man's car is, to some extent, his castle, and we suppose that he can do in it pretty much as he pleases. But when a man's castle whizzes along a busy street or a highway, public safety demands that he should have the clearest possible view of the traffic. He cannot command such a view if his windshield is ornamented with one or more jiggling mascots, wobbling birdies, bounding dollies or palisaded monkeys. And if he is so devoted to these ornaments that he puts them on his rear window as well, he has gone too far, and should be recalled to reason.

The Saskatoon Star Phoenix has protested against what it calls "away-ing doodads." The Financial Post strikes out at what it describes as "windshield puppet-shows." We are glad to add our voice to theirs. If a man likes toys, let him enrich his house with toys to his heart's content. But when he becomes a motorist, let him put away childish things. —Peterborough Examiner.

## Miss A. Buckingham Wins Scholarship

Miss Agnes Buckingham, daughter of Mr. and Mrs. R. H. Buckingham, of Hanover, is among the 45 graduate nurses who won more than \$34,000 in scholarships awarded by the Victorian Order of Nurses.

The scholarships, worth \$750 each, are given annually for postgraduate training in public health nursing to prepare nurses for position with the VON.

Scholarship winners will take post-graduate courses in several Canadian universities, among them, the Universities of Montreal, Western Ontario, Toronto, British Columbia, McGill, Queen's and McMaster.

Miss Buckingham will attend the University of Toronto.

Miss Buckingham was born in Stirling, and is a granddaughter of the late Dr. and Mrs. Frank Zwick.

## Recovers Fishing Rod After Year In Oak Lake

Sandra MacDonald, of Frankford, lost her fishing rod and Trent Valley Reel last year at Oak Lake. Last week Prof. H. Bissonette, Hartford, Conn., was fishing around that same area and fished up the lost rod, line and reel on his anchor line.

The equipment has been returned to its owner and is apparently suffering little effect from its year under water.

## Ontario Masonry's Membership Peak

The membership peak of 116,998 reached in 1930 by the Grand Lodge, A.F. & A.M., in Ontario, has been exceeded, according to the grand secretary's report presented at the 95th annual communication.

An all-time high of 119,556 members has been achieved by the Grand Lodge in Ontario, said Grand Secretary E. G. Dixon. In 1950 to-date there were 156 more initiations than in the same period last year, 78 fewer suspensions and 30 fewer deaths.

## Taking It Easy

For most of us vacations come but once a year. For too many of us this means we have to crowd a year's recreation into a couple of weeks. Generally speaking, the body is not enthused about this idea and may object violently if we try to cram too much activity into a too-short "rest" period. Make sure you come back to work rested . . . not in need of a holiday to recuperate from your holiday.

## Accept Gadgets For Signalling On Cars

Owners of the small English cars who may have worried whether their signalling gadgets are legal may rest easy.

Those little lighted arms that pop out when the driver presses a button or pushes a switch in the proper direction have been approved by the Department of Highways.

The Highway Traffic Act calls upon "the driver or operator of a vehicle who is about to turn to 'give a signal plainly visible to the driver or operator of . . . other vehicle (s) of the intention to make such movement.'"

Then it says: "The signal required . . . shall be given either by means of the hand and arm in the manner herein specified or by a mechanical or

electrical signal device which has been approved by the Department.

These quotes are taken from the traffic act as amended in 1948. A supplement brought out last year approved the signal arms on British cars.

## Where Your Income Tax Goes

Taxes from everybody in Canada earning up to \$3,000 a year amount to \$26,791,000.

The salaries of the employees of the Income Tax branch amount to \$26,924,932.

That means that more than 2,012,000 people in Canada pay taxes simply to pay the salaries of the tax-gatherers.

Four "leap-frogging" motor boats that criss-cross in mid air will offer a brand new thrill on the Canadian National Exhibition aquatic programme this year. There appears to be no limit to the daring of the drivers of these spectacular craft. Of course all the other thrillers with the "Ex" water carnival will be there, too. The stunters perform every day "wind and water permitting."

Here's another new wrinkle at the Canadian National Exhibition which will be of particular interest to beef and dairy farmers. Beef and dairy cattle will be judged a week apart. Dairy cattle must be in place on Monday, Aug. 28th. They will be judged on Wednesday and Thursday and removed on Saturday, Sept. 2nd. Beef cattle must be on hand by 9 a.m. on Monday, Sept. 4th. Shorthorns will be judged that day. Hereford and Aberdeen-Angus, Sept. 5th, fat cattle Sept. 6th. This will allow a continuous showing of cattle while cutting the waiting period for both groups.

'X' marks the spot . . . where 57 people were killed in Ontario last year. 'X' doesn't mark just one spot; it marks many similar spots, wherever a street or highway crosses a railway track, — places where your life de-

## Days of Canadian National Exhibition

POTATO BUG  
ALMOST EXTINGUISHED

The famous "Potato-Bug," known officially as the Colorado Potato Beetle, is almost a thing of the past in Ontario, experts of the Crops Branch, Ontario Department of Agriculture, state.

In fact parts of the province, especially some northern areas, have never known of the pest, although it was common in older parts of the province until recent years.

There was a time, experts point out, when children on the farm had the after-school or holiday job of either picking the bugs or applying Paris Green to the plants.

However, since the advent of efficient power sprayers and more modern chemicals, control of the potato bug is the least of potato growers' worries. In fact it is now possible to go over hundreds of acres of potatoes without finding one.

However, officials of the Crops Branch point out that modern pests are flea beetles, aphids and leaf hoppers, as well as virus, bacterial and fungus diseases and blight, scab and other afflictions. And they are said to be just as troublesome if not treated early in the season.

ENTRIES IN  
POTATO CONTEST

More than 300 Ontario potato growers have this year made entries as contestants in Ontario 500 Bushel Per Acre or High Yield Potato Clubs. Centres from which entries have come include Algoma, Cochrane, Dufferin, Durham, Ontario, Parry Sound, Peel, Rainy River, South Simcoe, North Simcoe, Sudbury, Thunder Bay and York.

The contests are organized as projects of local branches of the Ontario Crop Improvement Association with the objective of raising yields, improving quality and reducing costs per unit, in the growing of Ontario potatoes.

Growers who produce more than 300 bushels per acre and have more than three acres of one variety, are eligible to enter the Championship Contest for the province. Final awards are based on yield and marketable tubers per acre, dry matter, cooking quality test and an exhibit of one bushel at the Royal Winter Fair in November.

First prize is \$250 in cash plus a handsome trophy. Ten prizes in all are awarded each year.

POULTRY AND LIVESTOCK  
CONFERENCE AT O.A.C.

Poultry and livestock men from all parts of Ontario gathered at the Ontario Agricultural College this week for the annual Provincial Poultry and Livestock Conference. Meetings opened Monday, July 24th, and concluded

July 27th.

Poultry breeders met Monday afternoon with the annual meeting of the Ontario Approved Hatcheries' Association on Tuesday morning. Both sessions were in the Poultry Building of the O.A.C.

General sessions opened in Memorial Hall on Tuesday at 2:00 p.m. and with the exception of a session in the Meat Laboratory on Wednesday afternoon, all meetings were in Memorial Hall.

Speakers heard included Paul Zumbro, of Beltsville, Maryland; Dr. N. E. Gibbons, National Research Council, and S. C. Barry, Dominion Department of Agriculture, both from Ottawa; Prof. S. J. Slinger, Ontario Agricultural College; S. Bird, Central Experimental Farm, Ottawa; Dr. F. R. Beaudette, Rutgers University, New Jersey, U.S.A., who will speak on "Infectious Bronchitis and Newcastle Disease;" Prof. F. H. Margolf, Pennsylvania State College; Dr. H. L. Patterson, Director, Farm Economics Branch, Ontario Department of Agriculture; Dr. A. L. MacNabb, Ontario Veterinary College, and many others.

Twenty livestock and poultry organizations co-operated in arrangements for the conference when a wide variety of problems affecting livestock and poultry breeding, feeding, treatment of disease, and caring for birds and animals were discussed by experts in the United States and Canada.

A banquet was held Wednesday evening at Creelman Hall.

GASTON RAMSON, DISCOVERER  
OF ANATOXINS,  
WILL VISIT CANADA

Word has been received that Dr. Gaston Ramson, President of the Office International des Epizooties, will be in Montreal in September to take part in the joint meeting of the Canadian Veterinary Medical Association and the College of Veterinary Surgeons of the Province of Quebec. This national meeting will be held in the Windsor Hotel on September 7th, 8th and 9th. Some 600 delegates from all parts of Canada and from other countries are expected to attend.

Dr. Ramson is famous for his remarkable studies on the phenomena of immunity. A veterinarian, he has held the post of Assistant-Director of the Pasteur Institute, Paris; he is known as the discoverer of the anatoxins. Before Dr. Ramson's discovery, vaccination against bacteria was possible but not against their toxins and it is he who succeeded in developing a method enabling the use of such toxins in immunization against diphtheria and tetanus. As we know, there were no cases of tetanus in the armed forces during the last war, although this terrible disease claimed a great many lives during the First World War.

Dr. Ramson also discovered a well known method of flocculation for the titration of sera and toxins. To Dr. Ramson science is also indebted for his discovery of the principle of the adjuvants in immunity. This discovery has helped to improve the methods of vaccination.

The Office International des Epizooties, of which Dr. Ramson is President, is an organized body co-ordinating all the measures pertaining to the fight against contagious diseases in animals in the various countries of the world. Dr. Ramson is a member of the Academy of Science and of the Academy of Medicine, Paris, and has been given the title of Grand Officer of the Legion d'Honneur.

It will not be Dr. Ramson's first visit to Canada. He came to the University of Toronto in 1926 to help in setting up the production of anatoxins in the country. Canada was the first country after France to apply vaccination on a large scale against diphtheria according to the method developed by Dr. Ramson.

Reflecting the higher cost of transporting, maintaining and showing livestock, the Canadian National Exhibition, Aug. 25-Sept. 9, has increased the prize offering for cattle by twenty per cent. Sheep, swine and some horse classes have been awarded a 10% increase in prizes.

Every automobile accident has one thing in common with every other: some person caused it... and could just as easily prevented it. To avoid becoming one of the victims, make sure your car is in safe condition; then drive "defensively" — as if all other drivers were unpredictable (some of them are).

Pete Declares War  
On Duck's Enemies

by Pete McGillen in Toronto Telegram

Under the Migratory Birds Act, the Great Blue Heron, commonly called the crane is protected. I am convinced this bird is a brigand and a robber, and not entitled to one iota of protection or consideration. Perhaps the bird-watchers and the ornithologists will raise their eyebrows at this statement, but I have damaging evidence to convict this scoundrel. I was at a small inland lake a month ago, and was watching a wood duck swim among the stumps with four ducklings trailing her in a line. Beside a large partially submerged stump stood a Great Blue Heron, as motionless as the stump itself. The duck swam by, so did the first duckling, but when the second duckling came along, the heron, with lightning speed, speared the duck with its pointed beak. The mother duck turned and flew at the heron, almost upsetting it, but the heron took off in its awkward way and flew low across the marshy bay to a dead log. Here it stopped in full view of my glass and proceeded to eat the duckling. In the meantime the wood duck cruised around her three little ones nuzzling each with her bill to see that they were safe. Dr. Alan Secord, and Fred Richardson, both prominent in the Toronto Anglers and Hunters, were with me, and saw the whole performance. We took turns using a 20-power telescope to watch this tragedy of the wild, and if that blue heron had been within range of a .22 rifle, he wouldn't have eaten any more ducks. Time and again I have heard sportsmen, both anglers and hunters, berate this great shore bird, and condemn it as a vandal. I took a dim view of their rantings but now I'm strictly against the so-called crane.

It is generally accepted that the Great Blue Heron is a trout killer of the first magnitude. Many anglers have cursed this bird in September as they watched it stand in the sandy shallows at the headwaters of a stream, or on the gravel bars in a lake and gobble one trout after another, as they swam in to spawn. I remember, one fall, Provincial Corporal Lloyd McClure telling me that he stood on a bridge on Highway 28 and counted 13 small speckled trout disappear into the stomach of a busy Great Blue Heron.

That brings up another point. What right have Canadian duck hunters to sit back and expect good duck shooting this fall? What have they done to ensure that there will be sufficient ducks on the wing? They rant and roar and cuss everyone from Hon. Harold Scott to the market hunters of Mexico. In the meantime the snapping turtles, crows, pike, muskrats, skunks, raccoons, and snakes, not to mention the foxes and hawks, are whittling the duck population. Surely duck hunters know that a mallard hatching 14 ducks in a turtle infested lake is lucky if she is able to bring two of them to maturity. I have seen a duckling disappear before my eyes, and on investigation found it had been taken by a big snapping turtle. During June I sent seven huge snappers to the happy hunting grounds with well-placed .22 bullets as they laid eggs on sandy hills and shores. Last Saturday my son Frank and myself downed seven crows and missed as many more. The crow population is showing no signs of diminishing. In fact I think most bird watchers will agree the black pirates are increasing in number. The watchers of the flyways on which the crows migrate south will state emphatically that last year produced the greatest migration in years, and that didn't include the ones that wintered in Canada. Crows are egg-eaters, as are the muskrats and the raccoons and the skunks. Isn't it time we stopped listening to those people who scream that the crow and the Great Blue Heron rate protection? I wonder if they know what they are talking about? Certainly their opinions are not shared by the people who spend most of their time out of doors and who are in intimate contact with wild things and who know how cruel Nature can be.

These hundreds of rod and gun clubs, yes and the gun clubs as well, should get busy this month and reduce the crow population. Hold contests and declare war on the snapping turtles and the crows. They organize rabbit drives in the fall, a practice that is frowned on by most hunters, so let them justify their existence as organized clubs by reducing the predators and thus give the ducks a fighting chance. There isn't a game bird in Canada that has as many enemies as the duck. They are on the ground, in the air and under the water. It's no wonder the duck population is dwindling.

Unusual Contest  
At Can. N. Ex.

If you've always wanted to give advice to the lovelorn or help solve tricky domestic problems, then the new CNE Quinary competition, Sept. 7th, with top prize of \$25.00, is just the thing for you.

Close to 100, both men and women, have already entered this unusual contest in which, given certain circumstances, you are asked, what would you do? Problems will be those of everyday living — will involve husbands, wives, guests, children, dogs, delivery boys, even how to get a raise out of the boss.

Ten minutes will be given to choose and ponder the problem, two minutes to present your answer. Most sensible

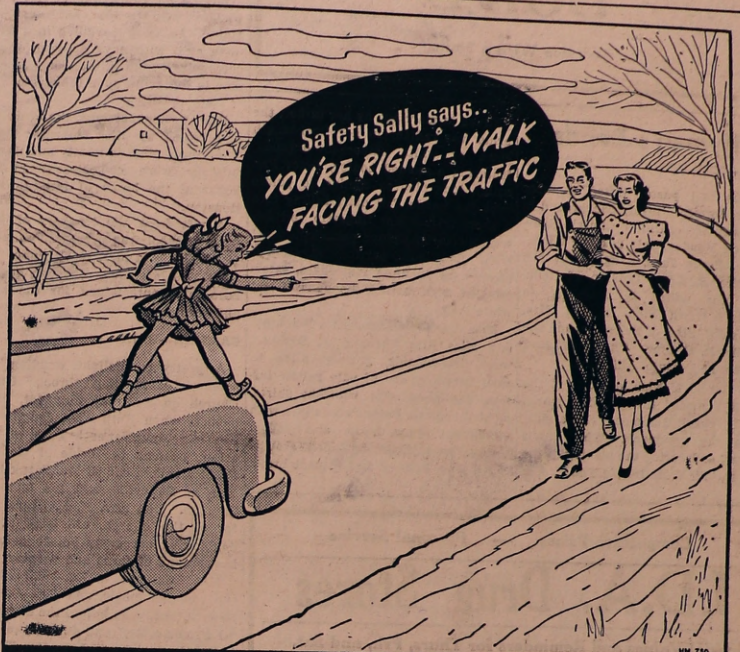

solutions will win the money prizes. Entry forms are available by writing the Women's Division, CNE, Toronto, with Aug 14th set at the deadline.

Two Norwood Men  
Injured In Crash

William H. Banon, of Hastings and Glen Taylor, of Norwood, received head injuries and lacerations and were rendered unconscious for a while as the sedan in which they were travelling east on No. 7 Highway on Saturday afternoon crashed into an air ment of Highways which was stationary about a quarter of a mile east of W. D. Lavender's service station, Marmora.

A number of innovations have been arranged for the National Horse Show, Sept. 1st to 9th, at the Canadian National Exhibition. Equine aristocrats in all breeds and classes will be seen in the capacious Coliseum.

Visitors to the Canadian National Exhibition have come to expect the finest bands of Europe and America. Organizations of seventy to ninety bandsmen have been heard in the great bandshell. This year's offering is the magnificent band of the United States Army Air Force with the unprecedented total of one hundred and ten musicians. It combines four dance bands, a symphony orchestra, a military band and a glee club. Certainly there will be no lack of variety. The band will appear every afternoon and evening.

There's only one right way for a pedestrian to walk. ON THE LEFT SIDE OF THE ROAD AND FACING THE TRAFFIC. Step quickly aside when danger threatens.

SINE—COULTER

Lilies and pastel tinted Summer flowers formed a lovely background in Holloway Street United Church, Belleville, on Monday, July 24th, at 2 p.m., when Alberta June, daughter of Mr. and Mrs. R. Grant Coulter, of Belleville, was united in marriage to Reginald Garth Sine, son of Mrs. Reginald C. Sine, of Belleville, and the late Mr. R. C. Sine. The Rev. Lloyd Shorten, of Toronto, officiated.

Mr. Harold McNish, organist of the church, provided the wedding music, and Mr. Frank Tummon, soloist, sang before the ceremony, "The Lord's Prayer," and during the signing of the register, "I'll Walk Beside You."

Given in marriage by her father, the bride was radiant in her floor-length gown of white embroidered organdy, featuring a molded bodice, Peter Pan collar, long sleeves coming to points over the hands, full skirt falling into a short train. Her fingertip veil fell from a smartly shaped poke with pearl trim, and she carried a shower bouquet of Johanna Hill roses, intermingled with maline, stephanotis and white lilies.

Miss Marjorie Branscomb, Brighton, and Miss Rita Christie, of Foxboro, were bridesmaids, gowned alike in floor length gowns of pale yellow taffeta, fashioned with bouffant skirts, molded bodices, Peter Pan collars with matching yellow mitts, and yellow picture hats, featuring open crowns edged with folds of transparent braid.

Both carried baskets of yellow roses with cascades of mauve sweetpeas. Little Patti Tummon, niece of the bridegroom, was flower girl, demure in her floor length frock of pale green, hand-embroidered organdy. She carried an old fashioned nosegay of yellow roses and mauve sweetpeas.

Mr. Robert Cooke, of Windsor, was groomsmen and Mr. Raymond Coulter, Belleville, brother of the bride, and Mr. Gerald Heagle, of Stirling, were ushers.

The reception was held in the church parlors, where the bride's mother, wearing a street length two-piece navy silk ensemble with white accessories and corsage of Rubin lilies, assisted by the bridegroom's mother, who wore a street length gown of brown figured silk with brown accessories, and corsage of roses, received the guests.

Later, the young couple left for a wedding trip to the east coast and Maine, the bride travelling in a white linen suit, with navy accessories and corsage of Rubin lilies. They will reside in Belleville upon their return.

Prior to her marriage, the bride was entertained by Miss Margaret Hillis. The Misses Phyllis Beatty and Sandra Gilmore were co-hostesses in her honor at the home of Mrs. Dorland Houston.

A gift from the teachers of Pine Street School was presented at a tea at the home of Mrs. E. Fairman.

Mr. and Mrs. Gene Spencer, of Foxboro, also entertained for the bride and groom.

### CAMKEN—BAIN

A pretty candlelight wedding was solemnized in Springbrook United Church on Saturday July 1st, at 12 o'clock, when Ruth Ann, daughter of Mr. and Mrs. Kenneth Bain, of Bonarlaw, became the bride of Kenneth Frank Camken son of Mr. Frank Camken, of Belleville, and the late Mrs. Camken. The Rev. H. E. Beare, pastor of the church, officiated at the double-ring ceremony before a lovely background of ferns and peonies.

Mrs. Florence McKeown rendered the wedding music, and Mrs. Carman Sine, soloist, sang before the ceremony "O Promise Me," and during the signing of the register "I Love You Truly."

The bride, who was given in marriage by her father, wore an exquisite gown of white eyelet nylon over white satin, featuring a molded bodice buttoned down the back, nylon yoke with neckline outlined with pearls, long, tight-fitting sleeves ending in flared points over the hands. The full skirt fell gracefully into a full length train. Her full length veil of embroidered silk, tulle illusion fell from a pearl encrusted halo, and she carried a cascade bouquet of red roses.

Miss Alma Vartanian, of New York, was maid of honor, wearing a pale blue satin gown featuring net panels and jacket. Her shoulder length veil fell from a matching cap of blue satin. She wore matching gloves and carried a cascade bouquet of pink roses, white carnations and blue delphiniums.

The two bridesmaids, Miss Mary Melroy and Miss Frances Schreider, both of Belleville, wore similar gowns of organdy, the former in pink and the latter in mauve with matching picture hats and gloves. They carried similar cascade bouquets to that of the maid of honour.

Mr. James Strong, of Ottawa, was groomsmen, Mr. John Connell, Belleville, brother of the bride, and Mr. Fred Heasman, of Toronto, were ushers.

Following the ceremony, the reception was held in Springbrook Orange Hall, where the bride's mother, gowned in navy sheer with white accessories, and wearing a corsage of white gardenias and carnations, assisted by the bridegroom's sister, Mrs. Ralph Bowerman, of Toronto, who wore pale blue taffeta with white accessories and corsage of white carnations and blue delphiniums, received with the bridal party.

For the wedding trip to New York City, the bride chose a pale blue ensemble with white and navy accessories and shoulder corsage of white baby orchids. Upon their return Mr. and Mrs. Camken will reside in Belleville.

Guests from a distance included Mr. and Mrs. Wm. Vogan, Mr. and Mrs. Wallace Ketcheson, Miss Betty Boyd, Mr. and Mrs. E. J. Wilson, Mr. Ralph Bowerman, all of Toronto; Mr. Fred Miles, Capreol, Mr. and Mrs. Ralph Bangay, Brighton; and Mr. Harold Rummals, of Kingston, Ont.

Those who entertained the bride, prior to her marriage, were Mrs. Dorothy Bremner, and Mrs. Ed. Schreider, both of Belleville, and Mrs. Hiram Mumby, of Springbrook, Ont.

### J. G. Demeza Named Assistant Superintendent At School For Deaf

The Minister of Education announces the appointment of J. G. Demeza, Superintendent of Public Schools, Teck Township, Kirkland Lake, as Assistant Superintendent of the Ontario School for the Deaf, Belleville, effective September 1, 1950. Mr. Demeza, an experienced teacher and administrator, will be given opportunity, before assuming his new duties, to study various methods used in the education of the deaf in Great Britain and in the United States.

Mr. Demeza received his elementary secondary and normal school training in North Bay. Graduate of Queen's University, he holds the degree of Bachelor of Pedagogy from the University of Toronto. Before his appointment as Superintendent of the Public Schools in Kirkland Lake, Mr. Demeza was Principal of Tweedsmuir Public School, West Ferris.

man Sunday night.

Mr. and Mrs. Dalton Way and daughter, Janet, of Peterborough, were week-end guests of Mr. and Mrs. Guy Bradshaw at their cottage, Oak Lake.

Mr. and Mrs. Jack Bush, Mr. Ernest Rosebush, Mrs. Philip Conley and Mrs. H. Hulin attended the funeral of the late Mr. Manley Rosebush in Oshawa on Tuesday.

Mr. and Mrs. Wilfred Tufts, of San Francisco, California, Mr. and Mrs. Stanley Tufts and Linda, of Perth, were dinner guests on Tuesday of Mr. and Mrs. Oliver Stapley.

Mr. and Mrs. Alf Dault and Sharon returned from Montreal and are holidaying with the latter's mother, Mrs. Jennie Donohoe.

Misses Marie Jones, Doreen MacMurray, Ivan Eggleton and Doug Ackers visited the Thousand Islands and Watertown, N.Y., on Sunday.

Recent callers at the home of Mr. and Mrs. Frank Saries were Mrs. Lorne Stapley and daughter Eleanor, of Stirling, and Mr. and Mrs. Frank Dickens, of Belleville.

Mr. and Mrs. Wm. Jefferies, Mr. and Mrs. Geo. A. Jefferies and daughter, Gloria; Mr. and Mrs. Bruce O'Neill and daughters and Miss Beverly Prince, of Toronto, and Mrs. Grant Stapley, of Stirling, were Sunday guests of Mr. and Mrs. Everett Cooke.

Mrs. Gardner Alcombrack accompanied by her granddaughter, Mrs. Mike Palmer and Mr. Palmer, of Adams, New York, were guests on Sunday of the former's sister-in-law Mrs. Arthur Hulin and Mr. Hulin. Other guests

were Mrs. Herb Bush, River Valley; Mrs. Geo. Snider, Trenton, and Mr. and Mrs. Chas. Bennett, of Frankford.

Mrs. Wm. Haggerty and Mrs. Perry Palmer have returned home after a trip to Potsdam, N.Y., where they visited her daughter, Mrs. Lillian Sweet and family, thence to Montreal, which was a beautiful drive. From there they went to Syracuse to W. V. Haggerty's summer cottage at Skaneateles Lake, where they spent a week, returning by way of Watertown, Clayton and Ives Lea Bridge.
